## Income for 2014

This section reports your sales transactions during the year. A schedule of your net gains and losses is shown below. Please note that if you have sold an asset for which the cost basis information is unknown it is shown separately in the section entitled Transactions with Unknown Cost Basis. Please review these carefully when preparing your return. An asterisk symbol (\*) next to the tax cost indicates that the tax cost has been adjusted for current year's return of capital.

The following items are provided to you to assist in the preparation of your tax returns. We have included the following Codes and Adjustment amounts: "W" for wash sales, "C" for collectibles, and "D" for Market Discount. Typically, collectibles are taxed at 28% rates. For your convenience, if applicable, we have included the portion subject to Section 988 translation gains and losses and Market Discount in the column titled "Portion Subject to 988 and Market Discount". We have also includes gains on collectibles taxed at 28% rates in the last column. If we have included a dagger symbol (†) next to the sale transaction with a net loss, this indicates that you can not take a loss on your tax return based on gross proceeds from a reportable change in control or capital structure.
