PART V LINE 4: For emergency or College Success Program funding.

PART X LINE 2:

The Organization has adopted the accounting standard on accounting for uncertainty in income taxes, which prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken, or expected to be taken, in a tax return and requires the affirmative evaluation that is more-likely-than-not, based on the technical merits of a tax position, than an organization is entitled to economic benefits resulting from tax positions taken in income tax returns. For tax exempt entities, favorable tax status itself is deemed to be an uncertainty, as events could potentially occur to jeopardize their tax-exempt status. If a tax position does not meet the more-likely-than-not recognition threshold, the benefit of that position is not recognized in the financial statements. This standard also requires the Organization to disclose additional quantitative and qualitative information in their financial statements about uncertain tax positions.

The Organization's evaluation on September 30, 2014 revealed no tax positions that would have a material impact on the financial statements.

Part XIII Supplemental Information *(continued)*

The 2010 through 2013 tax years remain subject to examination by the Internal Revenue Service. In addition, the tax years 2009 through 2013 remain subject to examination by the California Franchise Tax Board. The Organization does not believe that any reasonably possible changes will occur within the next twelve months that will have a material impact on the financial statements.
