Description of the terms and conditions under which the foundation ordinarily makes such grants:

To qualify for a grant the recipient must be a degree candidate that is a full-or part-time student pursuing studies or conducting research at the primary or secondary level; at the undergraduate or graduate level for an academic or professional degree; or a student at an educational organization described in Section 170(b)(10(A)(ii) (a university, college, or other educational organization which normally maintains a regular faculty and curriculum and normally has a regularly enrolled body of pupils or students in attendance at the place where its educational activities are regularly carried on) that either offers credits toward a graduate or undergraduate degree or offers training in a recognized occupation and is accredited by a nationally recognized accreditation agency.

Description of the private foundation's procedure for exercising supervision over grants.

The private foundation requires the following from the grantee each year of the grant:

- A report of the grantee's courses taken and grades received in each academic period. Such a report must be verified by the educational institution attended by the grantee and must be obtained at least once a year. Failure to timely provide the reporting will result in withholding further payments to the extent possible until any delinquent reports have been submitted.
- That the grantee maintains a certain grade point of "B+" or 3.5.
- It is contemplated that the grant will be paid directly to the education institution and such institution will agree to use the grant funds to defray the recipient's expenses or pay the fund to the recipient only if the recipient is enrolled at such educational institution and his standing at such institution is consistent with the purposes and conditions of the grant. If, however, the institution is not willing or able to supervise the funds, then the funds will be paid directly to the grantee. In such situation, the grantee will be required to provide a report detailing how the money was spent.
- Letter from the grantee explaining what they are doing in school
- An example/sample of an essay or project submitted to a college class they have attended.

Description of the foundation's procedures for review of grantee reports, for investigation where diversion of grant funds from their proper purposes is indicated, and for recovery of diverted grant funds.

Where the reports submitted under the above procedures (or the failure to submit reports) indicates that all or any part of the grant is not being used in furtherance of the purposes of such grant, the foundation will investigate. While conducting its investigation, the foundation will withhold further payments to the extent possible until any delinquent reports required by the above procedure have been submitted.

In cases in which it is determined that any part of the grant has been used for improper purposes and the grantee has not previously diverted grant funds to any use not in furtherance of the granting of the grant, the foundation will:

- Take all reasonable and appropriate steps necessary to recover the grant funds or to insure the restoration of the diverted funds and the dedication of other grant funds held by the grantee to the purposes being financed by the grant, and
- Withhold any further payments to the grantee after the grantor becomes aware that a diversion may have taken place until it has:
 - Received the grantee's assurances that future diversions will not occur, and
 - Required the grantee to take extraordinary precautions to prevent future diversions from occurring.

In cases where a grantee has previously diverted funds received from the foundation, and foundation determines that any part of a grant has again been used for improper purposes, the foundation will:

- Take all reasonable and appropriate steps to recover the grant funds or to insure the restoration of the funds and the dedication of other grant funds held by the grantee to the purposes of the grant and,
- Withhold further payments until:
 - Such funds are in fact so recovered or restored,
 - It has received the grantee's assurances that future diversions will not occur, and
 - It requires the grantee to take extraordinary precautions to prevent future diversions from occurring
