Summary of gains and losses

	Amount (\$)
Short term	2 78
Long term	5,327 62
Total	\$5,330.40

Realized gains and losses

Estimated 2014 gains and losses for transactions with trade dates through 12/31/14 have been incorporated into this statement. Please note that gain or loss recognized on the sale or redemption of certain Structured Products, like Contingent Debt Securities, may be ordinary, and not capital, gain or loss. Please check with your tax advisor. To calculate gains and losses, we liquidate the oldest security lot first. This is known as the first-in, first-out or FIFO accounting method. We use this method unless you specified which tax lot to close when you placed your order. This is known as a versus purchases or VSP order.

See important information about your statement on the last page of this statement for more information. We may not adjust gains and losses for all capital changes. Cost basis for coupon tax-exempt municipal securities, include securities subject to AMT, has been adjusted for mandatory amortization of bond premium. Estimates in the Unclassified section can not be classified as short term or long term because information is missing, or the product is one in which the gain/loss calculation is not provided.
