Return Reference	Explanation
GRANT EXPENDITURES OUTSIDE THE US	The END Fund has a robust grant and project management process since this is the primary programmatic work the Organization undertakes. Grant management includes in-person meetings with grant recipients, due diligence on their project, documentation encapsulated in a comprehensive grant agreement, quarterly or semi-annual reporting including current resource analysis and future grant requests. Upon completion of a project the Organization undertakes a critical review of the grant to glean lessons learned for use in future projects. Documentation used in grantmaking include an application form with a performance assessment framework, a proposed budget and cash flow from the grantee, risk scoring, the previously mentioned grant agreement, reporting templates for financial and narrative sections, and written reports following field visits and inspections. To develop our grantmaking strategy the Organization produces concept development documents and reviews these with an outside Technical Advisory Council. The Organization program staff meets in person with the grant recipient's team and discussed planned outcomes, work details, processes and reporting. All written grantmaking materials are retained centrally for archival purposes.
