If you checked 11c of Part I, complete Sections A, D, and E. If you checked 11d of Part I, complete Sections A and D, and complete Part V.)

Section A. All Supporting Organizations

	Yes	No
1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.	1	
2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).	2	
3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer (b) and (c) below.	3a	
b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in Part VI when and how the organization made the determination.	3b	
c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in Part VI what controls the organization put in place to ensure such use.	3c	
4a Was any supported organization not organized in the United States ("foreign supported organization")? If "Yes" and if you checked 11a or 11b in Part I, answer (b) and (c) below.	4a	
b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations. . . .	4b	
c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.	4c	
5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer (b) and (c) below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed, (ii) the reasons for each such action, (iii) the authority under the organization's organizing document authorizing such action, and (iv) how the action was accomplished (such as by amendment to the organizing document).	5a	
b Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?	5b	
c Substitutions only. Was the substitution the result of an event beyond the organization's control?	5c	
6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (a) its supported organizations, (b) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (c) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? If "Yes," provide detail in Part VI .	6	
7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (defined in IRC 4958(c)(3)(C)), a family member of a substantial contributor, or a 35-percent controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990) .	7	
8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described in line 7? If "Yes," complete Part II of Schedule L (Form 990).	8	
9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in Part VI .	9a	
b Did one or more disqualified persons (as defined in line 9(a)) hold a controlling interest in any entity in which the supporting organization had an interest? If "Yes," provide detail in Part VI .	9b	
c Did a disqualified person (as defined in line 9(a)) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? If "Yes," provide detail in Part VI .	9c	
10a Was the organization subject to the excess business holdings rules of IRC 4943 because of IRC 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? If "Yes," answer b below.	10a	
b Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings).	10b	
11 Has the organization accepted a gift or contribution from any of the following persons?		
a A person who directly or indirectly controls, either alone or together with persons described in (b) and (c) below, the governing body of a supported organization?	11a	
b A family member of a person described in (a) above?	11b	
c A 35% controlled entity of a person described in (a) or (b) above? If "Yes" to a, b, or c, provide detail in Part VI.	11c	

Part IV

Supporting Organizations (continued)

Section B. Type I Supporting Organizations

	Yes	No
1 Did the directors, trustees, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's directors or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove directors or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.		
2 Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised or controlled the supporting organization.		

Section C. Type II Supporting Organizations

	Yes	No
1 Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).		

Section D. All Type III Supporting Organizations

	Yes	No
1 Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (1) a written notice describing the type and amount of support provided during the prior tax year, (2) a copy of the Form 990 that was most recently filed as of the date of notification, and (3) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
2 Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).		
3 By reason of the relationship described in (2), did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.		

