	Butler Memorial Hospital (BMH) is an independent, community-based hospital that has served Butler County, PA, and the surrounding area for over 100 years. BMH employs over 2,000 people. The hospital has grown into a regional referral center for the areas. It is the largest hospital facility between Pittsburgh and Erie. It is comprised of 296 acute care beds and a 25 bed skilled nursing facility. BMH serves approximately 12,600 acute care patients (admissions) and over 501,000 outpatients each year. The Hospital maintains a deep commitment to its community, as is demonstrated through its broad services offering. It provides all levels of general medical and surgical care, emergency services, a robust psychiatric service, drug & alcohol treatment, family services, preventative & wellness programs and tertiary cardiovascular care. It also has a network of 60 convenient, low cost outpatient sites that are located in communities through Butler County and the surrounding area.

Section A. All Supporting Organizations

	Yes	No
1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.	1	
2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).	2	
3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer (b) and (c) below.	3a	
b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in Part VI when and how the organization made the determination.	3b	
c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in Part VI what controls the organization put in place to ensure such use.	3c	
4a Was any supported organization not organized in the United States ("foreign supported organization")? If "Yes" and if you checked 11a or 11b in Part I, answer (b) and (c) below.	4a	
b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.	4b	
c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.	4c	
5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer (b) and (c) below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed, (ii) the reasons for each such action, (iii) the authority under the organization's organizing document authorizing such action, and (iv) how the action was accomplished (such as by amendment to the organizing document).	5a	
b Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?	5b	
c Substitutions only. Was the substitution the result of an event beyond the organization's control?	5c	
6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (a) its supported organizations, (b) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (c) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? If "Yes," provide detail in Part VI .	6	
7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (defined in IRC 4958(c)(3)(C)), a family member of a substantial contributor, or a 35-percent controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990).	7	
8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described in line 7? If "Yes," complete Part II of Schedule L (Form 990).	8	
9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in Part VI .	9a

b Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings).	10b	
11 Has the organization accepted a gift or contribution from any of the following persons?		
a A person who directly or indirectly controls, either alone or together with persons described in (b) and (c) below, the governing body of a supported organization?	11a	
b A family member of a person described in (a) above?	11b	
c A 35% controlled entity of a person described in (a) or (b) above? If "Yes" to a, b, or c, provide detail in Part VI.	11c	

Part IV

Supporting Organizations (continued)

Section B. Type I Supporting Organizations

	Yes	No
1 Did the directors, trustees, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's directors or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove directors or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.		
2 Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised or controlled the supporting organization.		

Section C. Type II Supporting Organizations

	Yes	No
1 Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).		

Section D. All Type III Supporting Organizations

	Yes	No
1 Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (1) a written notice describing the type and amount of support provided during the prior tax year, (2) a copy of the Form 990 that was most recently filed as of the date of notification, and (3) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
2 Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).		
3 By reason of the relationship described in (2), did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.		

Section E. Type III Functionally-Integrated Supporting Organizations

Return Reference	Explanation
Part X, Line 2	The System follows the guidance for accounting for uncertainty in income taxes recognized in a company's financial statements that prescribes a recognition threshold of more-likely-than-not to be sustained upon examination by the appropriate taxing authority. Measurement of the tax uncertainty occurs if the recognition threshold is not met. The guidance also addresses derecognition, classification, interest and penalties, accounting in interim periods, and disclosure. Management has determined that this guidance had no material effect on the consolidated financial statements. The System's policy is to recognize interest related to unrecognized tax benefits in interest expense and penalties in professional fees and miscellaneous expenses. There were no interest or penalties recognized on the consolidated statements of operation and changes in net assets as a result of this guidance. Generally, tax returns for year ended June 30, 2012, and thereafter remain subject to examination by federal and state tax authorities.

