**Part III Statement of Program Service Accomplishments**Check if Schedule O contains a response or note to any line in this Part III **1 Briefly describe the organization's mission**

"St Joseph Healthcare-committed to wellness promotion and holistic healing-provides healthcare services which embody compassion, competence and community" not just words, but a way of life - a noble statement of what we are, meticulously crafted after thoughtful consideration, study and examination of all the things we do, big and small, day and night, caring for our patients. These are the words we live by, each and every one of us who comprise the caring community of St Joseph Healthcare. We take our mission seriously. Those we serve depend on it. St Joseph Hospital provides quality medical healthcare regardless of race, creed, sex, national origin, handicap, age, sexual orientation or ability to pay. Although reimbursement for services rendered is critical to operation and stability, it is recognized that not all individuals possess the ability to purchase essential medical services and further that our mission is to serve the community with respect to providing healthcare services.

**2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ?** Yes  No

If "Yes," describe these new services on Schedule O

**3 Did the organization cease conducting, or make significant changes in how it conducts, any program services?** Yes  No

If "Yes," describe these changes on Schedule O

**4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported**

St Joseph Hospital provides quality medical healthcare for all people through direct patient care at various hospital and clinical locations. Although reimbursement for services rendered is critical to the operation and stability of St Joseph Hospital, it is recognized that not all individuals possess the ability to purchase essential medical services and further that our mission is to serve the community with respect to providing healthcare services and healthcare education. St Joseph Hospital provides care to persons covered by governmental programs at below cost. Recognizing its mission to the community, services are provided to both Medicare and Medicaid patients (continued on Schedule O). Charity care is also provided through many reduced price services and free programs offered throughout the year based upon activities and services which St Joseph Hospital believes will serve a bona fide community health need. For more information regarding the services and programs provided at St Joseph Hospital and Hospital's commitment to serve all members of the community please visit our website at [www.stjoeshealing.org](http://www.stjoeshealing.org) or contact the Public Affairs office at (207) 262-1720

Return Reference	Explanation
Part V, Line 4	Ensure the long-term financial viability of the Organization
Part X, Line 2	Covenant and its member organizations are considered not-for-profit corporations as described in Section 501(c)(3) of the Internal Revenue Code and are exempt from federal income taxes on related income pursuant to Section 501(a) of the Code, except as noted below. St. Joseph Hospital Corporate Services, Inc., a wholly-owned subsidiary of Nashua, is a for-profit organization, which is subject to federal and state income taxes. CHIL, a wholly-owned subsidiary, is subject to taxation in the Cayman Islands. No income taxes are levied in the Cayman Islands and CHIL has been granted an exemption for any taxes that might be introduced. Accordingly, no provision for income taxes has been made in the accompanying financial statements. Tax-exempt organizations could be required to record an obligation for income taxes as the result of a tax position they have historically taken on various tax exposure items including unrelated business income or tax status. Under guidance issued by the Financial Accounting Standards Board, assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold, based upon the technical merits of the position. Estimated interest and penalties, if applicable, related to uncertain tax positions are included as a component of income tax expense. The System has evaluated the position taken on its filed tax returns. The System has concluded no uncertain income tax positions exist at December 31, 2014. Under Internal Revenue Service regulations, the System's tax years from 2011 through 2014 are open and subject to examination.

Form and Line Reference	Explanation
St Joseph Hospital	Part V, Section B, Line 5 In addition to the survey results compiled from the general community and from the medical community, the Organization conducted focus interviews with fourteen social service and public health and safety organizations Bangor Area Homeless Shelter, Bangor Area Recovery Network, Bangor Fire Department, Bangor Police Department, Bangor Region Public Health and Wellness, Community Health and Counseling Services, Eastern Area Agency on Aging, Penobscot Community Health Center, Penobscot County Sheriff's Department, Penquis CAP, Rape Response Services, The Salvation Army, Spruce Run, and United Way of Eastern Maine This group of organizations was selected due to their involvement with the broader community as well as involvement with unique populations In total 24 individuals from these organizations were interviewed
St Joseph Hospital	Part V, Section B, Line 11 The prioritization of community health needs began by correlating data received from primary data sources (community survey, medical community survey and key informant focus interviews) This data was analyzed to ascertain the most prevalent community health needs noted from each constituent group Secondary data was then utilized to formulate a more comprehensive evaluation of the health need Once the individual identified health needs had sufficient secondary data, the information was evaluated to determine common themes among the three constituent groups Through this process five significant community health needs were identified These needs were then prioritized utilizing a point system relative to four components severity of health need (utilizing primary and secondary data sources), estimated feasibility and effectiveness of possible interventions, the level of importance the community, medical community and key informant focus interviews placed on the need (determined by listing within top three barriers to health or listing within top three most pressing health concerns), and synergy between two or more constituent groups relative to importance of health need The five community health needs in order of importance are weight management, affordability of health care services, meaningful health education, transportation, and substance abuse The implementation plan that was developed identifies a number of actions that St Joseph Hospital will take to address these health needs In areas where the Hospital does not have the required expertise or resources to address these needs, the implementation plan identifies actions that will provide support to other community organizations that are better able to address these needs Recognizing that there will be limited funds available to address the full list of community health needs, and recognizing that other agencies and organizations in the area had expertise or missions in these areas, there are a number of health needs that were identified by some respondents that are not included in the implementation strategy These include aging problems, cancer, child abuse/neglect, dental problems, domestic violence, infectious diseases, mental health problems, suicide, and teenage pregnancy
St Joseph Hospital	Part V, Section B, Line 22d Based on FAP eligibility, either 100% is written off or is subject to a sliding fee scale of which the payment rate is significantly discounted from the commercial payment rates
Schedule H, Part V, Section B, Line 8	The Community Health Needs Assessment was conducted in 2013, and in 2014 St Joseph Healthcare began addressing community health needs through the Implementation Strategy There were five areas of priority identified weight management, affordability of health care services, health education, transportation, and substance abuse In 2014, St Joseph Healthcare embarked on addressing these needs Notably, a multi-faceted community education program was developed to encourage an increase in physical activity, the adoption of a healthier lifestyle, and awareness of health conditions and disease management, a collaborative partnership was created with a Federally Qualified Health Center (PCHC) to ensure enrollment of community members within the Affordable Care Act marketplace insurance exchange - this partnership included community outreach, awareness and certified enrollment support throughout the community, an education session regarding available community transportation options was conducted with individuals who are responsible for scheduling the majority of patient encounters within St Joseph Healthcare - this allowed scheduling staff to ensure that patients would be made aware of transportation options so as not to delay health care services, and St Joseph Healthcare senior leaders were integral in the development of a Community Health Leadership Board in which leading health and social service organization leaders have joined together to begin addressing community health needs in a systematic and collaborative manner - the first area of focus is substance abuse and this area of focus will continue through 2015 The five areas of identified community health needs will continue to be addressed through St Joseph Healthcare's Implementation Strategy plan established for 2015
Schedule H, Part V, Section B, Line 16c & 16f	St Joseph Healthcare's Financial Assistance Policy (FAP) was designed and developed to serve as "a plain language" guide to the programs available for financial assistance and the qualification requirements

