Return Reference	Explanation
Part V, Line 4 Intended uses of the endowment fund	Endowment Funds are reported in this section because they are held by St Charles Foundation, Inc , a related entity of SCHS. Permanently restricted endowment funds are primarily to be used for continuing education scholarships for caregivers and the professional medical community, support of SCHS' Community Benefit Programs, and in the area of greatest need. The Floyd Dement Hospital Trust Fund Testamentary Trust is administered by the Union Bank of California under a trust agreement which provides that the annual income be distributed to the Foundation for charity care to be provided to St Charles Bend St Charles Foundation Board. Designated endowments consist of two individual funds established for community benefit and indigent care.
Part X FIN48 Footnote	The audited financial statements contain the following footnote: Accounting principles generally accepted in the United States of America require SCHS' management to evaluate tax positions taken by the Corporation and recognize a tax liability (or asset) if the Corporation has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed tax positions taken by the Corporation and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Corporation is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Corporation's management believes it is no longer subject to income tax examinations for years prior to 2011.

Form and Line Reference	Explanation
Part I, Line 7 - Explanation of Costing Methodology	The costing methodology used was derived from SCHS's financial and cost accounting systems, which address all hospital-based patient segments and other services provided A cost-to-charge ratio from these financial systems was used to calculate the cost of Financial Assistance in line 7a Numbers reported in column (b) in lines 7a and 7b refer to the number of patient encounters

Form and Line Reference	Explanation
Part I, Line 7, Column F - Explanation of Bad Debt Expense	5,201,906

Form and Line Reference	Explanation
Part III, Line 2 - Methodology Used To Estimate Bad Debt Expense	When SCHS provides care to patients, it does not require collateral, however, it maintains an estimated allowance for doubtful accounts. The primary collection risks relate to uninsured patient accounts and patient accounts for which the primary insurance payor has paid, but patient responsibility amounts (generally deductibles and copayments) remain outstanding. The allowance for doubtful accounts is estimated based primarily upon SCHS historical collection experience, the age of the patients account, managements estimate of the patients economic ability to pay, and the effectiveness of collection efforts. Patient accounts receivable balances are routinely reviewed in conjunction with historical collection rates and other economic conditions that might ultimately affect the collectibility of patient accounts when considering the adequacy of the amounts recorded in the allowance for doubtful accounts. Actual write offs have historically been within managements expectations.

Form and Line Reference	Explanation
Part III, Line 3 - Methodology of Estimated Amount & Rationale for Including in Community Benefit	SCHS currently has no reasonable way to track or estimate the amount of bad debt expense attributable to charity care, and accordingly this line has been left blank

Form and Line Reference	Explanation
Part III, Line 4 - Bad Debt Expense	See page 10, footnote 1 (g) "Patient Accounts Receivable, Allowance for Doubtful Accounts, and Other Receivables", in the attached Audited Financial Statements

Form and Line Reference	Explanation
Part III, Line 8 - Explanation Of Shortfall As Community Benefit	As a response to efforts to improve the health and quality of life of people living in the community, SCHS provided \$27,790,195 in unreimbursed services to patients enrolled in traditional Medicare programs SCHS believes that the Medicare shortfall should be treated as a community benefit since it has a clear mission to serving and improving the health status of the elderly If SCHS should cease to exist, this shortfall would have to be absorbed by another health care provider Costs are from the Medicare Cost Report, but none of these costs are being claimed as a community benefit in Part I, line 7 Our community benefit report shows a Medicare shortfall of \$55,564,307, which differs from the shortfall of \$27,790,195 reported in Part III Section B because Part III Section B includes only those costs allowed in the Medicare Cost Report which excludes the Medicare Advantage shortfall, this shortfall is included in our annual community benefit report

Form and Line Reference	Explanation
Part III, Line 9b - Provisions On Collection Practices For Qualified Patients	Collection policies are the same for all patients. Every effort will be made to identify patients who may need financial assistance at the earliest point during the patients experience with St. Charles. Patients may be identified as a candidate for financial assistance at any time before, during or after services are delivered. If at any point during the collection process documentation or information is received that indicates the patient may be eligible for our financial assistance program, the account will be reviewed by our financial assistance team for presumptive eligibility. If the responsible party does not respond to statements, letters or phone calls within 120 days of billing the patient balance due, St. Charles will run all accounts through charity advisor software and the probability of payment will be determined electronically. If the probability of payment is low, the encounter will be written off to free care.