Part I, Line 7	The costing methodology is based on the ratio of cost to charges from our hospital's accounting system

Form and Line Reference	Explanation
Part I, Ln 7 Col(f)	The Bad Debt expense included on Form 990, Part IX, Line 25, Column (A), was subtracted for purposes of calculating the percentage in this column is \$8,968,216

Form and Line Reference	Explanation
Part III, Line 4	Patient accounts receivable are reported at estimated net realizable value after deduction of allowances for doubtful accounts. The allowance for doubtful accounts is based on historical losses and an analysis of currently outstanding amounts for its major payor sources. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with services provided to patients who have third-party coverage, the Hospital analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts, if necessary (for example, for expected uncollectible deductibles and copayments on accounts for which the third-party payor has not yet paid). For receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and payment balances due for which third-party coverage exists for part of the bill), the Hospital records a significant portion for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates (or discounted rates if negotiated) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts. The costing methodology is based on the ratio of cost to charges from our hospital's accounting system.

Form and Line Reference	Explanation
Part III, Line 8	The cost used to determine the Medicare payment shortfall comes from the CMS required filing of the Medicare cost report. The methodology uses a ratio of cost to charges to determine the cost assigned to the Medicare services. Butler Memorial Hospital is committed to serving the healthcare needs of all members of our community. We consider the revenue shortfall from the Medicare program payments to be part of our community contribution.

Form and Line Reference	Explanation
Part III, Line 9b	Patients who have previously applied and been approved for our charity care program are automatically qualified for any additional services provided over the next six months after application approval. We also will presumptively qualify patients for charity care if they meet criteria such as being food stamp eligible and qualifying for Section 8 housing.

Form and Line Reference	Explanation
Part VI, Line 2	Executive SummaryButler Memorial Hospital (BMH) is proud to serve our community. In furtherance of our charitable mission, BMH provided over \$24.7 million in support in the form of charity care, unreimbursed care, community health improvement, health education, subsidized services and contributions to community organizations. This support accounts for over 10.9% of total expenses. BMH demonstrates its commitment by improving the overall health of our community through the operation of an efficient and effective health care system and by actively supporting appropriate community services.

Form and Line Reference	Explanation
Part VI, Line 3	Summary of Services and Community Support Helping People to Live Better, Every Day At Butler Memorial Hospital, a key goal is to strengthen the health and well-being of the community. BMH understands that as a sole community hospital it plays an important role in the health of Butler County residents. This role is taken very seriously. Last year, BMH provided over \$24.7 million in total community benefit support. This accounts for over 10.9% of our total expenses. The services BMH provides are essential to not only the community's overall health, but also to the quality of life of every resident. Butler Health System Butler Memorial Hospital is a wholly owned subsidiary of the Butler Health System ("System"). Butler Health System is an integrated health organization serving a multi-county area in western Pennsylvania. It employs more than 144 physicians and midlevels with another 215 on active medical staff. Its scope includes acute hospital care, ambulatory care, urgent care, and a network of laboratory services to more than 130 clients. Primary community health care. The 296-bed general acute care Hospital provides essential services to the community including emergency services, surgical intensive care, medical intensive care, geriatric and adult psychiatry, chemical dependency, and obstetrics (with 814 deliveries in fiscal year 2015). Inpatient and acute observation patients account for approximately 17,600 admissions each year. The Emergency Department treated 48,700 patients last year. All major specialties and consultants are available, including general surgery, orthopedics, neurology, pathology, anesthesia, radiology, pulmonary/critical care medicine, cardiology, urology, otolaryngology, gastroenterology, ophthalmology, and a hospitalist service. A 25-bed skilled nursing unit is also located within the hospital building. The Skilled Nursing Facility provides a safety net by treating patients with more complex and costly to treat conditions that other skilled nursing facilities often may not care for. The Hospital also offers a broad range of community programs off-site including Family Services Center, focused on psychosocial issues that affect families and the health of the home. Tertiary care. Over the years, the Hospital has continued to expand the scope and depth of tertiary services so residents have access to services locally without the need for patients and families to travel to Pittsburgh. These services include open heart surgery (with approximately 300 cases in fiscal year 2015), electrophysiology services, thoracic and vascular surgery, advanced orthopedics, endocrinology, radiation and medical oncology, neurosurgery and spine surgery. The Hospital's goal is to expand services throughout its service areas so that its community has access to the highest quality tertiary services matching or exceeding the levels of care provided in Pittsburgh hospitals. This range and complexity of service is not offered by any other entity in Butler County. Ambulatory Expansion Since 1999, the System has recognized and embarked upon the necessity for an available, low-cost, high-quality, ambulatory network. This network now includes over 60 convenient locations where regional residents can access a broad range of services. This network of services continues to grow, with locations in six (6) counties. Services have been expanded in Lawrence, Venango, Mercer, Clarion and Armstrong Counties. A comprehensive array of ambulatory services is available where patients can access advanced imaging, cardiac testing, wellness, primary care, specialty care and walk-in/urgent care, often providing a continuum of services just short of acute inpatient care. The BHS Crossroads Campus, which is approximately one-half mile from the Hospital, serves as the System's largest ambulatory location. The original building houses the Cardiovascular and Musculoskeletal Centers. Due to the growth in the System's services, in November 2015, a new medical office building was opened. This campus now houses cardiology testing, medical and interventional cardiologists, cardiovascular surgeons, electrophysiologists, neurosurgeons, orthopedic surgeons, laboratory/x-ray/pre-admission testing, pulmonology, general surgery, women's imaging, obstetricians/gynecologists, medical oncologists, palliative care and endocrinology. In addition, the System has four (4) urgent care centers. These urgent care centers are strategically located in the Hospital's primary and secondary markets. The urgent care centers were created as a joint venture with the Hospital's emergency room physicians. The System focuses on strong relationships with the medical staff. This joint venture is one (1) example of the partnerships developed with physicians. Another example of the System engaging with physicians is the development of a Provider Hospital Organization (PHO) over the past year. Participants of this PHO include both employed and independent members of the Butler