Form and Line Reference	Explanation
Part I, Line 6a	The community benefit report is based on the Catholic Health Association guidelines and utilizes the Association's CBISA software to record the benefits

Form and Line Reference	Explanation
Part I, Line 7	The cost-to-charge ratio was derived from Worksheet 2

Form and Line Reference	Explanation
Part I, Line 7, Column (f)	The Bad Debt expense included on Form 990, Part IX, Line 25, Column (A), but subtracted for purposes of calculating the percentage in this column is \$ 10,964,155

Form and Line Reference	Explanation
Part II, Community Building Activities	Community support consisted of maintaining a community vegetable stand, health and wellness educational programming for seniors, and staff resources to support community benefit efforts including data collection, data management and review of applicable community benefit activities

Form and Line Reference	Explanation
Part III, Line 2	Estimated cost of bad debt expense reported is derived from the accounting system using cost-to-charge ratios from the as-filed Medicare cost report

Form and Line Reference	Explanation
Part III, Line 3	The Hospital does not estimate any amount of bad debt expense is attributable to patients eligible under the Hospital's financial assistance policy

Form and Line Reference	Explanation
Part III, Line 4	Footnotes to the Organization's financial statements that describe bad debt expense are located on pages 15-17 of the attached financial statements

Form and Line Reference	Explanation
Part III, Line 8	Costs are from the accounting system using cost-to-charge ratios from the as-filed Medicare cost report, but none of these costs are being claimed as a community benefit in Part I, line 7

Form and Line Reference	Explanation
Part III, Line 9b	Our collection policy, R 019, does address patients who have benevolence. If they qualify for free care, then their balance is written off. If they qualify for cost share, then their balance follows the same billing and collection process as any other self-pay account.

Form and Line Reference	Explanation
Part VI, Line 2	The Hospital conducted a new Community Health Needs Assessment in 2013. This document will be utilized as a main source of information in directing activities to assist in improving the health of individuals with the Hospital's primary service area. The assessment conducted in 2013 provided useful information to assist in identifying and prioritizing community health needs. Data collection from a wide cross-section of individuals, including those who serve the poor and the marginalized has resulted in a listing of five areas of priority relative to community health needs. These five areas represent a synergistic awareness of these needs with a wide-array of community health needs assessment participants. In order of importance they are: Issues relative to weight management, issues relative to the affordability of health care services, issues relative to meaningful health education, issues relative to transportation, and issues relative to substance abuse.

Form and Line Reference	Explanation
Part VI, Line 3	Each inpatient receives a packet upon admission that includes a description of the Hospital's Benevolence (Free Care and Cost Share) Policy. If an inpatient has any questions during their stay, a patient ombudsman is available to assist. Signage is placed in all outpatient registration sites and applications are available. Staff is available to answer questions. Upon billing, included with the statement is a notification that free care and cost share is available, the poverty guidelines, and a telephone number for assistance. The Policy is also posted on the Hospital's website.

Form and Line Reference	Explanation
Part VI, Line 4	The Hospital's primary service area is Penobscot County which comprises the county seat and the third most populated city in the State of Maine Bangor (population 33,039 - Maine gov 2013 estimate) The County consists of a total area of 3,556 14 square miles Within the Hospital's primary service area of Penobscot County the southern and western regions of the County account for more than 50% of the inpatient admissions The Hospital's secondary service area includes the Penobscot County border communities such as the towns of Bucksport and Ellsworth (located in Hancock County), Milo and Dover-Foxcroft (located in Piscataquis County) and Winterport (located in Waldo County) The U S Census report estimates the 2012 population for Penobscot County as 153,746 , recognizes that 96 6% are white, 50 7% are female, 13 1% are 65 years of age or older, 13 7% are below the poverty level, and the median household income is \$42,206 In 2014, 57% of the hospital admissions were over 65 years of age