Section E. Type III Functionally-Integrated Supporting Organizations

	Form 990-EZ, Part III, Line 28, Habitat Restoration	<p>Audubon at Home The Audubon at Home program is designed to conserve and expand healthy habitat needed to sustain native plants and wildlife in Loudoun County In the spring, Sally Snidow and Ann Garvey did the first visit of the year to the Ed Felker property Ed's property was certified and he was inspired to tell the story of his first experience with native plants and monarchs on his blog In May, an orientation was held for eight new Ambassadors By November 30, 29 properties were certified for a total of 621.3 acres The two-year total of 77 certified properties is now 1,580.1 acres In 2014, 101 people signed up for visits For logistical reasons, not all requests were met By the end of 2014 we had 12 active Ambassadors We are assisting Audubon to map the certified properties in Northern Virginia using GIS and hope to show the emergence of wildlife corridors Habitat Restoration Our habitat restoration projects centered on establishing two major Monarch waystations and revisiting a tree planting project to ensure the trees and plants would continue to thrive The Monarch waystation projects were conducted at Morven Park and at the Blue Ridge Center for Environmental Stewardship We welcomed the support of numerous Girl Scout troops who between the two sites planted 3,285 milkweed and nectar plants These waystations were completed on May 24 and by mid-summer, Monarch butterflies had found them We found numerous caterpillars and eggs amongst the milkweed leaves and enjoyed watching Monarchs and other butterflies nectar on the plants Another major project was maintenance at the Town Branch riparian tree buffer In 2009 and 2010, Loudoun Wildlife Conservancy partnered with the Piedmont Environmental Council and the Town of Leesburg to plant over 500 native trees, shrubs, and perennials along Town Branch, next to the bowling alley on Catoclin Circle It was a successful and purposeful collaboration between the Town of Leesburg and its volunteer citizens In February, Charlie Mumaw, Deputy Director of Leesburg's Dept. of Public Works, reached out to Loudoun Wildlife to see if we would work with Public Works to take care of some issues at the same Town Branch site We found that beavers had damaged several trees and shrubs, and many of the mesh protectors around the trees had been loosened by flooding and deer On April 21, a dozen volunteers spent several hours making sure most of the trees and shrubs will survive and thrive The Town of Leesburg thanked the volunteers with a free pass for the Ida Lee Recreation Center Landscape for Life Landscape for Life was offered for the first time this September The course consists of five 2.5-hour classes and provides participants with knowledge resources to enable them to undertake sustainable gardening It was developed by the Lady Bird Johnson Wildflower Center and the US Botanic Garden based on the Sustainable Sites initiative Thirty-six people attended the classes Nan McCarry was the lead teacher, having completed the webinar training for the course Highlights of the classes included the sharing atmosphere, field trips and loads of great information provided through online media, lectures and resource books Loudoun Wildlife Native Plant Sales The native plant sales held in the spring and fall continue to grow In addition to our two outstanding native plant nurseries offering plants, the sale now includes numerous educational exhibits and information for experienced and novice gardeners People are delighted with the new Morven Park location Attendance and gross sales increased, with an all-time record set in 2014 Our delightful team of about 40 volunteers makes the day fun for everyone Monarch Campaign In 2013, we launched our Monarch Campaign, Bringing Back the Monarch, Keeping the Magic Alive In 2014, we built upon the progress made during the first year The campaign had four goals 1) Raise awareness for the plight of the Monarch through speaker programs and outreach events, 2) help restore Monarch habitat by making native, pesticide-free milkweed and nectar plants available locally and growing the number of Monarch waystations registered with Monarch Watch, 3) engage people in raising and releasing at least 2,014 Monarchs found in our gardens and local habitats, and 4) connect people in the United States with those in Mexico By the end of 2014, we had conducted 36 speaker and outreach events, which included talks to garden clubs, scouts, Audubon and other nature groups, and the general public and had reached 1,960 people Through restoration projects and plant sales, 5,700 milkweed plants were planted across our community in 2014 and the number of waystations registered in Loudoun grew from 89 to 140 As a community, we raised and released 2,399 Monarch butterflies found as caterpillars We continued our work with local schools and now 40 of 85 schools have Monarch waystations We hope to be the first school system in the country with</p>

Form 990-EZ, Part III, Line 29, Environmental Education	<p>Programs & Field Trips One of the most important services Loudoun Wildlife Conservancy provides is its series of educational programs and field trips. These events provide a rich source of information on everything from environmental issues to education about local wildlife and habitat sustainability. The quality of our programs and field trips is enhanced through community partnerships that provide access to properties for our trips and occasionally speakers for our programs. In return, Loudoun Wildlife provides valuable services to these organizations by assisting with educational programs, nature walks, and resources, all of which are offered free of charge. Throughout 2014, Loudoun Wildlife Conservancy offered numerous walks and field trips ranging from discussions on trees, local fauna, birds and insects. This year's programs began with Paul Engman's riveting Owl discussion which attracted over 150 people! In addition, several new events were offered including Dr. Sylvia Vitazkova's program on "Conservation, Sustainability & Spirituality", a photography program by professional photographer Jeff Mauritzen, a nighttime program on moths with Dr. David Adamski, a Beetle program by entomology expert Dr. David Furth, a Hummingbird program by Bruce Peterjohn and a December program on the "Plight of Migrating Birds" by Greg Butcher. With support from Morven Park, Loudoun Wildlife Conservancy established new trails at the Park along with monthly nature walks. Annual events such as the amphibian and bluebird monitoring, spring wildflowers walk, dragonfly field trip, and the butterfly count and bird walks continue to gain in popularity. Our Monarch Butterfly Campaign continued to attract new people with many educational programs and milkweed plantings throughout the year. The numbers back up the increasing popularity of these events. During 2014 we offered 52 field trips and 19 programs, with an attendance of over 1,800 people throughout the year.</p> <p>Youth Environmental Education In 2014 Loudoun Wildlife continued its dedication to educating and involving our youngest citizens in conservation and nature. This year, the committee organized and participated in numerous youth-orientated programs from beginning birding classes to nature hikes and numerous children's day activities. One-on-one activities reached over 70 Loudoun County youth, not including participants in our major program events. Activities to reach children take place at schools, in the field, and at local facilities such as Morven Park. The following is a list of some of the Youth Environment Educational highlights in 2014:</p> <ul style="list-style-type: none"> * Held two beginning birding classes for youth and families * Conducted a summer program, "Birding Experience for Children" at the Blue Ridge Center for Environmental Stewardship * Conducted six after-school nature club programs at Lincoln Elementary School * Judged in the Loudoun County Public Schools Regional Science Fair * Selected two students for scholarships for Nature Camp, Inc. * Sponsored a "Night Sounds" program presented by Kevin Dodge-Garret County College professor * Conducted a wildflower walk for children and families at Ball's Bluff Regional Park * Conducted Children's Adventure Day at Banshee Reeks for ages 8-12, including stream ecology, tree identification, invasive plants, and cane pole fishing * Conducted nature program and walk for Gum Springs Library * Provided programs for Morven Park Adventure Camps (KaMP) * Planned and implemented a series of four after-school programs at Emerick Elementary School as part of the Earth Savers Club.

