Mount Holyoke's 200 accomplished faculty members are innovative teachers dedicated to their students. They are also active scholars, research scientists, and creative artists passionate about their disciplines. The College offers 51 departmental and interdepartmental majors. An integral part of the college community, Library and Information Technology Services facilitates the creative use of information and technology. Schedule D, Part III, Line 4	The College maintains more than 17,000 works of art from antiquity to the present that comprise the permanent collection of the Mount Holyoke College Art Museum. This culturally and chronologically diverse collection is an important teaching and learning resource for faculty and students in all disciplines, and serves as a major cultural resource for area schools and the general public. Dedicated to providing firsthand experiences with works of significant aesthetic and cultural value, the Museum develops exhibitions that aim to provide aesthetic enjoyment, stimulate inquisitive looking and encourage understanding of artistic achievements across a diversity of cultures and time periods. Selected works of art are installed in the Art Museum's ten galleries and reception hall on a rotating basis and the Museum produces two to four special exhibitions each year in addition to its display of works from the permanent collection. The Museum integrates its collections, exhibitions and scholarly research with the curriculum of the College and the interests of the general public.

990 Schedule F, Supplemental Information

Return Reference	Explanation
Schedule F, Part I, Line 2	All financial aid grants and scholarships to students who are foreign citizens are recorded in the financial aid management software, PowerFAIDS, by amount per semester. Student Financial Services staff determine student eligibility based on a consistently applied need analysis formula which calculates the expected family contribution (EFC). The EFC is subtracted from the total cost of attendance to equal the financial aid eligibility. The financial aid grant amount is determined based on consistently applied packaging formulas to meet the full calculated need of each student. In addition to the need based aid that the College awards, there are some grants that are awarded based on merit or other factors. Financial aid grant funds are monitored through the financial aid management software, PowerFAIDS. Staff who will be awarding financial aid grant funds are trained to adhere to these policies and procedures. The financial aid grant information is transferred from PowerFAIDS to the student information system, Elucian Colleague, via a regularly scheduled interface. When all institutional grant disbursement requirements are met, the funds are disbursed to the student account in Colleague. The funds are credited against any billed charges that have been previously posted. If this transaction results in a credit balance, the credit may be refunded to the student in the form of a check. The student initiates this refund process by submitting a completed Disbursement Form or Credit Balance Request Form. Student eligibility is monitored throughout the period of enrollment and adjustments are made, as necessary, for changes in enrollment status according to the College's published refund policies.

Four of the research grants included collaboration with institutions whose faculty are accomplished in their respective fields of study. *Infrequently at the discretion of the President or Vice President for Finance and Administration, the College makes donations to support the town or nonprofit organizations. In these instances, the College generally does not monitor the ultimate use of the funds as these amounts are unrestricted grants to municipalities and organizations that are recognized as being described in Internal Revenue Code Section 501(c)(3). In certain instances when the College grants funds for use by the town, the College maintains a written agreement that such grant will be used for the designated purpose.

