Information Regarding Grant Programs

AREAS OF GIVING

Buhl's giving has historically been focused in Southwestern Pennsylvania with an emphasis on Allegheny County and the City of Pittsburgh and most recently, a revisioned focus on the Northside. The Foundation looks to find opportunities that best leverage our dollars and contribute to the sustainability and vitality of the community. The mission, objectives and guiding principles of the Foundation have traditionally been focused on the following areas of giving:

- **Education** – Initiatives that foster learning environments critical to building a knowledgeable and talented population.

  Education has always been a cornerstone of our giving. Over the course of the Foundation's existence, our educational giving has adapted to the changing needs of our community. Most recently, the Foundation's education giving has been directed primarily for the benefit of K-12 public schools with the goal that students graduate prepared to meet the challenges of the 21st century. Areas of interest have included initiatives that improve quality of instruction, advance the professional development of teachers, develop effective curriculum with a particular emphasis on science and math, integrate arts and culture into curriculum in partnership with community groups, support environments in which youth can learn, encourage community and higher education partnerships that further science, technology, engineering or math education (STEM), and intermediary organizations that improve school quality, governance, leadership and accountability.

  In its earliest years, the Foundation invested heavily in academic research and, at various times in its history, has endowed professional chairs at Carnegie Mellon University, the University of Pittsburgh, Allegheny College and Carnegie Science Center. Later, during the period from 1930 to 1970, prior to widespread institutional or government funded scholarship programs, the Foundation provided more than one thousand scholarships to aspiring students. In the advent of the computer age, the Foundation invested heavily in library technology and university distance learning centers. As discussed further below, the Foundation is again revisiting its funding priorities with an eye toward the Northside.

- **Youth Development** –Projects that provide opportunities for our young people to thrive, to be safe and to live in a nurturing environment

  The Pittsburgh region that Mr. Buhl loved will thrive when young people are able to learn and to assume the responsibilities of civic participation and leadership. The Buhl Foundation looks for initiatives, particularly in disadvantaged communities, that support young people in out-of-school time activities that develop leadership, enhance learning, encourage community service, provide recreational enjoyment or prevent violence. These priorities are currently being evaluated with specific focus on the Northside of Pittsburgh.

- **Human Services** – Strategies where our resources make a difference in addressing persistent community challenges or unmet needs of at-risk neighborhoods.

  The Foundation has funded efforts that support a thriving and diverse community, encourage citizen volunteers or improve access to services. Support has also been provided for special projects that improve the effectiveness of such organizations to reach out and meet these human service needs.

- **Economic and Community Development** – Efforts that encourage innovation and entrepreneurial solutions to improve the quality of life.

The Northside

Commencing in 2013, the Foundation embarked on a revisioning effort to determine how these historic themes might be integrated into a more geographically focused effort on the Northside of Pittsburgh. In furtherance of that effort, Buhl has been engaged in an extensive planning effort with the Northside community to find consensus around key needs and the strategies to address them. The results of that undertaking will significantly impact Buhl's granting priorities over the next decade or longer. Until that process is completed, grantees, and prospective grantees are encouraged to learn more about this undertaking by visiting www northsideconversation.org or by contacting Buhl staff.

Henry C. Frick Educational Fund
Grants are made from the Frick Fund with special concern for strengthening K-12 public school education. A sub fund of the Frick Fund, the Frick Teacher Alumnae Fund, supports efforts to improve the teaching profession and the effectiveness of teachers. These focus areas align well with the educational interests of the Buhl Foundation Grant procedures for the Frick Fund are the same as the Buhl Foundation.

William and Elizabeth Rodger McCreery Memorial Fund
Grants are made from the McCreery Fund to nonprofits that focus on furthering musical education and music awareness for young people in the Pittsburgh region. Application procedures for the McCreery Fund are the same as the Buhl Foundation.

GRANT PROCEDURES

A written letter of inquiry, not to exceed three pages, should be sent to the President, to be followed by a formal proposal meeting Buhl guidelines, if invited. Electronic inquiries are not accepted.

Staff meets regularly to review letters of inquiry and either a phone call or a letter regarding the inquiry should be expected within 6 weeks, if not sooner. If taken under consideration, an inquiry may be acted upon immediately, followed by a request for a proposal or it may be allowed to percolate over time so as to evaluate its potential impact in relation to other funding options in the face of limited resources. Staff will often meet with potential applicants to discuss feasibility and may work with prospective grantees to develop a proposal that appears to have potential for community impact consistent with Buhl's giving priorities. Expression of interest in a proposal, or work with an applicant to assure best possible presentation, should not be construed as an indication of forthcoming grant approval.

If a proposal is invited, staff will work with the applicant to establish a specific time frame for submission of the proposal and consideration by the Board.

Interviews or site visits may be carried out by arrangement with the staff.

The Board of Directors of the Foundation usually meets five to six times a year to act on grant proposals.

When a grant has been awarded, the grantee and Foundation agree upon a schedule for grant payments. A report on program achievements, including accounting for dollars spent, is required at the conclusion of the program.

All letters of inquiry and proposals are reported to the Board of Directors.

PROPOSAL GUIDELINES

A formal proposal when invited should include all of the following:

- Cover Sheet from the Common Grant Application Format (www gwpa org)

GRANT LIMITATIONS

Grants are limited to organizations that are located in Southwestern Pennsylvania and are defined as tax-exempt under section 501(c)(3) of the Internal Revenue Code and which are not private or operating foundations as defined in section 509(a) of the Code. The Frick Educational Fund giving is limited to Allegheny, Washington, Greene, Fayette and Westmoreland counties.

Purely Charitable Expenses

Commencing in 2013, the Foundation embarked on a revisioning effort for a more geographically focused effort on the Northside of Pittsburgh. In furtherance of that effort, Buhl has been engaged in an extensive planning effort with the Northside community to find consensus around key needs and the strategies to address them. The results of that undertaking will significantly impact Buhl's granting priorities over the next decade or longer.

Charitable expenses have been closely reviewed and have been determined to be necessary to building the consensus and engaging in community education in order to address employment, education, youth development and afterschool, parks, recreation, vacant lots, human service and affordable housing concerns on the Northside.

Buhl is working on a number of projects anticipated to create the tools and metrics necessary for Buhl implementation of a long-term strategic commitment to the Northside. While it is strongly recommended that, where possible, the work of such partners be funded through grants, these activities often are more vendor-like in nature. In other words, while typical grantees are provided funds in order to carry out a particular project according to the grantee's timetable, many of the activities carried out by partners in furtherance of Buhl's Northside strategy will be expected to conform to Buhl's timetable and strategy as informed by community planning efforts. Where possible, those vendor-like contracts will be made through grants. However, in situations where a for-profit entity is involved, or in situations where no appropriate nonprofit grantee is available, grants cannot be used and payments will necessarily have to be made directly to the vendor. The primary expense has been for Jackson Clark Partners, determined to be the best vendor with an extensive track record of community organizing and consensus building skills. They and their staff have been deployed throughout the Northside for community organizing and consensus building activities. Additional key vendors have been for website development, communications and project management. Other expenses include child care, food and refreshments or printing costs for community education and organizing efforts.
