Part IV

Supporting Organizations (continued)

Section B. Type I Supporting Organizations

	Yes	No
1 Did the directors, trustees, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's directors or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove directors or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.		
2 Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised or controlled the supporting organization.		

Section C. Type II Supporting Organizations

	Yes	No
1 Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).		

Section D. All Type III Supporting Organizations

	Yes	No
1 Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (1) a written notice describing the type and amount of support provided during the prior tax year, (2) a copy of the Form 990 that was most recently filed as of the date of notification, and (3) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
2 Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).		
3 By reason of the relationship described in (2), did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.

990 Schedule F, Supplemental Information

Return Reference	Explanation
Schedule F, Part I, Line 2	All grants & assistance to foreign organizations relate to collaborative biomedical research with the organizations. Each arrangement is formalized with a contract which includes specific terms & conditions that must be met. Each recipient is required to submit a detailed accounting of all expenditures incurred under the contract. This is reviewed for contract compliance and appropriateness, and only then is cash transferred to them under the grant agreement as a reimbursement. Each recipient organization is also required to submit annual reports of all research activities funded by the grant and the results of the research. This information is reviewed by the U.S. scientist who is leading the research.

Return Reference	Explanation
Schedule J, Part I, Line 1a	Membership dues for the Duquesne Club, a private club located in Pittsburgh's downtown business district, are paid by MWRIF for Arthur Scully, VP of Development. The club is used to host Board and donor meetings and related events.
Schedule J, Part I, Line 3	The Executive Director is dually employed by both the University of Pittsburgh and the University of Pittsburgh Medical Center (UPMC). 100% of his time is spent on either his own medical research or his Executive Director responsibilities, so MWRIF is financially responsible for his total compensation. Each of the three organizations are involved in evaluating the ED's compensation taking into consideration accomplishments, responsibilities, and comparison to AAMC (American Association of Medical Colleges) benchmarks. The initial salary as well as any subsequent adjustments must be approved by senior management of the University and UPMC, and also is approved by selected external members of the MWRIF Board. A written employment contract is used by both the University and UPMC to document all employment terms including compensation. All paperwork regarding the process and approvals is maintained by the respective organizations.
Schedule J, Part I, Line 7	In addition to a base compensation from each employer, Dr. Sadovsky (ED) is eligible for incentive compensation as follows: *from UPMC, he is eligible for performance based incentive compensation as part of his employment contract. Performance against a list of predetermined goals is evaluated annually and payment made in the subsequent fiscal year. *From the University of Pittsburgh, he is eligible for a research incentive based on certain criteria established by the University for all researchers. This is tied to his own research lab and is not related to his function as Executive Director of MWRIF. Gerald Schatten, Sharon Hillier, Ian McGowan, Sharon Achilles, and Kyle Orwig are also eligible for the University of Pittsburgh research incentive mentioned above if they meet the criteria established by the University.
Schedule J, Part II	(also Part VII Line 5) Arthur Scully, MWRIF VP of Development, is employed and compensated by the University of Pittsburgh and UPMC Medical and Health Sciences Foundation but solely supports MWRIF. His reportable compensation from the University for 2014 tax year was \$186,954 and his other compensation for the same period totaled \$39,538. (Part VII Line 4) Only those individuals referenced in Part VII Line 4 are listed in the table on Schedule J Part II.

Form 990, Part III, Line 4a	Focusing on seven key areas of discovery - reproductive development, pregnancy and new borns, gynecology, reproductive physiology and fertility, infectious diseases, female cancers, and women's wellness - Magee-Womens Research Institute & Foundation is conducting unprecedented research in * Genomic and Epigenomic Networks Through the study of genetics and the changes that occur at a cellular level, physician-scientists are now able to identify cells responsible for birth defects, cancer, and other diseases. Magee is at the forefront of the research that is crucial to take the next step - to create preventative measures to develop more effective, less toxic therapies tailored to an individual patient's illness, making the promise of gender-specific, personalized medicine a reality. * Life Course Science Life course science studies the influence of early or midlife events on the health of the individual later in life and the future health of their children. For example, diverse factors play a significant role in future brain development and research has shown that low-birth-weight babies have a higher risk of diabetes, obesity, and heart disease. By leading the research in this area, Magee scientists are creating better interventions for prevention of disease and improved health among women and their children. * Germ Cell Biology Magee has redefined aging for several conditions that affect mature women, such as menopause, osteoporosis, and pelvic floor health. Now, its physician-scientists are taking this innovative research a step further, focusing on the process of reproductive aging at a young age to better understand aging in ovarian and testicular germ cells, as well as in the placenta. By doing so, they will gain a clearer understanding of premature aging of these organs, and discover the impact on fertility, pregnancy, and general women's wellness. * Gender-based Biology and Personalized Medicine Through interaction with researchers at the University of Pittsburgh, Magee researchers are better defining the role of gender in many non-reproductive diseases. Probing beyond the X- or Y-chromosomes, they are better defining genomic gender, and the impact of female physiology on conditions that were historically only studied in males, which is essential for affecting a personalized approach to medicine and wellness.