	Form 990-EZ, Part III, Line 30, Citizen Science	<p>Amphibian Monitoring Our amphibian monitoring program focused on education We kicked off the year in February with a classroom session that provided an introduction to all the frogs, toads, salamanders and newt species found in Loudoun and an overview of our monitoring protocol In March, 31 people participated in the Vanishing Vernal Pools workshop During the field session, we visited a variety of sites that included both suburban and unaltered habitats A highlight was visiting the vernal pools at Morven Park that were created through the 2012 and 2013 construction workshops These pools were not only holding water but also were also supporting wood frogs and Jefferson Salamanders This is the first year in 10 years of monitoring that we have seen recruitment of new individuals back into the population Our team also visited Gum Farm, the globally rare upland depression swamp with sink hole vernal pools Here, participants had close-up views of marbled salamander tadpoles, fairy shrimp, wood frogs egg masses and Jefferson Salamander egg masses Bird Atlas The unusually cold start to 2014 provided an exciting finish to the data collection phase of the Loudoun County Bird Atlas This tremendous five year undertaking was a big success, thanks to the dedication of 85 enthusiastic atlasers who volunteered almost 6,000 hours in the field and reported over 64,500 sightings The result was 263 species documented between April 2009 and March 2014, with 104 of these species confirmed as breeding in Loudoun County Products from the Bird Atlas will include an updated Birds of Loudoun Checklist, an atlas summary article, species accounts with distribution maps, comparisons with the 1985- 1989 Virginia Breeding Bird Atlas, and identification of important bird areas throughout the county Identifying important bird areas will allow Loudoun Wildlife Conservancy and other local conservation groups to design strategies to protect the birds and other wildlife within these areas Our thanks continue to Spring Ligo who serves as coordinator of this project Birdathon 2014 As one of Loudoun Wildlife's annual fundraising events, a Birdathon is conducted every spring Community teams are created to compete in the counting of species over a 24-hour period In 2014, eight teams raised \$8,500 during the Birdathon (May 3 - May 10) and had a lot of fun finding over 120 species of birds all over the county! Bird Counts The highly successful Eighteenth Central Loudoun Christmas Bird Count (CBC) was held on December 27 The 100 people participating found 96 species and 29,979 individuals with the most unusual sightings being a first-ever Blue Grosbeak, a count week dark phase (blue) Snow Goose and 37 Bald Eagles The 55 Red-headed Woodpeckers found were not only a new high for the count, they were an incredible jump from last year's three when there were virtually no acorns to be found in the area One of the most interesting aspects of a CBC is how much it varies from year to year, even more interesting is trying to figure out why the differences occur While some of the reasons such as the lack of acorns one year as compared to another year, or a heavy rain keeping both birders and birds hunkered down an entire day are obvious, other changes are harder to determine What is clear is that the value of Christmas Bird Counts comes from the long-term trends they document There is little doubt that Bald Eagles and Common Ravens are doing much better than they did when this count started 18 years ago, while Northern Bobwhites have virtually disappeared What's especially interesting is that when one compares the results of all the Christmas Bird Counts in our area, these trends are seen to be occurring all over the mid-Atlantic The more than 2,000 counts and more than 20,000 people participating, along with the oversight from the scientists, make this citizen science at its best And, at the end of an almost perfect winter day, 58 of us gathered at the inviting and beautiful Oatlands Plantation Carriage House for a Tally Rally where we shared a hearty meal and lots of birding tales Loudoun Wildlife thanks the many landowners, private and public, who let us visit their properties Without that access, this count would not be nearly as successful We also want to thank all the birders, experienced and beginner, and especially the 20 or so sector leaders who spent hours in the field and made this a very successful count Bluebird Nest Monitoring During the 2014 Bluebird nesting season, 1,269 bluebirds fledged from boxes Loudoun Wildlife monitors These boxes are part of 36 public and private trails located throughout Loudoun County Dedicated volunteers install and maintain these bluebird trails by monitoring the nesting activities on a weekly basis during the breeding season and transmitting the results to Loudoun Wildlife Their work is part of critical conservation efforts conducted throughout the county In addition to bluebirds,</p>