Part VI - Needs Assessment	<p>St Charles Health System (SCHS) assesses the needs of each of our communities in many different ways other than the facility community health needs assessments. SCHS partners with Healthy Communities Institute (HCI) to purchase a dashboard of each community and population's risk profiling data that is continuously updated, accessible to the community, easy to understand and directly embeddable in our existing website. This information helps SCHS to keep a finger on the pulse of each populations many health indicators, helping us to continually assess each community's needs, positive changes and/or opportunities for improvement. This information can be found at http://www.stcharleshealthcare.org/Healthy-Communities/CHNA. We also have partnered with the three local health departments and PacificSource Health Plan to fund Healthier Central Oregon, a Healthy Communities Network dashboard (another HCI product) similar to the SCHS purchased dashboard, with enhancements such as local news, BMI calculator, a walk score and website survey. To view this information, please go to http://www.healthiercentraloregon.org/. Each year St Charles also produces the St Charles Health System Annual Report. This report is comprised of a summary of each of the following: Community Benefit Totals, Financial Overview, Days cash on hand, Operating margin, Excess margin, Full time employee count. Each health system facility (St Charles Bend, St Charles Redmond, Pioneer Memorial Hospital and St Charles Madras) Births, Discharges, In-patient cases, Out-patient cases, Emergency visits, St Charles Medical Group, Patient visits for each clinic, St Charles Foundation Distributions (amount and to which service line). The 2013 Annual Report is posted online on the St Charles Health System website at https://www.stcharleshealthcare.org/About-Us/Reports. This report and the primary data collected for its creation let us know what the trends are for different hospital stays, conditions and out-patient visits, helping to decide what services we offer and where the needs are. St Charles also plays a significant role in local, regional and State groups in order to stay abreast of the newest information, trends, health data and best practices. SCHS has representation on the Central Oregon Health Council, the governance entity over the region's Coordinated Care Organization, PacificSource Community Solutions, alongside representatives from the three counties, PacificSource Health Plan, county commissioners, local medical clinics and regional dental clinic. By participating on this council, St Charles is able to hear from the experts in each of the three counties to hear firsthand how each community is doing and what their health needs are. St Charles also sits on different committees for the Oregon Association for Hospitals and Health Systems (OAHS), local non-profits and is a strategic partner with the Institute for Healthcare Improvement (IHI). Being part of these groups helps St Charles to better understand the needs of our communities while also learning how to better collect, track, report and improve upon collected information.</p>

Part VI - Community Building Activities	Our community building activities focused on workforce development activities which support the community by offering the expertise and resources of our hospital systems caregivers for the betterment of the community. Part VI - Explanation Of How Organization Furthers Its Exempt Purpose	<p> SCHS provides services without charge, or at amounts less than its established rates, to patients who meet the criteria of its charity care policy. SCHS criteria for the determination of charity care include the patients or other responsible parties annual household income, number of people in the home and amount claimed on taxes, assets, credit history, existing medical debt obligations and other indicators of the patients ability to pay. Generally, those individuals with an annual household income at or less than 250% of the Federal Poverty Guidelines (the Guidelines) qualify for charity care under SCHS policy. In addition, SCHS provides discounts on a sliding scale to those individuals with an annual household income of between 250% and 400% of the Guidelines. Since SCHS does not pursue collection of amounts determined to qualify as charity care, those amounts are not reported as net patient service revenue. Because both Madras and Prineville are located in medically underserved areas (MUAs), the resources used for provider recruitment in those communities are counted as community benefit. St. Charles also allows nursing students, high school students and other providers to partake in job-shadowing with our paid caregivers to help them complete their course work and/or earn credits, without restrictions related to future employment. The St. Charles Health System Board of Directors is comprised of members from all communities served by the system: Bend, Redmond, Prineville and Madras, etc. allowing for diverse views and leadership related to promoting the health of the community. Community classes are offered at each campus, including Preventing Osteoporosis, NEW Start (nutrition education), Childbirth Education, Diabetes Education, etc. In order to continue to promote health in the community and eliminate barriers, scholarships are available for those who are unable to pay but would still like to participate in any of these classes. Being the only health care system in Central Oregon, many non-profit community organizations come to St. Charles needing funds and other donations, such as in-kind support. During 2014, St. Charles facility caregivers provided thousands of hours of in-kind support to these organizations who share in St. Charles vision of Creating Americas healthiest community, together. In-kind support activities include but are not limited to membership on non-profit community organization boards, below fair market value rent fees, cleaning and landscaping services and hours spent coordinating events promoting health improvement for vulnerable and low-income community members. </p>

This completed form is automatically submitted to the SCHS Compliance Officer and/or Senior Internal Auditor who will evaluate the completed forms and present a report to the Governance Committee. In addition, should a subsequent conflict arise after the submission of the previously completed Conflict of Interest Questionnaire, each interested person shall orally disclose, prior to the Board's or the relevant committee's consideration of a proposed transaction or arrangement, the existence of any financial interest that he or she may have with respect to the transaction or arrangement. The board will then review the transaction or arrangement to determine if it is in SCHS's best interest, for its own benefit, and whether it is fair and reasonable.
