Part IV

Supporting Organizations (continued)

Section B. Type I Supporting Organizations

	Yes	No
1 Did the directors, trustees, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's directors or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove directors or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.		
2 Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised or controlled the supporting organization.		

Section C. Type II Supporting Organizations

	Yes	No
1 Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).		

Section D. All Type III Supporting Organizations

	Yes	No
1 Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (1) a written notice describing the type and amount of support provided during the prior tax year, (2) a copy of the Form 990 that was most recently filed as of the date of notification, and (3) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
2 Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).		
3 By reason of the relationship described in (2), did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.		

Section E. Type III Functionally-Integrated Supporting Organizations

Schedule H, Part VI Lines 2, 4 and 5	<p>The Carrington Hospital Association chartered on September 23, 1915 and built the original hospital in 1916. In 1941, the hospital was leased to the Sisters of the Presentation of the Blessed Virgin Mary of the Diocese of Fargo, ND. Full ownership was transferred to the Presentation Sisters in 1970. CHI Carrington Health is comprised of a hospital, built in 1955, currently housing the auxiliary, gift shop and administration, a Rural Health Clinic, and, a Critical Access Hospital complex built in 1986 complete the campus. The Presentation Sisters joined the Catholic Health Corporation of Omaha in 1980 and in 1996, the Catholic Health Corporation consolidated with two other Catholic health systems, the Sisters of Charity Health Care System, Inc., Cincinnati, and the Franciscan Health System, Aston, PA to form a new corporation, Catholic Health Initiatives. CHI now includes 101 hospitals nationwide, ranking it as the fourth-largest system in the U.S. The mission of Catholic Health Initiatives and CHI Carrington Health is "To nurture the healing ministry of the Church, supported by education and research. Fidelity to the Gospel urges us to emphasize human dignity and social justice as we create healthier communities." CHI's Vision is to live up to our name as one CHI Catholic. Living our Mission and Core Values. Health. Improving the health of the people and communities we serve. Initiatives. Pioneering models and systems of care to enhance care delivery. CHI Carrington Health's goal is to be known as one of the best Critical Access Hospitals in North Dakota that gives the highest quality of patient care. CHI Carrington Health is included in the Official Catholic Directory as a tax-exempt hospital. The primary tax-exempt purpose of CHI Carrington Health is to provide healthcare services to residents in the community and surrounding area regardless of their ability to pay. CHI Carrington Health is in a rural area and is a critical care access hospital. CHI Carrington Health provides a wide array of health services for our area including Critical Access Hospital, Emergency Care, Trauma Level 5, Ambulance services, Acute Care, Swing Bed, General Surgery, Patient Education, Pharmacy, Radiology, Laboratory Services, Physical Therapy, Occupation Therapy, Speech Therapy, Monitored Coronary Care, Vein Ablations, Respiratory Therapy, Cancer treatments, Same-Day Surgery, Ultrasound, DEXA Scans, CT Scanning, Electrocardiography, Echocardiograms, Diabetic Education and Medical Nutrition Therapy, Mammography, and full Clinic and outreach clinic in Eddy County with two physicians and three Physician Assistants, and many outreach specialists that provide needed local services for which our patients would otherwise have the inconvenience of traveling long distances to receive. The programs and services described throughout this report promote a healthy community, and each year those services seem to expand in some form. CHI Carrington Health assists in addressing the spiritual and emotional needs by providing Mission and Spiritual Care, Wellness and Disease Management, and a Social Service department for those needing guidance and help. A clinical psychologist is one of the specialists based at CHI Carrington Health's campus.</p>

