Return Reference	Explanation
PART X, LINE 2	UMPhysicians has adopted guidance in the income tax standard regarding the recognition and measurement of uncertain tax positions. The standard requires an organization to determine whether it is more likely than not that a tax position will be sustained upon examination on the technical merits of the position, assuming the taxing authority has full knowledge of all information. If the tax position does not meet the more-likely than-not recognition threshold, the benefit of that position is not recognized in the consolidated financial statements. UMPhysicians recorded no assets or liabilities related to uncertain tax positions or unrecognized tax benefits as a result of the adoption of the standard. Federal returns for the periods ending June 30, 2012 through June 30, 2014 remain subject to examination by major tax jurisdictions.
