## INDEPENDENT AUDITORS' REPORT

Board of Directors  
The Arca Foundation  
Washington, D.C.

### ***Report on the Financial Statements***

We have audited the accompanying statements of The Arca Foundation (the Foundation) which comprise the statements of financial position as of December 31, 2014 and 2013, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Arca Foundation as of December 31, 2014 and 2013, and the changes in its net assets and its cash flow for the years then ended in accordance with auditing standards generally accepted in the United States of America.

***Supplementary Information***

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplementary schedules of investments and schedules of grant expenses on pages 14 to 43 are presented for purposes of additional analysis and are not a required part of the financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**THE ARCA FOUNDATION**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEARS ENDED DECEMBER 31, 2014 and 2013**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

• ***Nature of Entity***

The Arca Foundation, formerly known as the Nancy Reynolds Bagley Foundation (the Foundation), is a private, not-for-profit, charitable organization based in Washington, D.C. The Foundation was established in 1952.

The purpose of the Foundation is to support not-for-profit organizations in the United States whose work encourages a more open foreign policy based on respect for international law, human rights and the sovereignty of all nations. The Foundation also supports projects concerned with domestic social change. The Foundation's main source of revenue is investment income.

• ***Basis of Presentation***

Financial presentation follows the recommendations of the Financial Accounting Standards Board. Under those standards for Not-for-profit Organizations, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted net assets, and permanently restricted net assets. Unrestricted net assets are available for use in general operations. The Foundation has no restricted or permanently restricted net assets.

• ***Basis of Accounting***

The financial statements of the Foundation have been prepared on the accrual basis of accounting. Under this basis, revenue is recognized when accrued and expenses are recognized as incurred.

• ***Cash***

Cash represents demand deposits on hand at financial institutions.

• ***Investments***

Investments are carried at fair value. Investments receivables and payables represent unsettled trades. Unrealized gains and losses on investments resulting in market fluctuations are included in the statement of activities in the period in which the fluctuations occur. Realized gains and losses on the sale of securities are determined on the basis of cost of certificates delivered from specific lots, or the "identified cost" basis. Dividend income is recorded on the dividend date. Interest income is recorded on the accrual basis of accounting.

• ***Fair Value Measurements***

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures*, establishes a hierarchy for inputs used in measuring fair value

that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Foundation. Unobservable inputs are inputs that reflect the Foundation's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- *Level 1* - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Foundation has the ability to access at the measurement date. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.
- *Level 2* - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly, including:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets in non-active markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by other observable market data.
- *Level 3* - Valuations based on inputs that are unobservable and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. The Foundation held no Level 3 securities during 2014 or 2013.

The following is a description of the valuation methodologies and inputs used for assets measured at fair value, as well as the general classification pursuant to the valuation hierarchy.

- Investments in equity securities are valued at the quoted prices in an active market are classified within Level 1 of the fair value hierarchy.
- Securities with fixed maturities (debt securities) and certificates of deposits are based on observable market information rather than market quotes and are disclosed in Level 2 of the hierarchy.

- ***Concentration of Credit Risk***

Financial instruments that potentially subject the Foundation to concentrations of credit risk consist principally of cash and investments held at a creditworthy financial institution. By policy, these investments are kept within limits designed to prevent risks caused by concentration.

- ***Risks and Uncertainties***

Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in risks and values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position.

- ***Property and Equipment***

Property and equipment is recorded at cost. The Foundation capitalizes all expenditures for furniture and equipment over \$2,500. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. When assets are sold or otherwise disposed of, the asset cost and related accumulated depreciation are removed from the accounts, and any gain or loss is included in the statement of activities. Repairs and maintenance are charged to expense when incurred.

Building and Building Improvements	39 years
Furniture and Equipment	3-5 years

- ***Investment Receivables and Investment Payables***

Investment receivables or investment payables are pending settlements resulting from the sales or purchases of investment made prior to year-end but settled after year-end.

- ***Grants Payable***

Grant awards are disbursed to organizations upon approval of the Board, and subsequent notification to the trustee. The Foundation records grants payable upon approval and fulfillment of conditions, if applicable.

