| Part X, Line 2                        | The 2014 audited financial statements contain the following paragraphs pertaining to tax positions under FIN 48. The Corporation is exempt from federal and state income taxes under the provisions of Section 501(c)(4) of the Internal Revenue Code. Tax-exempt organizations could be required to record an obligation for income taxes as the result of a tax position historically taken on various tax exposure items including unrelated business income or tax status. Assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold, based upon the technical merits of the position. Management has evaluated the Corporation's tax positions taken on its filed tax returns and concluded that the Corporation has maintained its tax-exempt status, does not have any significant unrelated business income and has taken no uncertain tax positions that require adjustment to or disclosure in the accompanying statutory financial statements. Tax years after December 31, 2010 are open for Internal Revenue Service or state examination. |