Return Reference	Explanation
Schedule J, Part I, Line 1a	The College's Companion Travel Policy states that in occasional authorized circumstances the College will pay or reimburse for travel, meals and expenses of the spouse/partner of an officer. Specifically, while performing her official duties in the areas of advancement, alumnae relations and other business of the College, the President may be accompanied by her spouse/partner, who is expected to make an important contribution to achieving the purpose of the travel or events. In those cases, the College's policy is to authorize the payment of all travel and related expenses of the President's spouse/partner. Under the accountable travel plan of the College, all expenses must be documented and receipts provided. In addition, when companion travel is covered, the following conditions must be met in order to exclude travel costs from the taxable income of the employee: 1. The spouse/partner attends and contributes to the official function. 2. The purpose of the travel, the activities of the spouse/partner relating to College business and the expenses incurred are fully documented. Any spouse/partner travel other than that of the President must be approved, in advance, by the President. * The College has a mortgage subsidy program for eligible employees whereby the College pays the employee the interest differential between the mortgage lender's market rate of interest and the prevailing long term monthly compounded applicable federal rate (AFR). The College subsidy constitutes a taxable benefit and therefore the subsidy and tax gross-up are included in the reportable compensation of employees who participate in the program. One of the highest compensated employees participates in this subsidized benefit program. This program is no longer offered for new mortgage loans originating after June 30, 2011. * The Board of Trustees recognizes the unique role the President and other senior administrators play in supporting alumnae and advancement activities, campus events, and other official functions. Accordingly, as a condition of employment and for the convenience of the College, College owned or leased housing is provided to the President and the Dean of the College to fulfill these duties. Such housing provided to the President is approved by the Board of Trustees and housing provided to other senior administrators is approved by the President. For the President's house, the College provides custodial personnel and appropriate equipment and supplies necessary to keep the residence's appearance and cleanliness at acceptable standards. The cost for time spent cleaning the personal quarters of the President's house is included in the Form W-2 of the President.
Schedule J, Part I, Line 3	For a description of the process used to determine the President's compensation, please refer to Schedule O, Part VI, Section B, Line 15.
Schedule J, Part II	Due to the President's resignation, she will not be eligible for deferred compensation. Accordingly, no deferred compensation is reported in Schedule J, Part II, Column (C) for the President. Additionally, the President will not be receiving the deferred compensation reported for her in previous years' Forms 990.

Form 990, Part VI, Section B, Line 15	Annually, the Human Resources Department assembles comparative salary data for all senior/executive positions at the College including President and all Vice Presidents (Vice President for Academic Affairs/Dean of the Faculty, Vice President for Finance and Administration/Treasurer, Vice President for Advancement, Vice President for Student Affairs/Dean of the College, Vice President for Enrollment and College Relations, and Vice President for Marketing and Communications) and the Secretary of the College. This process was last undertaken in May 2015 for each of the positions mentioned above. Salary data for these executive positions is compiled from the Administrators in Higher Education Salaries Survey conducted annually by the College and University Professional Association for Human Resources (CUPA-HR) and assembled and analyzed using several views (25th and 75th percentiles, median, and mean) for salary data from all private independent institutions by comparable budget quartile as Mount Holyoke College, and from participating Consortium on Financing Higher Education (COFHE) institutions. In addition, Mount Holyoke College participates in a survey on executive total compensation which is conducted annually by a third party compensation consultant (currently conducted by Sullivan, Cotter & Associates). Twenty-seven of the College's peer institutions also participate in this survey. Salary data from this survey is analyzed in a similar fashion to the CUPA-HR data. This salary data, along with salaries of current Mount Holyoke College incumbents, is assembled and shared with the Chair of the Board of Trustees and with the Chair of the Nominating and Governance Committee. The data is then presented to the full Nominating and Governance Committee for discussion and decision on what salary adjustments, if any, will be recommended and brought to the full Board for a vote at their executive session. The Chair of the Board of Trustees is responsible for the oversight of the review of performance of the President. The President is responsible for oversight of performance management for the Vice Presidents. With regard to the President's compensation, in addition to comparative salary data, the Human Resources Department also assembles a summary report of Presidential "total" compensation. This report is also reviewed by and discussed with the Nominating and Governance Committee and shared with the entire Board at their executive session. The process for determining the compensation of the College's officers meets the three requirements of the rebuttable presumption standard. The compensation arrangements are approved in advance by the College's Nominating and Governance Committee. The Committee is appointed by the Board of Trustees for the purpose of assisting the Board in fulfilling its responsibility to the College and the community to ensure the compensation is in accordance with the College's policies. As mentioned, prior to making any compensation decisions, the Nominating and Governance Committee obtains and relies upon appropriate data as to comparability. The Committee utilizes compensation surveys that include comparable institutions to set compensation levels. Finally, the Nominating and Governance Committee adequately and timely documents the basis for setting compensation concurrently with the making of the determination.
