Return Reference	Explanation
Part III, Line 4	The collection consists of a limited heritage edition of world-renowned Saint John's Bible. The heritage edition is a completely handwritten and illustrated re-creation of the original Saint John's Bible. The Saint John's Bible is a significant representation of the Word of God and a compelling work of art. This rare gift to Clarke will serve as a testament to our Catholic heritage and it will be a source of pride for the University and community. The University plans to exhibit the Bible as volumes are received and is planning a speaker series to accompany each volume's arrival.
Part IV, Line 2b	Student deposit accounts are held by the University for various student groups on campus.
Part V, Line 4	The endowment funds are invested to provide for total return. Spending from the endowment supports scholarship and other educational activities.
Part X, Line 2	The University is recognized as exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The University is subject to federal and state income taxes on any net income from unrelated business activities. The University files a Form 990 (Return of Organization Exempt from Income Tax) annually. When these returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the tax position taken or the amount of the position that would ultimately be sustained. Examples of tax positions common to universities include such matters as the following: the tax exempt status of each entity and various positions relative to potential sources of unrelated business taxable income (UBIT). The benefit of tax position is recognized in the financial statements in the period during which, based on all available evidence, management believes that it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any. Tax positions are not offset or aggregated with other positions. Tax positions that meet the "more likely than not" recognition threshold are measured as the largest amount of tax benefit that is more than 50% likely to be realized on settlement with the applicable taxing authority. The portion of the benefits associated with tax positions taken that exceeds the amount measured as described above is reflected as a liability for uncertain tax benefits in the accompanying statements of financial position along with any associated interest and penalties that would be payable to the taxing authorities upon examination. As of May 31, 2015 and 2014, there were no uncertain tax benefits identified and recorded as a liability. Prior years' Forms 990-T filed by the University are subject to examination by the Internal Revenue Service (IRS) up to three years from the extended due date of the return. Forms 990-T filed by the University are no longer subject to examination for the fiscal years ended May 31, 2011, and prior.
