*Before you check Box D, E, or F below, check whether you received any Form(s) 1099-B or substitute statement(s) from your broker. A substitute statement will have the same information as Form 1099-B. Either may show your basis (usually your cost) even if your broker did not report it to the IRS. Brokers must report basis to the IRS for most stock you bought in 2011 or later (and for certain debt instruments you bought in 2014 or later).*

**Part II Long-Term.** Transactions involving capital assets you held more than 1 year are long term. For short-term transactions, see page 1.

**Note.** You may aggregate all long-term transactions reported on Form(s) 1099-B showing basis was reported to the IRS and for which NO adjustments or codes are required. Enter the total directly on Schedule D, line 8a; you are not required to report these transactions on Form 8949 (see instructions).

**You must check Box D, E, or F below. Check only one box.** If more than one box applies for your long-term transactions, complete a separate Form 8949, page 2, for each applicable box. If you have more long-term transactions than will fit on this page for one or more of the boxes, complete as many forms with the same box checked as you need.

- ☒ **(D)** Long-term transactions reported on Form(s) 1099-B showing basis was reported to the IRS (see **Note** above)
- ☐ **(E)** Long-term transactions reported on Form(s) 1099-B showing basis was **not** reported to the IRS
- ☐ **(F)** Long-term transactions not reported to you on Form 1099-B

## Income for 2014

This section reports your sales transactions during the year. A schedule of your net gains and losses is shown below. Please note that if you have sold an asset for which the cost basis information is unknown it is shown separately in the section entitled Transactions with Unknown Cost Basis. Please review these carefully when preparing your return. An asterisk symbol (\*) next to the tax cost indicates that the tax cost has been adjusted for current year's return of capital.

The following items are provided to you to assist in the preparation of your tax returns. We have included the following Codes and Adjustment amounts: "W" for wash sales, "C" for collectibles, and "D" for Market Discount. Typically, collectibles are taxed at 28% rates. For your convenience, if applicable, we have included the portion subject to Section 988 translation gains and losses and Market Discount in the column titled "Portion Subject to 988 and Market Discount." We have also included gains on collectibles taxed at 28% rates in the last column. If we have included a dagger symbol (†) next to the sale transaction with a net loss, this indicates that you can not take a loss on your tax return based on gross proceeds from a reportable change in control or capital structure.
