Grantmaker's Description of How Grants are Used	The Foundation engages in philanthropic activities to support the mission and purposes of Lifespan Corporation and certain of its affiliates. During the year ended September 30, 2014, the Foundation made temporarily restricted net asset transfers to specified health care programs of Lifespan affiliates. A master database of the Foundation's temporarily restricted funds is maintained as the primary source for identifying each fund's restriction, the availability of the current balance, and the authorized personnel for the respective fund. The database contains the fund's name, primary reporting department, most recent month end balance, fund purpose/restriction, and the management responsible for the fund. Expenditures (purchase requisitions, work order requisitions, check requests, and employee reimbursements) from the Foundation's temporarily restricted funds must be presented to the Lifespan Finance Department for approval prior to processing. Each request is reviewed to ensure the availability of funds and that the expense/purchase is both in conformity with the fund's restriction and approved by the required levels of authorized personnel referenced in the database.