Form and Line Reference	Explanation
Part VI, Line 5	<p>The St Joseph Healthcare system is deeply committed to creating healthier communities and advocating on behalf of those who are disadvantaged and underserved. As a Catholic organization, it is the very core of the Catholic social teachings in which we gain inspiration and guidance for the continuation of the work that began in 1947 under the leadership of the Sisters of St. Felix of Cantalice - the Felician Sisters. The Felician Congregation founded, Blessed Mary Angela, was focused on the spiritual renewal of society through compassionate caring for the whole person-body, mind and spirit. It is from this philosophical foundation and with the continued direction, guidance and vision set forth by Covenant Health that St. Joseph Healthcare continues Jesus's healing ministry within the greater Bangor community. Through this ministry St. Joseph Healthcare has donated \$1,549,796 in dollars, goods, and services to the greater Bangor community and the global community. The employees' commitment to these various projects is true testament to the Organization being in communion with the Catholic Church and its social teachings. St. Joseph Healthcare has recognized its role in supporting human development and the development of healthy communities. One way in which St. Joseph Healthcare strives to support these activities is through the education of the next generation of health care leaders who will be called to continue the Catholic health care ministry. St. Joseph Healthcare assisted 17 aspiring physician assistants and assisted 105 students of nursing, including Bachelor level nurse degree programs, nurse practitioner training programs and nursing partnerships. St. Joseph Healthcare also provided health professional educational opportunities for 160 individuals. These opportunities represented individuals within one of the following health profession areas of study: emergency medical services, exercise science, health information management, medical technologist, medical assistant, nutrition services, pharmacy, physical therapy, and radiography. St. Joseph Healthcare recognizes the importance of enhanced training and educational opportunities for members of Emergency Medical Services organizations, including those within rural and volunteer EMS associations. St. Joseph Healthcare presented a day-long educational program to support EMS providers. St. Joseph Healthcare has provided community health improvement services and outreach to many within the greater Bangor community. As St. Joseph Healthcare is located in a rural area with limited public transportation options, patients are often in need of taxi service but find they are lacking funds to support this need. St. Joseph Healthcare has provided taxi vouchers to ensure patients with safe travel options. Literacy within the greater Bangor community can often affect an individual's ability to enroll in social service programs. St. Joseph Healthcare has provided application assistance to 41 individuals. The initiative to ensure that individuals gain access to the Affordable Care Act health insurance marketplace through enrollment has been a priority for St. Joseph Healthcare. The Organization recognized the need for individuals to receive personal assistance throughout the enrollment process, as such, the Organization took the step to obtain training for certified enrollment counselors. The Community Health Needs Assessment identified a need to educate the public on health and wellness opportunities. St. Joseph Healthcare created an on-line presence, Lighten Up St. Joseph. This program provides educational materials relative to weight loss, healthy living, and exercise and allows participants to set and track personal goals. Several initiatives were undertaken to support community health and wellness, these initiatives specifically focused on education of providers, health leaders, and community members. Initiatives focused around food security, human trafficking, sexual assault, and community health and wellness outreach through a public relations campaign titled Healthy Active Living in which educational materials, videos, and community sessions were provided to support community health improvement. The Spiritual Care Department actively provides spiritual support to patients and their family members. The Spiritual Care Department support extends to any member of the community who seeks assistance. In addition, the Spiritual Care Department implemented a 12-month bereavement outreach program in which family members are provided consistent bereavement support materials and opportunities for spiritual support through the grieving process. St. Joseph Healthcare supported the American Heart Association through fundraising assistance, community leadership and in-kind activities to enable increased education regarding cardiovascular health risks, and wellness opportunities within the greater Bangor community. Recognizing the threat of influenza in vulnerable populations, St. Joseph Healthcare provided educational materials and resources to the community to prevent the spread of the virus.</p>

Part VI, Line 5	<p>ions, St Joseph Healthcare provided flu vaccinations to health care students and community board members. In celebration of Hospital Week, children were invited to attend a teddy bear clinic in which the children were provided with education and access to medical professionals in a non-threatening environment. The Organization also arranged a fundraiser for the American Heart Association. St Joseph Healthcare supported the pulmonary support group, Better Breathers' Club. This group focuses on the education and lifestyle enhancement to improve pulmonary function. St Joseph Healthcare believes that a strong community requires strong partnerships with many different organizations that share a similar focus to improve the health and well-being of the greater Bangor community, with special emphasis on assisting the underserved and those marginalized by society. The Organization supported the American Red Cross through the coordination and facilitation of community blood drives. In recognition that there are many individuals who are struggling to afford prescription medications, the Organization provided complimentary prescription medications to a number of individuals. The Organization donated outdated supplies to a program which redistributes these items for use within developing countries. Support of the Kiwanis Club occurred through employee commitment to serving within this group and supporting public relations activities. St Joseph Healthcare provided laundry services for the Greater Bangor Area Homeless Shelter. Through this arrangement the Organization provided freshly laundered sheets and clean towels for every client. St Joseph Healthcare has supported the Maine Breast Cancer Coalition - an organization dedicated to advocacy, education and support services surrounding breast cancer. In recognizing that food security continues to be a significant challenge within the community, St Joseph Healthcare commits to providing and serving an evening meal once per month at the Greater Bangor Area Homeless Shelter and a noon-time meal at the Dorothy Day Salvation Army Soup Kitchen. The Nutrition Services Department made significant contributions through the donation of excess food and meals to community individuals and to community organizations. The Organization supports a rural school in Kingman, Maine through the creation of a program called "Support a Student" in which each student at the school has been paired with a department within the Organization and members of the department provided items of need for the student. This support includes providing school supplies, slippers, birthday presents and nourishment which is packed in each student's backpack on Friday afternoon to ensure nourishment throughout the weekend. In addition, the Organization has provided several on-site educational program events which included exercise activities, creative art activities and a healthy family meal. The Organization's CEO and other members of the Senior Leadership Team provided leadership and expertise to several different community organizations including Bangor Region Health Leadership Committee, Penquis CAP, Bangor Nursing and Rehab, Legislative connectivity gatherings, Chamber of Commerce, and the Maine Hospital Association among others. The Organization supported the United Way of Eastern Maine through the coordination of an internal employee campaign which encouraged and provided an opportunity for employees to support the efforts of the United Way. The Organization provided numerous community sponsorships to organizations that were focused on improving the health and well-being of the community at-large. These included contributions to Maine Discovery Museum, Wounded Warriors Project, Garden Club Foundation of Maine, Bangor Area Food Summit, Bangor Humane Society, Maine Army National Guard, St Mary's School, St Paul the Apostle Parish, Out of the Darkness suicide prevention, Boy Scouts of America, Catholic Charities of Maine.</p>

## INDEPENDENT AUDITORS' REPORT

The Board of Directors  
Covenant Health, Inc.

