fin 48 footnote	The Fund recognizes the tax effects from an uncertain tax position in the financial statements only if the position is "more-likely-than-not" to be sustained if the position were to be challenged by a taxing authority. The assessment of the tax position is based solely on the technical merits of the position, without regard to the likelihood that the tax position may be challenged. Management determined that there are no uncertain tax positions within its financial statements. The tax years ending December 31, 2011, 2012, 2013 and 2014 are still open to audit for both federal and state purposes.