- ***Contributions***

The Foundation reports contributions as revenue when received or unconditionally promised. Contributions from unrelated parties are only accepted by the Foundation if they are unrestricted.

- ***Tax-exempt Status***

The Foundation is classified as a private foundation exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC) and the applicable laws of the District of Columbia. As such, the Foundation is not subject to federal or state income taxes. However, the Foundation is subject to federal excise taxes on net investment income.

The Foundation follows the policy of providing for federal excise taxes on net appreciation (both realized and unrealized) on investments. The deferred provision for federal excise tax represents taxes provided on net unrealized appreciation (depreciation) on investments.

The provision for ASC 740, *Income Taxes* requires that a tax position be recognized or derecognized based on a “more-likely-than-not” threshold. The policy prescribes the recognition threshold and measurement principles for tax positions taken or expected to be taken on a tax return that are not certain to be realized. The Foundation believes that it has appropriate support for any tax position taken, and as such, does not have any uncertain tax positions that are material to the financial statements in 2014 and 2013.

Tax years from 2010 through the current year remain open for examination by the Federal and State tax authorities.

- ***Use of Estimates***

Management uses estimates and assumptions in preparing financial statements in conformity with generally accepted accounting principles in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

## NOTE 2. CONCENTRATION OF CREDIT RISK

Financial instruments which potentially subject the Foundation to concentrations of credit risk consist primarily of cash and investments.

The Foundation maintains cash balances which, at times, may exceed federally insured limits of \$250,000. The Foundation has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on its cash. As of December 31, 2014 and 2013, cash balances did not exceed the federally insured limits.

Depreciation expense for the years ended December 31, 2014 and 2013 was \$53,247 and \$58,826, respectively.

**NOTE 5. FUNCTIONAL EXPENSES**

The following is a breakdown of the Foundation's functional expenses for the years ended December 31:

	<b>2014</b>	<b>2013</b>
<b>Program:</b>		
Grants Program	\$ 2,837,567	\$ 2,737,677
<b>Support:</b>		
Management and General	611,689	586,803
<b>Total</b>	<b>\$ 3,449,256</b>	<b>\$ 3,324,480</b>

**Grant Program:** The Foundation's general purpose is to support not-for-profit organizations within the United States whose work encourages a more open foreign policy based on respect for international law, human rights and the sovereignty of all nations. The Foundation also supports projects concerned with domestic social changes.

**Management and General:** This supporting service category includes the functions necessary to secure proper administrative functioning of the Foundation, maintain an adequate work environment, and manage the financial responsibilities of the Foundation.

**NOTE 6. FEDERAL EXCISE TAXES**

The Foundation is subject to federal excise tax imposed on private foundations on net investment income. The current excise tax rate is two percent. The federal excise tax expense is based on a 2% rate for fiscal years 2014 and 2013.

The deferred tax liability arises from unrealized appreciation (depreciation) on investments. The deferred federal excise taxes on unrealized appreciation (depreciation) on investments were recorded at 2% excise tax rate in 2014 and 2013. The deferred portion of income tax expense will only be paid when the unrealized gains become realized.

**NOTE 6 – FEDERAL EXCISE TAXES****(CONTINUED)**

Federal excise tax expense consists of the following at December 31:

<b>Federal Excise Tax Expense/(Benefit)</b>	<b>2014</b>	<b>2013</b>
Current	\$ 82,750	\$ 122,643
Change in Deferred	(61,723)	25,800
<b>Total Federal Excise Tax Expense/(Benefit)</b>	<b>\$ 21,027</b>	<b>\$ 148,443</b>

**NOTE 7. EMPLOYEE BENEFITS**

The Foundation maintains a defined contribution pension plan (the Plan) in accordance with Section 403(b) of the Internal Revenue Code. The Foundation contributes 5% of each eligible employee's annual compensation to the Plan. Foundation employees may also contribute to the Plan. Employees are vested after one year of employment. The amount of employer pension expense was \$10,399 and \$9,750 for the year ended December 31, 2014 and 2013, respectively. The Plan is administered by Nationwide.

**NOTE 8. RELATED PARTY TRANSACTION**

During the years ended December 31, 2014 and 2013, the Foundation made grant disbursements of \$433,940 and \$386,575, respectively, to organizations that have common board members with the Foundation.