Form and Line Reference	Explanation
Part VI, Line 3	Memorial Hospital Medical Staff The PHO is a vehicle that will allow the Hospital and its physician partners to work collaboratively to provide high level, cost effective care to the patients of the communities in which we service in a manner that results in an exceptional experience Surrounding our services, are a robust complement of primary and specialty physicians These physicians include family practice, internal medicine, neurology, cardiology, oncology, surgery, orthopedics, radiology, gynecology/obstetrics, infectious disease and dermatology Providing convenient care with a positive experience is the focus of such physician practices With 144 physician and mid-level providers in over 30 offices covering six (6) counties, these providers offer office visits and testing close to home while referring inpatient business to the Hospital Community Health AssessmentButler Health System periodically has surveyed up to 1,000 Butler County residents The analytic tool used is the Centers for Disease Control Behavioral Risk Factor Surveillance System The Community Health Assessment measures health status, disease burden and diagnosis, disease prevention, exercise and activity levels, nutrition status, access to care and overall health literacy Responses to the survey are carefully evaluated by a specialist in Public Health and the results are shared with clinical staff The findings are then put into action by improving service and addressing the health needs of community residents The Community Health Assessment identified four (4) particular areas that the System addressed 1 Cancer premature death lung and breast - Lung cancer is the leading cause of deaths in Butler County Early detection of lung cancer is key to significantly decreasing lung cancer deaths, resulting in up to 60% of cases being treated successfully As a result, the System initiated a best practice lung cancer screening program for people with high risk of lung cancer A low dose CT scan is a successful program that can reduce death rates by 20% due to early detection 2 Breast Cancer - The Hospital provided mammograms to over 11,000 women during Fiscal Year 2015 3 Better understanding of the use of prescription behavioral health medications in the children of Butler County - the System has a Children's Partial Hospitalization program and an Intensive Outpatient program at Family Services 4 Growing Adult and Pediatric Hospitalist Program - The Hospital provides a 24/7 inpatient hospitalist service, providing specialty inpatient care to many primary care and specialist practices Implementation of this program has been widely supported by Hospital physicians, will serve to improve continuous and efficient care in the Hospital, and will permit physicians to concentrate on their practices, thereby expanding community access to primary care services The addition of three (3) pediatric hospitalists allowed us to offer convenience to our community as well as to continue to support our ob/gyn department In addition to deliveries, the pediatric hospitalists treated 134 children, allowing that care to remain local The pediatric hospitalists serve on the Board of the Butler County Alliance for Children-Child Advocacy Center and are certified in providing services to child victims of abuse

