Part X - FIN 48 Footnote

Accounting principles generally accepted in the United States of America provide guidance related to uncertainties in income taxes recognized in an organization's financial statements and provides guidance on financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The ApHC has evaluated state, federal and foreign tax positions taken in the current year, for which the statute of limitations is still open, and determined that it is more likely than not that each position would be sustained upon examination.