We have audited the accompanying consolidated financial statements of Covenant Health, Inc. and Subsidiaries, which comprise the consolidated balance sheets as of December 31, 2014 and 2013, and the related consolidated statements of operations, changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We did not audit the financial statements of Covenant Health Systems Insurance, Ltd., Souhegan Home and Hospice Care, Inc., St. Mary's Villa Nursing Home, Inc., and Mary Immaculate Residential Community, Inc. I – III, wholly-owned subsidiaries, which statements reflect total assets constituting 10% of consolidated total assets at December 31, 2014 and 2013, and total revenues constituting 4% of consolidated total revenues for the years then ended. Those statements were audited by other auditors, whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for those entities, is based solely on the report of other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

The Board of Directors  
Covenant Health, Inc.

*Opinion*

In our opinion, based on our audit and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Covenant Health, Inc. and Subsidiaries as of December 31, 2014 and 2013, and the results of their operations, changes in net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### 1. Organization

Covenant Health, Inc. (Covenant) (formerly known as Covenant Health Systems, Inc.) is organized to coordinate the corporate, administrative, clinical and service strengths and potentials of its member organizations. Covenant functions as the parent company to its member organizations which include St. Joseph Hospital of Nashua NH (Nashua), St. Mary's Health System, St. Joseph Healthcare Foundation and Subsidiaries (Bangor), Youville Lifecare, Inc., Youville House, St. Andre Health Care Facility, Mary Immaculate Health Care Services, Inc., Fanny Allen Corporation, Fanny Allen Holdings, St. Joseph Manor Health Care, Inc., CHS of Waltham, Inc. d/b/a Maristhill (Maristhill), CHS of Worcester, Inc d/b/a St. Mary Health Care Center, St. Mary's Villa Nursing Home, Inc., Covenant Health Systems Insurance Ltd. (CHSIL), Providentia Prima Trust (Providentia Prima), and Youville Place. All member organizations are providers of health care services except CHSIL, which is licensed to write professional and general liability insurance for the other member organizations; Fanny Allen Corporation and Fanny Allen Holdings, foundations; and Providentia Prima, which is a unitized investment trust. Covenant and its member organizations, and their various related entities are collectively referred to herein as the "System." The System provides acute, long-term and other health care services to patients and residents in New England and Pennsylvania.

#### 2. Significant Accounting Policies

##### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates are made in the areas of accounts receivable, estimated third-party payor settlements, professional liability loss reserves and self-insurance reserves (included in accrued expenses and other liabilities).

##### Concentration of Credit Risk

Financial instruments which subject the System to credit risk consist of cash and cash equivalents, accounts receivable, investments and estimated third-party payor settlements. At December 31, 2014 and 2013, the System had cash balances in several financial institutions that exceeded federal depository insurance limits; however, management believes the credit risk related to these financial instruments is minimal. The risk with respect to cash equivalents is minimized by the System's policy of investing in financial instruments with short-term maturities issued by highly rated financial institutions. Estimated third-party payor settlements are primarily comprised of amounts due from state and federal agencies as well as commercial insurers. The System does not expect any credit losses from net recorded amounts. Net accounts receivable represent net receivables from patients and third-party payors for services provided by the System. Patient accounts receivable from the Medicare and Medicaid programs comprise approximately 45% and 44% of receivables for the years ended December 31, 2014 and 2013, respectively. The System's investments consist of diversified investments and, while subject to market risk, are not subject to concentrations in any sectors. Revenues from the Medicare and Medicaid programs accounted for approximately 64% and 62% of the System's gross patient service revenues for the years ended December 31, 2014 and 2013, respectively, and revenues with Anthem accounted for approximately 5% of gross patient service revenues for both 2014 and 2013.

##### Income Taxes

Covenant and its member organizations are considered not-for-profit corporations as described in Section 501(c)(3) of the Internal Revenue Code and are exempt from federal income taxes on related income pursuant to Section 501(a) of the Code, except as noted below.

St. Joseph Hospital Corporate Services, Inc., a wholly-owned subsidiary of Nashua, is a for-profit organization, which is subject to federal and state income taxes.

CHSIL, a wholly-owned subsidiary, is subject to taxation in the Cayman Islands. No income taxes are levied in the Cayman Islands and CHSIL has been granted an exemption for any taxes that might be introduced. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Tax-exempt organizations could be required to record an obligation for income taxes as the result of a tax position they have historically taken on various tax exposure items including unrelated business income or tax status. Under guidance issued by the Financial Accounting Standards Board, assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold, based upon the technical merits of the position. Estimated interest and penalties, if applicable, related to uncertain tax positions are included as a component of income tax expense

The System has evaluated the position taken on its filed tax returns. The System has concluded no uncertain income tax positions exist at December 31, 2014. Under Internal Revenue Service regulations, the System's tax years from 2011 through 2014 are open and subject to examination.

##### Principles of Consolidation

The consolidated financial statements of the System include the accounts of Covenant and its member organizations. Significant intercompany accounts and transactions have been eliminated in consolidation.

##### Temporarily and Permanently Restricted Net Assets

Gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires (when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statement of operations as either net assets released from restrictions for operations (for noncapital-related items) or net assets released from restrictions for property, plant and equipment (for capital-related items). Permanently restricted net assets have been restricted by donors to be maintained by the System in perpetuity.

### **2. Significant Accounting Policies (Continued)**

#### *Statement of Operations*

Transactions deemed by management to be ongoing, major or central to the provision of the services offered by the System are reported as operating revenue and operating expenses. Other transactions, which primarily include certain types of investment income and unrestricted contributions, are reported as nonoperating gains.

Management has determined that the net result of the CHSIL insurance operations should be reported in the consolidated nonoperating portion of the income statement and the actuarially determined premium paid by the insured (member organization) should remain as an operating expense. The operating results of Providentia Prima are the net result of investment operations and are reported in the consolidated nonoperating portion of the income statement. The operations of Fanny Allen Corporation and Fanny Allen Holdings are that of a foundation and have been included in nonoperating gains on the consolidated statement of operations.

#### *Excess of Revenue Over Expenses*

The consolidated statements of operations include excess of revenue over expenses. Changes in unrestricted net assets which are excluded from excess of revenue over expenses, consistent with industry practice, include contributions of long-lived assets (including assets acquired using contributions which, by donor restriction, were to be used for the purpose of acquiring such assets) and pension obligation adjustments other than net periodic pension cost.

