SCHOOL PROJECT:

The Aletheia Banjara School (ABS): This year there are 373 students, an increase of 17 over last year. The children come from more than 31 villages, an increase of six over last year's total of 25. The children range from lower kindergarten through 7th grade; seventh grade has been added this year. They are taught in English by 14 teachers and are supported by a principal, an administrator and 10 staff who assist the school in the kitchen, on the campus and in the classrooms.

One of the goals of Aletheia is to educate more females. When the school started in 2009, there were only 64 girls in the school; in 2012, there were 118 (33% of student body). Now there are 133 female students, which is 36% of the total served. The number of young women served by Aletheia continues to rise. The literacy rate for Banjara women is only 3%. Aletheia is very proud to see this growth. Our goal is to achieve a 55-45 ratio with boys in the student body.

Aletheia provides opportunities and facilities to acquire knowledge through classroom teaching and extra-curricular activities. This year there has been commendable improvement in the students' English and communication skills. Not only can they speak more fluently in English, the students are able to write better, both in grammar and spelling. In addition to improving in English, we also have seen considerable improvement in both Hindi and Telugu. They are able to speak more fluently and to read and to write correctly in these languages.

The mathematical skills of the students also have improved. The lower grade students (Kindergarten to second grade) are easily able to perform basic mathematics, like addition, subtraction, multiplication and division. The upper grade students are able to understand and to solve more advanced problems in mathematics based upon foundational concepts. In looking at current progress

reports, we are excited to see that the students who were identified as academically weak last year have greatly improved their academic performance this year.

A Special Story for 2014: Respite to the polio-affected:

Dhansingh Nunsavath is a polio-affected boy from GurrapuThanda. His parents showed interest in educating Dhansingh only after Aletheia was established. Aletheia honored their desire and admitted him in the school. He was more or less a vegetable, unable to walk or to perform small physical errands. His mother used to carry him to the school every morning and take him back home in the evenings, and in her absence fellow students carried him. He was unable to stand on his own. Even if he did, he could not stand for long. Realizing that Dhansingh had taken the illness to heart, the school, including the students, did everything to pep-up Dhansingh.

Now he is able to walk without any support and rarely uses crutches. There has been a wonderful transformation in the life of Dhansingh. He even started kicking a football and running along with other children. Through Character Building classes, the teachers made Dhansingh know about Jesus Christ. This attitude of the school and children has brought a miraculous change in Dhansingh and his parents too have come to learn about the Lord. In fact, his condition was so deplorable that he was unconcerned even if flies and insects invaded his face and body. Today he is neatly and impeccably dressed.

Initially, Dhansingh was unable to grasp, to understand, or even converse with others. To make him understand the class lessons was a gigantic task. He had to repeat Lower Kindergarten (LKG) as he couldn't learn even the alphabet. Today he impresses his teachers by doing homework and scoring above average marks in all subjects.

Those who have seen Dhansingh a few years back may not be able to believe the physical and mental growth he achieved. Aletheia takes pride in the role it played in the transformation that took place in Dhansingh. It was a challenging task and

the teachers, staff and students together took up this challenge and achieved success. We praise the Lord Jesus Christ for Dhansingh and strongly believe that He has a special purpose for him.

Beyond Academics:

In addition to academics, the students have learned social skills such as polite communication and proper etiquette. Attendance has improved; almost all of the students are now aware that attendance is important to learning. We also have seen improvement in the personal hygiene of the students which includes attending school in proper, neat and tidy uniforms. They have learned to take care and to value their text books, note books and school bags. It is amazing to hear the children of illiterate and poor parents, mostly daily wage earners, talking about their ambitions, dreams and goals to become doctors, engineers and national level civil servants. This gradual widening of their positive outlook is due to the school atmosphere and the constant motivation and encouragement given by the teachers.

Outreach to Parents:

This year the teachers and the Principal frequently visited the surrounding villages and counseled parents and students with regard to: (a) student attendance; (b) student and family health and hygiene; and (c) good habits of students and parents, especially with respect to parent language and behavior in the presence of their children. The parents were quite appreciative of the concern of the school for their children. They readily agreed to follow the advice given by the teaching staff. They could positively feel and understand the underlying Christian spirit and attitude towards the community. The positive response of the community towards the work of the school is quite amazing and encouraging given that the Banjara community is traditionally against Christianity. During one of the teacher-parent meetings, some parents asked to pray for their children.

Adult Literacy Centers:

At the end of this academic year, ABS started a unique program on an experimental basis. In one village, ABS students of higher classes began an evening adult literacy center, where they taught their own illiterate parents to read and write in Telugu. These adults were enthusiastic, since basic literacy helps them conduct business in various banks, government offices, and civic organizations. Literacy also provides the ability to read Gospel tracts and helps them to read the Bible on their own. We wish to start such centers in more villages in the next academic year.

Visitors to Aletheia Banjara School:

Many supporters and partners from other countries visited the Aletheia Banjara School in 2014. Many of them return on a regular, if not annual, basis. Some brought gifts for the school and the students. Some visitors taught special English classes and conducted Vacation Bible School. One visitor, Mr. Steve Griffith, was a treat to all the student body, and 25 students whom he and his wife support were specially blessed to meet him in person. Each visitor shared deep love and support for our school, the students and the ministry we serve.

Capital Improvements:

In 2014, construction progressed on new classrooms. When finished, we will have at least six class rooms. Four new bathrooms have been added as part of the project. The pool is being used for construction work as well as teaching the students how to swim. New sports items were also purchased for the school.

OTHER MINISTRIES:

HIV/AIDS Awareness Seminars and HIV Treatment:

Because of illiteracy and poverty, the people of Banjara villages are one of the most HIV/AIDS affected groups in this part of India. GBBM is providing a wide range of informational strategies on the issue including several awareness seminars and ongoing campaigns for all age groups.

'Positive Patients' is one of many favorite programs. GBBM is working with doctors

and health organizations to bring treatment to the Banjara people.

Agricultural-Technical Support:

One of GBBM's goals is to help Banjara farmers. GBBM continues to provide assistance by teaching modern crop management techniques and farming practices.
