The Association accounts for uncertain tax positions in accordance with the provisions of FASB Codification topic Income Taxes. Income Taxes clarifies the accounting for uncertainty in income taxes and requires the Association to recognize in the financial statements the impact of a tax position taken or expected to be taken in a tax return, if that position is more likely than not to be sustained under audit, based on the technical merits of the position. Management has assessed the tax positions of the Association and determined that no positions exist that require adjustment or disclosure in the financial statements. The Association is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Association believes it is no longer subject to income tax examinations for years prior to 2011.