#### *Net Patient Service Revenue*

Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors due to future audits, reviews and investigations. Retroactive adjustments are accrued in the period the related services are rendered and adjusted in future periods as final settlements are determined. Changes in estimated settlements from third-party payors and other changes from prior years resulted in a net increase of \$6,710 and \$6,434 to net patient service revenue for the years ended December 31, 2014 and 2013, respectively.

#### *Charity Care*

The System has a formal charity care policy under which patient care is provided to patients who meet certain criteria without charge or at amounts less than its established rates. The System does not pursue collection of amounts determined to qualify as charity care, therefore, they are not reported as revenue.

#### *Cash and Cash Equivalents*

Cash and cash equivalents include investments in highly liquid instruments which have a maturity of three months or less when purchased.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Years Ended December 31, 2014 and 2013

### 2. Significant Accounting Policies (Continued)

#### Beneficial Interest in Perpetual Trust

The System is the beneficiary of several trust funds administered by trustees or other third parties. Trusts, wherein the System has an irrevocable right to receive the income earned on the trust assets in perpetuity, are recorded as permanently restricted net assets at the fair value of the trust at the date of receipt and are included in donor-restricted funds in the consolidated balance sheet. Income distributions from the trusts are reported as investment income that increase unrestricted net assets, unless restricted by the donor. Annual changes in market value of the trusts are recorded as increases or decreases to permanently restricted net assets.

#### Accounts Receivable

The allowance for doubtful accounts is provided based on an analysis by management of the collectibility of outstanding balances. Management considers the age of outstanding balances and past collection efforts in determining the allowance for doubtful accounts. Accounts deemed uncollectible are charged off against the established allowance.

#### Inventories

Inventories of pharmaceuticals and medical supplies are carried at the lower of cost (determined primarily by the first-in, first-out method) or market

#### Property, Plant and Equipment

Property, plant and equipment is stated at cost, or if donated or acquired, at fair market value at time of donation or acquisition, less accumulated depreciation. The System's policy is to capitalize expenditures for major improvements and charge maintenance and repairs currently for expenditures which do not extend the lives of the related assets. The provision for depreciation is determined by the straight-line method at rates intended to amortize the cost of related assets over their estimated useful lives.

The System reviews its long-lived assets when events or changes in circumstances indicate that the carrying amount of such assets may not be fully recoverable. Upon determination that an impairment has occurred, these assets are reduced to fair value. No such impairment losses have been recognized to date. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less the cost to dispose.

Gifts of long-lived assets such as property or equipment are reported as unrestricted support and are excluded from the excess of revenue over expenses unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Depreciation expense for the years ended December 31, 2014 and 2013 was \$25,693 and \$25,186, respectively

# COVENANT HEALTH, INC. AND SUBSIDIARIES

### 2. Significant Accounting Policies (Continued)

Investment income or loss (including realized and unrealized gains and losses on investments, interest and dividends) is included in the excess of revenue over expenses unless the income or loss is restricted by donor or law. Realized gains or losses on the sale of investment securities are determined by the specific identification method.

Investment income earned on unrestricted investments is reported as nonoperating gains. Investment income on restricted investments is reported as nonoperating gains unless specifically restricted by the donor or state law, in which case it is reported as an increase in temporarily or permanently restricted net assets.

#### Donor-Restricted Gifts

Unconditional promises to give that are expected to be collected within one year are recorded at estimated net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at fair value at the date the promise is received based on the present value of their estimated future cash flows. The discount on those amounts is computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discount is included in contribution revenue.

Conditional promises to give and indications of intentions to give are not recognized until the related conditions have been met. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of operations as net assets released from restrictions.

#### Professional Liability Loss Contingencies

CHSIL is a wholly-owned captive insurance company incorporated and based in the Cayman Islands for the purpose of providing professional and general liability insurance. The System insures its professional risks on a claims made basis and general liability risks on an occurrence basis through CHSIL.

Estimated liability costs, as calculated by the System's consulting actuaries, consist of specific reserves to cover the estimated liability resulting from medical or general liability incidents or potential claims which have been reported, as well as a provision for claims incurred but not reported. Estimated malpractice liabilities include estimates of future trends in loss severity and frequency and other factors that could vary as the claims are ultimately settled. Although it is not possible to measure the degree of variability inherent in such estimates, management believes the reserves for claims are adequate. These estimates are periodically reviewed, and necessary adjustments are reflected in the consolidated statement of operations in the year the need for such adjustments becomes known. Management is unaware of any claims that would cause the final expense for medical malpractice risks to vary materially from the amounts provided.

#### 2. Significant Accounting Policies (Continued)

In accordance with Accounting Standards Update (ASU) No. 2010-24, *Health Care Entities (Topic 954) Presentation of Insurance Claims and Related Insurance Recoveries* (ASU 2010-24), the System recorded a liability of \$7,319 and \$2,137 related to estimated professional liability losses at December 31, 2014 and 2013, respectively. The System also recorded a receivable of \$7,319 and \$2,137 related to estimated recoveries under insurance coverage for recoveries of the potential losses at December 31, 2014 and 2013, respectively.

The System estimates that the total expected claims liabilities at December 31, 2014 and 2013 are \$27,590 and \$23,265, respectively. The System maintains malpractice insurance coverage on a claims made basis. At December 31, 2014, there were no known malpractice claims outstanding which, in the opinion of management, will be settled for amounts in excess of insurance coverage, nor were there any unasserted claims or incidents which require loss accrual. The System intends to renew coverage on a claims made basis and anticipates that such coverage will be available.

#### Self-Insurance Reserves

Certain members of the System are self-insured for workers' compensation and employee healthcare benefits. These costs are accounted for on an accrual basis to include estimates of future payments on claims incurred.

