| Part I, Line 2 | ELP's Innovation Grant Program is a highly selective competitive grant created to generate innovative solutions to pressing environmental challenges through the fostering of collaborations within the ELP Senior Fellows Network. ELP Senior Fellows applying for this grant must collaborate with at least one other Senior Fellow, submit a project proposal which includes evaluations protocols for their project as well as a theory of change, and provide a detailed presentation about their project through ELP's Webinar Series. Proposals are reviewed by an external (non-ELP staff) committee who meet by phone to discuss each proposal and critique them by using a decision rubric and their expert opinions on which projects are the most innovative and/or most likely to succeed. At the conclusion of each project, Innovation Grant Teams present their results to ELP and the general public through a webinar. Innovation Grant Webinars are open to the general public to provide both transparency in the work as well as to spur conversation about the projects and hopefully spur replication and scaling efforts. All webinars are recorded and available in ELP's Webinar Archive www.elpnet.org/webinar-archive . A portion of each grant award is held until the webinar has been completed - indicating successful completion of the project. |