Part VI, Line 5	Through its accredited Continuing Medical Education Department, Butler Memorial Hospital also offers a series of programs which are made available to health care professionals throughout the region. In cooperation with local institutions such as Slippery Rock University and Butler County Community College, as well as others throughout Butler County and the region, BMH is fully-committed to maintaining high-quality professional health education for students and practitioners alike. Classroom space is provided for programs within the Knowledge Center, and students are given real-life clinical experience as they work with staff in the care and treatment of patients. BMH works closely with local school districts in supporting high school health occupation programs. The Simulation Laboratory is available for seminars that give students hands-on experience, exposing them to the highly complex world of health care delivery. Employees in the CommunityEvery year, the System and its employees support a variety of community support programs. These include the Caring Angel Program, the United Way, the American Heart Association, the American Cancer Society, the Butler YMCA and the March of Dimes. In addition to these activities, employees participate in a variety of community service initiatives, such as Habitat for Humanity, Doctors without Borders, Produce to the People and local student mentoring programs. SummaryThe System physicians, nurses, employees, volunteers and volunteer leadership maintain deep connections to the communities they serve. They live and work in the multi-county area that Butler Health System serves, and they are acutely aware of the needs of residents. As a tax-exempt charitable organization, The System is careful to manage its resources to meet the current and future healthcare needs of residents. BHS is proud of its independence and pledges to always strive to provide high quality, low cost care in a comfortable and supporting environment.

Return Reference	Explanation
Form 990, Part VI, Section B, line 11	The completed 990 was reviewed by the Chief Financial Officer and an outside independent public accounting firm. Relevant sections were reviewed by the Vice President and General Counsel. Highlights of the Form 990 were reviewed with the Finance Committee and the Board of Trustees. After these reviews, but prior to filing, the full Board of Trustees and the Finance Committee was notified that the completed Form 990 was available for review on the Board's secure website.

Return Reference	Explanation
Form 990, Part VI, Section B, line 12c	The responses to the Conflict of Interest Disclosure form are collected and reviewed annually by General Counsel, who then reviews the same with the Audit and Compliance Committee of the Board of Trustees. Conflict of Interest Disclosure forms are completed by all Trustees, Officers, Committee Members as well as the Executive Team. In the event a relationship results in a potential conflict for an issue being discussed by the Board, the Trustee recuses himself/herself from the discussion and vote. The recusal is documented in the minutes. The Vice President and General Counsel attends all Board meetings and ensures that any needed recusals occur.

Return Reference	Explanation
Form 990, Part VI, Section B, line 15	The Board of Trustees recognizes the great challenges and difficulties that healthcare executives face, particularly in the current era of national and state healthcare reform. In addition, the Pittsburgh regional market is highly competitive and changing rapidly. The Board competes for and seeks executive talent on a national basis. It engages expert compensation consultants, utilizing national comparative data to guide the determination of competitive, appropriate levels of compensation. The total compensation program for executives consists of cash compensation and benefits. Factors taken into consideration in determining compensation for executives include market demand and competition for similar positions, experience and tenure, and actual performance and effectiveness. Based on these and other pertinent criteria, BHS targets total compensation to fall within a range of the 25th to 75th percentile of the market. BHS executive compensation generally will not exceed the 75th percentile of the market. Exceptions to this may be subject to review and recommendation by the Compensation Committee, which in-turn is subject to review and approval by the Board of Trustees. Exception must be supported by organizational and /or individual performance, or a retention/recruitment circumstance that warrants such compensation. The Compensation Committee consists exclusively of independent individuals with no real or perceived conflicts of interest in recommending executive compensation guidelines and levels. While benefits are accounted for in Schedule J, actual "take home" pay to the executive typically consists only of base salary and any incentive award earned. Applicable taxes and other withholding are deducted. Annual increases in base pay, if any, are based on competitive market trends from the comparison group. Supplemental retirement benefits are used as a vehicle for executive recruitment and retention with appropriate vesting periods. The Board of Trustees reviews and approves executive compensation in its entirety, including the use of "tally sheets", which disclose 100% executive compensation. The Board of Trustees engages external compensation and legal expertise to assure reasonableness of executive compensation levels.
