Return Reference	Explanation
Part X, Line 2	The Company has received a determination letter from the Internal Revenue Service stating that it qualifies for tax-exempt status under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the financial statements. Tax-exempt organizations could be required to record an obligation for income taxes as the result of a tax position they have historically taken on various tax exposure items including unrelated business income or tax status. Under guidance issued by the Financial Accounting Standards Board (FASB), assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold, based upon the technical merits of the position. Estimated interest and penalties, if applicable, related to uncertain tax positions are included as a component of income tax expense. The Company has evaluated the positions taken on its filed tax returns. The Company has concluded no uncertain income tax positions exist at September 30, 2014 or 2013. The Company's tax years after 2010 are open and subject to examination.
