Return Reference	Explanation
ASC 470	SCHEDULE D, PART X Delta Dental of Rhode Island is a not-for-profit corporation pursuant to Section 501(c)(4) of the Internal Revenue Code (IRC) and is generally exempt from federal income taxes on related income under Section 501(a) of the IRC and, accordingly, no provision for income taxes relative to Delta Dental of Rhode Island has been made in the accompanying consolidated financial statements. The Company evaluates its uncertain tax positions with a two-step process in accordance with GAAP. First, the Company determines whether it is more likely than not that an uncertain tax position will be sustained upon examination based on the technical merits of the position. Second, an uncertain tax position that meets the more likely than not threshold is measured to determine the amount of benefit to recognize in the financial statements. The position is measured at the largest amount of benefit that is greater than 50% likely of being realized upon ultimate settlement. Uncertain tax positions that previously failed to meet the more likely than not recognition threshold are recognized in the first subsequent reporting period in which the threshold is met. Previously recognized uncertain tax positions that no longer meet the more likely than not recognition threshold are derecognized in the first subsequent reporting period in which the threshold is no longer met. Should interest or penalties be assessed, such expenses would be reflected in selling, general and administrative expenses. As of December 31, 2014 and 2013, the Company had no uncertain tax positions.
