Proposal Guidelines

If you are invited to submit a proposal, you should submit it via your Meyer online account at https://www.grantrequest.com/SID_891?SA=AM. Once logged in, you will see a link titled "Proposal for General Grantmaking." Please use this link to upload your proposal narrative and other required attachments. The Meyer Foundation **does not** accept the Washington Regional Association of Grantmakers Common Grant Application.

The **online application** will ask you to confirm the organization, contact, and request information you submitted with your Letter of Inquiry. In addition, it asks:

- How many volunteers are engaged with your organization.
- How your organization's work addresses the specific program priorities and outcomes described in the Foundation's guidelines.
- How many people your organization serves. (Include a breakdown that differentiates between those who have one-time interactions with your organization and those who are served over a longer period of time or in more substantive ways.)

Note: For project or program requests, please answer the questions above in the context of the individual project or program for which you are requesting funding. For general operating support requests, your responses should reflect the organization's programmatic work as a whole.

The online application will also ask:

- How many board members your organization has;
- How many board members make an annual personal financial contribution; and
- The total amount contributed by the board.

Proposal Narrative

In **up to five single-spaced pages**, the proposal narrative should answer the following questions:

1. How does your work create lasting improvements in the lives of low-income people in the Greater Washington region?
2. What programmatic outcomes is your organization working to achieve over the next year?
3. How do you measure impact?
4. What are your major organizational goals and challenges for the coming year? What steps are the board and staff taking to address these challenges? (Please do not repeat your response to previous questions.)

Required Proposal Attachments

1. Current internal balance sheet
2. Year-to-date statement of activities (preferably compared to budget)
3. Financial statements (audited or unaudited) for the most recently-completed fiscal year
4. An updated list of your organization's current major funders and amounts committed or requested from each
5. Other documents as requested by your program officer

**Meyer Foundation Proposal Guidelines
Page 2 of 2 / Revised January 2015****Important! Final Report on Last Year's Grant (if applicable)**

If your organization has a report due within the next several months on a regular (non-MAP) grant, please also submit an abbreviated final report narrative and attach the required financial documents. This will fulfill your upcoming report requirement.

If the grant has not been fully spent, please indicate so and we will consider this an interim report. We will prompt you to submit a final financial report at the original report deadline (but you will not need to submit another narrative). If you need a grant extension, please contact your program officer.

Final Report Narrative

In the context of the proposal you submitted before the grant was awarded, your report narrative should answer the following questions.

1. What outcomes have you achieved during the grant period? If you did not achieve your intended results, why not?
2. Do you have any evaluation or outcomes data to demonstrate your success? How are you using that information to improve your work?
3. Have there been any unanticipated changes in your organization or the project since the grant was awarded (including executive leadership, board, facilities, location)?
4. What important lessons (if any) have you learned during the grant period?

Final Report Financial Attachments

For general support grants:

- Statement of activities (sometimes called an income statement, or profit and loss statement) for the fiscal year(s) in which the grant was spent.
- Balance sheet (sometimes called a statement of financial position) for the fiscal year(s) in which the grant was spent.

For program or project support grants:

- The two items requested above, and
- A financial report that shows budgeted vs. actual income and expenses for the project or program during the grant period. *This report does not necessarily need to align with your organization's fiscal year, but should be consistent with the budget submitted with your original grant request.*