#### Retirement Plans

The System's members sponsor several defined contribution retirement plans which cover substantially all employees who have met certain eligibility requirements of the respective plans. Contributions to the defined contribution plans are discretionary and are based upon certain percentages of eligible income. Expenses related to the defined contribution plans were \$2,724 and \$2,521 for 2014 and 2013, respectively. In addition, Nashua and Bangor have frozen defined benefit pension plans. See Note 7 for further information on the defined benefit plans. The System maintains a supplemental executive retirement plan (SERP) for certain executives. Expenses related to the SERP were approximately \$100 and \$415 for the years ended December 31, 2014 and 2013, respectively.

#### Deferred Compensation

The System has recorded its obligations under deferred compensation agreements with certain physicians and employees of \$13,100 and \$12,097 at December 31, 2014 and 2013, respectively, at the net present value of benefits earned.

#### Fair Value of Financial Instruments

The carrying amounts of the System's financial instruments as reported in the accompanying consolidated balance sheets, other than long-term debt, approximate fair value.

**2. Significant Accounting Policies (Continued)**

*Subsequent Events*

Events occurring after the balance sheet date are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. Management has evaluated subsequent events through April 24, 2015 which is the date the financial statements were available to be issued.

**3. Net Patient Service Revenue**

The System maintains contracts with Medicare and several State agencies (Medicaid). The System is paid a prospectively determined fixed price for each inpatient and outpatient service depending on the type of illness and the patient's applicable diagnostic classification. The System also receives some minor level of payments from Medicare and Medicaid for services which are settled upon filing and audit of its annual cost reports.

The System has also entered into payment agreements with certain commercial insurance carriers and health maintenance organizations. The basis for payment to the System under these agreements includes discounts from established charges and per diem daily rates.

The System recognizes patient service revenue associated with services provided to patients who have third-party payor coverage on the basis of contractual rates for the services rendered. On the basis of historical experience, a significant portion of the System's uninsured patients will be unable or unwilling to pay for the services provided. Thus, the System records a significant provision for bad debts related to uninsured patients in the period the services are provided.

Revenues from third-party payors and the uninsured are summarized as follows at December 31:

	<u>2014</u>	<u>2013</u>
Medicare	\$255,475	\$235,726
Medicaid	96,842	96,271
Commercial	201,224	206,843
Patients (private pay/self pay)	<u>56,467</u>	<u>49,637</u>

Provision for bad debt	(38,743)	(32,849)

#### 3. Net Patient Service Revenue (Continued)

The State of Maine also assesses a provider tax similar to New Hampshire, with disproportionate share funding partially offsetting the tax.

The estimated third-party payor settlements reflected on the balance sheet represent the estimated net amounts to be received or paid under reimbursement contracts with the Centers for Medicare and Medicaid Services (CMS), Medicaid and any commercial payors with settlement provisions. Settlements have been issued through 2004 for Medicare and Medicaid for St. Mary's and Bangor. Medicare and Medicaid have settled through 2012 and 2010, respectively, for Nashua. Anthem settlements are final through 2013.

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The System believes that it is substantially in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing specific to the System. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation as well as significant regulatory action including fines, penalties and exclusion from the Medicare and Medicaid programs. Differences between amounts previously estimated and amounts subsequently determined to be recoverable or payable are included in net patient service revenue in the year that such amounts become known.

#### Community Benefits

The System does not pursue collection of amounts determined to qualify as charity care; therefore, they are not reported as revenue. The System determines the costs associated with providing charity care by calculating a ratio of cost to gross charges, and then multiplying that ratio by the gross uncompensated charges associated with providing care to patients eligible for free care. Under this methodology, the estimated costs of caring for charity care patients for the years ended December 31, 2014 and 2013 were \$9,473 and \$9,486, respectively.

As part of the System's charitable mission, its member organizations also provide services which primarily benefit the medically under-served in their communities. The System prepares an annual report utilizing the methodology contained in the Catholic Health Association's Guide to Planning and Reporting Community Benefit. The net unsponsored costs of charity care including clinics, unreimbursed Medicaid cost, outreach programs and community health education programs provided by the System for the years ended December 31, 2014 and 2013 were \$36,520 and \$38,691, respectively. Additionally, the System calculates the amount of costs not reimbursed by the Federal Medicare program. Those unreimbursed costs were \$34,627 and \$34,275 in 2014 and 2013, respectively.

Investments, which are reported at fair value, consist of the following at December 31:

	<u>2014</u>	<u>2013</u>
Investments	\$ 88,644	\$ 91,585
Assets whose use is limited, restricted or board designated	<u>318,014</u>	<u>316,788</u>
Total investments	<u>\$406,658</u>	<u>\$408,373</u>

**Fair Value Measurements**

Financial assets carried at fair value are classified and disclosed in one of the following three categories:

Level 1 – Assets classified as Level 1 represent items that are traded in active exchange markets and for which valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities. Assets classified as Level 1 include cash and cash equivalents, marketable equity securities, mutual funds, exchange traded funds, and accrued interest and other.

Level 2 – Valuations for assets traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities. Assets classified as Level 2 include U.S. Government securities, pooled-fixed income, corporate bonds, guaranteed investment contracts and cash surrender value of life insurance policies.

Level 3 – Valuations for assets that are derived from other valuation methodologies not based on market exchange, dealer or broker traded transactions. Level 3 valuations incorporate certain assumptions in determining the fair value assigned to such assets. Assets classified as Level 3 include alternative investments and beneficial interests in perpetual trusts.

In determining the appropriate levels, the System performs a detailed analysis of the valuation methodology of the assets. At each reporting period, all assets for which the fair value measurement is based on significant unobservable inputs are classified as Level 3

### 6. Lines of Credit and Long-Term Debt

Four member organizations have available lines of credit totaling \$4,200, which have \$100 and \$65 outstanding at December 31, 2014 and 2013, respectively.

The System has three letters of credit totaling \$100, \$1,125 and \$1,400 with banks at December 31, 2014. The letters relate to the System's workers' compensation self-insurance programs.

#### Long-Term Debt

Long-term debt at December 31 consists of the following:

	<u>2014</u>	<u>2013</u>
Tax-exempt revenue bonds issued through various state and local government agencies with interest rates ranging from 2.0% to 5.5% and with varying maturity dates through 2042. In February 2001, the System formed an Obligated Group for the purpose of issuing tax-exempt bonds. The Obligated Group is required to maintain a minimum debt service coverage ratio of at least 1.20 and a minimum number of days cash on hand of 30. The System was in compliance with these requirements at December 31, 2014.

