Grantmaker's Description of How Grants are Used	Through its on-line application process, and rigorous physician-driven review process, the Fogarty Institute selects the very best medical innovations - those having the greatest potential to benefit patients. Applications for support come from a broad candidate pool that includes physicians, students, engineers, nurses, and entrepreneurs. Once they begin their residence at the Institute, innovators meet regularly - typically twice per month - with a designated Institute point-of-contact to review progress towards agreed upon milestones. Additionally, innovators report to the full Institute leadership, including members of the board of directors, after residing at the Institute 6 and 12 months. In these ways, innovator progress and use of grant funds are constantly monitored. If progress within a reasonable amount of time is deemed inadequate, or use of funds inappropriate, the supported program is terminated, and funds and resources are re-directed.