Volunteers counted 967 tree swallows, 52 chickadees, and 184 house wrens fledged from these boxes in 2014. This brought the total number of protected species fledglings to 2,473. Butterfly Count: Heading into our butterfly count this year, many people were asking, "Where are all the butterflies?" Across our area, other butterfly counts had already taken place and numbers were very low. We believe this was due to the extreme cold caused by the polar vortex and the ensuing cooler spring. Most of our butterflies overwinter as chrysalides or caterpillars. Some overwinter in the egg stage and a few, like the Question Mark and Comma, overwinter as adults. The harsh temperatures may have been too much for many of them and the cooler spring delayed some of our plants. Our count took place on August 2 with eight teams and 76 people. How did we do? With the exception of last year and its downpour, our count has averaged about 3,500 butterflies. We were a little below that with 3,063 individual butterflies. In terms of species diversity, however, our average is approximately 50 and this year we found 55 species! This is only the second time that we have found that many species. What were the standouts this year? There was a Giant Swallowtail at the Blue Ridge Center for Environmental Stewardship that got everyone's attention! We spotted 63 Monarchs, giving us an indicator that Monarchs may see a modest recovery this year. Silver-spotted Skippers and Eastern-tailed Blues were out in force and our teams found 424 and 487 respectively! We also had the highest number of Zebra Swallowtails (58) ever spotted on our count but other swallowtail numbers were down. We also saw very few hairstreaks although we did have 5 Juniper Hairstreaks at one location. Fritillaries were also lower. _</p>

Form 990-EZ, Part III, Line 31, Conservation Advocacy	<p>In 2014 Conservation Advocacy made major strides in our community. Highlights from the year are presented as follows:</p> <p>Promoting a Fresh Approach to Lyme Disease Prevention In February, Loudoun Wildlife Conservancy released a position paper titled "Rebalancing Loudoun County's Approach to Lyme Disease Mitigation." We called on the Loudoun County Board of Supervisors and Lyme Disease Commission to dedicate Lyme prevention resources to public information on personal protective measures that have shown the highest effectiveness in reducing Lyme disease incidence, instead of pesticides that present risks to people and non-target animal species. In July, the Lyme Commission announced its recommendation for 2014, with which the Board of Supervisors agreed, not to spray pesticides in county parks. In November, the Board of Supervisors directed the Lyme Commission to develop a 2015 tick-borne disease prevention plan focusing exclusively on education. These outcomes were consistent with Loudoun Wildlife Conservancy recommendations.</p> <p>Raising Awareness of Vultures' Important Ecosystem Role Loudoun Wildlife Conservancy met with the Town of Leesburg decision makers to outline concerns about hanging dead vultures and other dispersal techniques that have been used by USDA Wildlife Services under a contract with the Town. After research including interviews with USDA Wildlife Services biologists, we presented the Town with information about the critical ecosystem services performed by vultures, together with recommendations for humane and effective management.</p> <p>Promoting Limits on Light Pollution During the lead-up to a Board of Supervisors vote on expanding Franklin Park field lighting, Loudoun Wildlife Conservancy issued a public letter outlining the adverse impact of artificial lighting on wildlife.</p> <p>Working with the Loudoun County Preservation and Conservation Coalition Throughout 2014, Loudoun Wildlife Conservancy was an active member of the Loudoun County Preservation and Conservation Coalition. We joined the Coalition in supporting a bill, now signed into law, providing for maintenance of Loudoun County's 330-mile rural road network, including maintenance of roadside trees that provide shelter and food to many wildlife species.</p> <p>Supporting Regional and National Conservation Coalitions As a member of the Choose Clean Water Coalition, which advocates for restoring the thousands of streams and rivers flowing to the Chesapeake Bay, Loudoun Wildlife Conservancy co-signed several petitions to federal lawmakers and executive agencies calling for clearer protection of seasonal streams and wetlands via the Waters of the United States Rule. Loudoun Wildlife Conservancy also signed on to a petition led by the Center for Biological Diversity, Center for Food Safety, and Xerces Society to support listing the monarch butterfly as a threatened species under the US Endangered Species Act.</p>
