Return Reference	Explanation
Part V, Line 4	Endowments are used to promote the ability to perform research and education in the field of Osteopathic medicine
Part X, Line 2	The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this guidance, the Association may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the Association, and various positions related to the potential sources of unrelated business taxable income. As of May 31, 2015 and 2014, there were no unrecognized tax positions identified or recorded as liabilities.