In 2014, the Obligated Group obtained \$16,900 of debt through tax-exempt bonds issued through New Hampshire Health and Education Facilities Authority (NHHEFA) (balance at December 31, 2014, \$16,868). Proceeds borrowed were used to refinance the NHHEFA 2004 bonds. The bonds bear interest at 2.54% and mature in varying annual amounts to 2034.

In 2014, St. Mary's Regional Medical Center (St. Mary's) and St. Mary's d'Youville Pavilion (d'Youville Pavilion) obtained \$8,763 of debt through Maine Health and Higher Educational Facilities Authority (MHHEFA) (balance at December 31, 2014, \$8,763). The proceeds were used to refinance MHHEFA 2004 bonds. The bonds are collateralized by substantially all of the property, plant, equipment and improvements and accounts receivable of St. Mary's and d'Youville Pavilion. The bonds bear interest at rates ranging from 3% to 5% and mature in varying annual amounts to 2023.

#### 6. Lines of Credit and Long-Term Debt (Continued)

On June 27, 2012, the Obligated Group obtained \$39,365 of debt through tax-exempt bonds issued through NHHEFA (\$12,365) (balance at December 31, 2014 and 2013, \$12,265 and \$12,340, respectively) and Massachusetts Health and Educational Facilities Authority (MHEFA) (\$27,000) (balance at December 31, 2014 and 2013, \$26,825 and \$26,935, respectively). Proceeds borrowed were used to refinance the NHHEFA and MHEFA 2002 bonds and to finance capital acquisitions and improvements. Related construction commitments at December 31, 2014 were approximately \$4.4 million. The bonds bear interest at rates ranging from 3% to 5% and mature in varying annual amounts to 2042.

In 2012, St. Mary's obtained \$19,270 of debt through tax-exempt bonds issued through MHHEFA (balance at December 31, 2014 and 2013, \$18,975 and \$19,180, respectively), the proceeds of which were used to refinance existing debt. The bonds are guaranteed by the Obligated Group. The bonds bear interest at 3.42% and mature in varying annual amounts to 2036.

In 2012, Bangor obtained \$1,975 of debt through tax-exempt bonds issued through MHHEFA (balance at December 31, 2014 and 2013, \$1,585 and \$1,685, respectively), the proceeds of which were used to refinance existing debt. The Bangor tax-exempt bonds require the establishment of a debt service reserve fund in the amount of \$184 held by a trustee.

On October 31, 2012, Bangor obtained \$13,490 of debt through tax-exempt bonds issued through MHHEFA (balance at December 31, 2014 and 2013, \$12,655 and \$13,160, respectively), the proceeds of which will be used to finance capital improvements. The bonds are guaranteed by the Obligated Group.

In October 2007, the Obligated Group issued \$78,510 in tax-exempt bonds. There were four series issued, collectively "the 2007 Series bonds." The MHEFA issued Series 2007A bonds in the amount of \$12,940 and Series 2007B bonds in the amount of \$11,890 (combined balance at December 31, 2014 and 2013, \$22,710 and \$23,120, respectively). The NHHEFA issued Series 2007A bonds in the amount of \$17,030 and Series 2007B bonds in the amount of \$36,650 (combined balance at December 31, 2014 and 2013, \$48,120 and \$49,620, respectively). The bonds bear interest at rates ranging from 4.5% to 5% and mature in varying annual amounts to 2037.

The proceeds from the issuance of the 2007 Series bonds provided for construction at Nashua of \$15,130, the acquisition of Youville Place (a Massachusetts' assisted living facility) for \$11,500, and the advanced refunding and refinance of \$42,900 of the Series 2002 bonds. The Series 2007 bonds have similar covenants to the Series 2012 bonds.

The Series 2007 bonds require the establishment of a debt service reserve fund to be held in trust. Proceeds were used to establish the fund which amounted to approximately \$7,258 at December 31, 2014 and 2013. The amount is included in the balance sheet as funds held by trustees.

In October 2007, St. Mary's issued additional Revenue Bonds (Series 2007B) through MHHEFA in the amount of \$6,241 for purposes of funding capital expenditures (balance at December 31, 2014 and 2013, \$5,566 and \$5,711, respectively).

#### **6. Lines of Credit and Long-Term Debt (Continued)**

The 2007B bonds bear interest at rates ranging from 4.0% to 5.0% and mature in varying annual amounts to 2037. The bonds are collateralized by substantially all of the property, plant, equipment and improvements and accounts receivable of St. Mary's. Monthly deposits of principal and interest are made into a debt service fund to meet semiannual debt service payments and to retire the bonds when due.

In June 2010, St. Mary's issued additional revenue bonds (Series 2010B) through MHHEFA in the amount of \$7,222 (balance at December 31, 2014 and 2013, \$6,162 and \$6,441, respectively). The proceeds of the 2010B Bonds were used to refinance previously issued revenue bonds. The 2010B Bonds bear interest at varying rates with an average rate of 4.55% and mature in varying annual amounts to 2031. The bonds are collateralized by substantially all the assets of St. Mary's.

The Series 2004A, 2007B and 2010B Bonds also require that St. Mary's satisfy certain measures of financial performance (including a minimum debt service coverage ratio of 1.2 for each year) as long as the bonds are outstanding.

In accordance with the terms of the respective debt agreements, St. Mary's and d'Youville Pavilion are also required to maintain certain funds on deposit with a trustee. These funds are included as funds held by trustees in the accompanying balance sheets.

In 2009, St. Mary's Health System issued additional revenue bonds through the Finance Authority of Maine in the amount of \$5,300 (balance at December 31, 2014 and 2013, \$3,935 and \$4,200, respectively) for the purpose of funding capital expenditures. The bonds mature in 2020, bear interest at a variable rate and are subject to an interest rate swap agreement.

