Part II-B, Line 1	Statement Regarding Legislative Activity. Health care policy is critical to all Americans, and the Organization believes that health care providers must participate in forming health care policy by interacting with national, state and local representatives and their staff members to help them better understand the complexities and ramifications of key health care policies including, without limitation, those related to uninsured and indigent patient needs as well as the legislative and regulatory needs to assure the delivery of cost-efficient, quality health care. The Organization has established relationships with persons and industry associations that often communicate the Organization's positions on major health care issues. These contacts may include direct contact, telephone conversations and/or letters. Also, the Organization may attempt to educate the local community on certain legislative initiatives that may impact the Organization's ability to provide quality health care services to the community through direct mailings, media advertising or broadcast statements. The amount of resources (time and money) involved in these activities is insubstantial. The Organization has not intervened in any political campaign.

Return Reference	Explanation
Part I, Line 1a	Tax indemnification and gross up payments - The organization provides tax indemnification where an authorized member of management determines there is justification to reimburse an individual for the tax impact on certain taxable, non-cash benefits provided to them. All tax indemnification payments provided are treated as taxable compensation. Seven of the persons listed in the Form 990, Part VII, Section A, received this benefit during the tax year.
Part I, Line 3	Process for determining compensation - The organization, a controlled affiliate of BSW Holdings, recognizes that those chosen to lead the organization are vital to its ongoing success and growth. Thus, it must attract, retain and engage the highest quality officers and key employees to lead the organization and help the organization maintain its national reputation for achieving high targets for medical quality, patient safety, and patient satisfaction. A significant portion of the organization's officers and key employees' total compensation is based on significant performance achievements. This strategy, known as the Annual Incentive Plan, places a greater emphasis on the importance of the organization achieving targeted improvements in the areas of people, quality, patient satisfaction and financial stewardship, annually. Total executive compensation is part of an integrated talent management strategy developed by the BSW Holdings' Board of Trustees and its Compensation and Governance Committee (C&G Committee) to attract, motivate, and retain the best leadership resources for the organization. Executive compensation is determined pursuant to guidelines outlined in the intermediate sanction rules under IRC Section 4958 including taking steps to meet the rebuttable presumption standard of reasonableness under Treasury Regulation 53.4958-6, as summarized below. When making compensation decisions, the organization compares itself to similar-sized, and structured businesses including other integrated health care service systems and other similar-sized organizations, both locally and nationally. The BSW Holdings' Board of Trustees and C&G Committee, on behalf of the organization, work directly with an independent compensation expert(s) to identify reasonable and competitive market rates as well as provide an annual review of the total compensation of the organization's top management officials and key employees. The C&G Committee is made up of members of the BSW Holdings' Board of Trustees, who are independent, community volunteers. Guided by the information provided by the independent compensation expert(s), the C&G Committee approves and recommends to the BSW Holdings' Board of Trustees salary increases, earned incentives, and benefit offerings for the organization's President, other officers and/or key employees to be comparable to similar organizations for similar services and/or positions. Furthermore, the C&G Committee is charged with the responsibility of reviewing annually the major elements of the executive compensation program to assure designs remain consistent with the business needs, market practices, and compensation philosophy. As part of the decision making process, the C&G Committee will often meet in executive session to discuss and review recommendations made by the independent compensation expert(s). During the executive session no officer or key employee whose compensation is being reviewed is present during these discussions. All decisions are contemporaneously documented in the C&G Committee minutes which are timely reviewed and approved by the C&G Committee.
Part I, Line 4a	James Carroll received a severance payment in the amount of \$635,040.
Part I, Line 7	The organization has adopted and implemented BSW Holdings', the organization's ultimate parent, Annual Incentive Program to provide a market competitive total cash compensation incentive program that is designed to attract and retain key leaders and establish greater individual accountability and alignment to business performance. Payout targets are based upon a percentage of base pay and are developed by independent third party expert(s) using comparable market competitive data within the bounds of reasonableness and that are reviewed and approved by BSW Holdings' governing body. Payout levels are based upon a combination of system, entity, and individual performance using various metrics related to quality, patient satisfaction, employee retention, and financial stewardship. BSW Holdings' governing body may approve modifications to annual incentive awards provided under the program consistent with market comparability data.
