| PART X, LINE 2 - FIN 48 FOOTNOTE                                          | Accounting principles generally accepted in the United States of America require that management of an organization evaluate tax positions taken by the organization and disclose a tax liability if it is more likely than not that the position will not be sustained upon examination by the Internal Revenue Service. Management has analyzed the Society's tax positions and has concluded that as of September 30, 2014, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Society is subject to routine audits by taxing jurisdictions, however, there are currently no audits in progress for any tax periods. |