St. Mary's Residences has a mortgage payable to Maine State Housing Authority of \$2,524 and \$2,590 with an interest rate of 7.5% at December 31, 2014 and 2013, respectively. The mortgage matures in July 2023 and is collateralized by real property.

Through its acquisition of Bangor, the System acquired a note payable to MHHEFA; Series 2010B – outstanding balance of \$8,745 and \$9,510 at December 31, 2014 and 2013, respectively. The bonds bear interest at rates ranging from 2.5% to 5% and mature in varying amounts through 2026.

Mary Immaculate Residential Communities I-III have mortgages payable to the Department of Housing and Urban Development and Midland Loans Services, Inc., collateralized by their real property. Total amounts payable are \$8,398 and \$8,728 and interest rates range from 6.10% to 6.875% at December 31, 2014 and 2013, respectively.

St. Mary's Villa Nursing Home, Inc. had a mortgage payable to the Rural Housing Service, US Department of Agriculture of \$2,030 with an interest rate of 4.75% at December 31, 2012 and a mortgage payable to Penn Security Bank of \$700 with an interest rate of 4.76% at December 31, 2012. The mortgages were refinanced in 2013 through the issuance of tax-exempt revenue notes in the amount of \$2,740 (balance at December 31, 2014 and 2013, \$2,437 and \$2,630, respectively). The notes mature in 2029 and bear interest at 3.23%.

The fair value of the System's long-term debt at December 31, 2014 and 2013 was approximately \$219,280 and \$196,307, respectively.

#### **7. Defined Benefit Pension Plan**

Nashua has a noncontributory defined benefit plan covering all of its eligible employees. The measurement date is December 31.

Effective June 2, 2007, plan participation was frozen for new participants. Benefit service and plan compensation have been frozen effective December 31, 2007. A defined contribution plan replaced the defined benefit plan for Nashua and Souhegan Home and Hospice Care, Inc. A curtailment to the retirement plan for employees of Nashua and Souhegan Home and Hospice Care, Inc. was recorded as of December 31, 2007.

Net periodic pension cost includes the following components for the years ended December 31:

### 7. Defined Benefit Pension Plan (Continued)

All pension assets are considered to be Level 1 assets (as defined in Note 4).

In selecting the expected long-term rate of return on assets, Nashua considered the average rate of earnings expected on the funds invested or to be invested to provide for the benefits of this plan. This includes considering the trusts' asset allocation and the expected returns likely to be earned over the life of the plan. This basis is consistent with the prior year.

Nashua and affiliates expect to make no contributions to its defined benefit pension plan during the year ended December 31, 2015.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid during the period ended December 31:

2015	\$ 1,110
2016	1,746
2017	2,046
2018	2,599
2019	4,250
2020 through 2024	12,867

Bangor has a noncontributory defined benefit plan covering all of its eligible employees of St. Joseph Healthcare Foundation, other affiliates and the Hospital. The measurement date is December 31.

Effective January 1, 2004, plan participation was frozen for new participants. Current participants who qualify under the rule of 60 (combination of age plus years of service) may elect to continue to participate in the plan or to participate in a separate defined contribution plan sponsored by Bangor. Those current participants which do not qualify to continue to participate under the rule of 60, will retain their vested position in the plan but will only be eligible to participate in the defined contribution plan. No new participants will be eligible to participate in the plan. In 2011, Bangor elected to freeze the plan for purposes of benefit services and plan compensation effective June 30, 2012. A curtailment to the retirement plan was recorded as of December 31, 2011.

Net periodic pension cost includes the following components for the years ended December 31:

### 7. Defined Benefit Pension Plan (Continued)

All pension assets are considered to be Level 1 assets (as defined in Note 4).

The target allocation percentage for investments is designed to meet the expected return on plan assets. The plan trustee evaluates its target allocation periodically in relation to market performance and overall market conditions. The plan does not allow for the purchase of derivatives and the overall goal is to provide for adequate investment growth, along with contributions, to provide adequate funding to meet plan obligations on a current and projected basis.

Bangor and affiliates expect to make contributions of \$775 to its defined benefit pension plan during the year ended December 31, 2015.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid during the period ended December 31:

2015	\$ 1,185
2016	1,289
2017	1,405
2018	1,477
2019	1,543

### 11. Contingencies (Continued)

#### *Regulatory*

The health care industry is subject to numerous laws and regulations of federal, state and local governments. Recently, government activity has increased with respect to investigations and allegations concerning possible violations by health care providers of fraud and abuse statutes and regulations, which could result in the imposition of significant fines and penalties as well as significant repayments for patient services previously billed. Compliance with such laws and regulations are subject to government review and interpretations as well as regulatory actions unknown or unasserted at this time.

### 12. Subsequent Event

#### *Acquisition*

On January 23, 2015, the System acquired Mount St. Rita Health Centre (Mount St. Rita), a 97 bed skilled nursing facility located in Cumberland, Rhode Island. Mount St. Rita became a member of the System which resulted in the System becoming the sole corporate member of the skilled nursing facility.

The consolidated statements of operations for 2015 will include the operations of Mount St. Rita as of the acquisition date.

The transaction will be accounted for in accordance with FASB Accounting Standards Codification Topic 810 which requires the assets and liabilities of Mount St. Rita be accounted for at fair value as of the date of the acquisition. The net assets of the skilled nursing facility, based upon fair value at January 23, 2015, will be recognized as a contribution as part of nonoperating gains. The amounts assigned to the major assets and liabilities at the acquisition date will be as follows:

Cash and cash equivalents	\$ 454
Accounts receivable	840
Prepays and other current assets	3
Property, plant and equipment	4,575
Accounts payable and accrued expenses	(591)
Long-term debt, due to Sisters of Mercy	(700)
Permanently restricted net assets	<u>(21)</u>
Contribution received	<u>\$ 4,560</u>

In conjunction with the acquisition, the System agreed to pay \$700 to Mount St. Rita which Mount St. Rita then used to pay \$700 of long-term debt due to the Sisters of Mercy. The remaining long-term debt due to the Sisters of Mercy was forgiven.