The strategies and community efforts to address these needs are listed for Tier #1 and Tier #2.</p> <p>Tier #1</p> <ul style="list-style-type: none"> Elevated rates of adult diabetics - Evidence suggests that implementing disease management programs that target multiple components of chronic diseases can improve quality of care. CHI Carrington Health developed and implemented a Wellness and Disease Management program in 2011. - CHI Carrington Health uses HbA1c testing to measure glycated hemoglobin for long-term monitoring of diabetes. This is widely accepted as one component of a comprehensive disease management program. Diabetes Education and Support Groups are available here at CHI Carrington Health, coordinated through the Wellness and Disease Management program. Elevated rate of adult obesity - CHI Carrington Health's Wellness and Disease Management provides a bariatric/weight management program. Cancer - Women who must travel for breast cancer treatments are given support in the means of a gas card through CHI Carrington Health's special needs fund. A local business hosted a night out for ladies to emphasize breast cancer awareness. Funds raised were donated to CHI Carrington Health for gas cards. <p>Tier #2</p> <ul style="list-style-type: none"> Higher costs of health care/insurance/elevated rate of uninsured residents - CHI Carrington Health Patient Access assists with applications for Medicaid and Medicaid Expansion. Inadequate/decreasing number of volunteers - Volunteers for the ambulance service are sought through community awareness, education meetings, and fundraising. State EMS Grant Funding was awarded to CHI Carrington Health, funding of which was used to employ a paramedic and an EMT to assist in providing stable ambulance transfer coverage. Elevated rate of excessive drinking - Healthy Community Initiatives continued with the grant from the ND Governor's Prevention Advisory Council on Drugs and Alcohol that focused on Alcohol Server Training. The Server Training program was discussed with city council for insight as to how the server training would work in the long run and a request to consider the ordinance to make server training mandatory. This grant was then completed. The ordinance was not passed. - Carrington was selected as a Targeted Community which brought grant funds to the Healthy Community Team to be used to bring awareness to children and young adults regarding alternatives to binge or regular underage drinking. ND risk assessment puts Carrington high on the list for risky behaviors such as underage drinking. The ND Governors Prevention Advisory Council provides technical assistance in assessing data, identifying goals, implementing effective strategies and evaluating. The Healthy Community group is working with parents and local law enforcement agencies on the dangers of hosting or allowing underage drinking parties. An annual non-alcohol graduation party is held and funded as a healthy, safe alternative to the customary senior bash that was historically hosted in private at a parent's home with alcohol being served.

Community Outreach for the Broader Community Subsidized health services are services that are provided despite a negative margin because they are needed in the community and would otherwise not be available to meet community needs As a critical access hospital, cost based reimbursement plays a key role in the services we provide One service line that unfortunately is not reimbursed based on cost is the Ambulance Service Because they fall under the umbrella of a critical access hospital, in addition to their direct expenses, there are indirect costs that must be allocated to that department This, in effect, is a transfer of administrative and general (overhead) expenses away from Medicare reimbursable departments The result service lines continually operate at a loss that is subsidized by the hospital CHI Carrington Health does receive mill levy funding for the ambulance service from Foster County The Faith in Action committee was developed after a needs assessment in 2009 The vision of the steering committee is older adults and others-in-need living in Foster County having access to relevant services that allow them to maintain their independence as long as possible Being a frontier county, transportation to medical appointments is a needed service The program is sustained through donations Collaborative Efforts to Improve Community Health Educational opportunities at no charge to the broader community encompass a wide span of patient types including lectures, presentations, programs, career fairs, health expos and activities provided to groups Form and Line Reference	Explanation
Schedule H, Part I, Line 3c Eligibility criteria for free or discounted care	<p>When Catholic Health Initiatives (the ultimate parent organization to Carrington Health Center established its financial assistance policy it was determined that establishing a household income scale based on the HUD very low income guidelines more accurately reflects the socioeconomic dispersions among urban and rural communities in 18 states served by CHI hospitals and health care facilities. In comparing HUD guidelines to the Federal Poverty Guidelines (FPG), we find that on average HUD guidelines compute to approximately 200% to 250% (and sometimes 300%) of FPG. Carrington Health Center bases its financial assistance eligibility on HUD's 130% of Very Low Income Guidelines based on geography, and affords the uninsured and underinsured the ability to obtain financial assistance write-offs, based on a sliding scale, ranging from 25%-100% of charges. An individual's income under the HUD guidelines is a significant factor in determining eligibility for financial assistance. However, in determining whether to extend discounted or free care to a patient, the patient's assets may also be taken into consideration. For example, a patient suffering a catastrophic illness may have a reasonable level of income, but a low level of liquid assets such that the payment of medical bills would be seriously detrimental to the patient's basic financial (and ultimately physical) well-being and survival. Such a patient may be extended discounted or free care based upon the facts and circumstances.</p>

Schedule H, Part I, Line 7g Subsidized Health Services	There are no physician clinics included in subsidized health services

Form and Line Reference	Explanation
Schedule H, Part I, Line 7 Bad Debt Expense excluded from financial assistance calculation	333871

Form and Line Reference	Explanation
Schedule H, Part I, Line 7 Costing Methodology used to calculate financial assistance	A cost accounting system was not used to compute amounts in the table, rather costs in the table were computed using the organization's cost-to-charge ratio. The cost-to-charge ratio covers all patient segments. The cost-to-charge ratio for the year ended 6/30/15 was computed using the following formula: Operating expense (before restructuring, impairment and other losses) divided by gross patient revenue. Based on that formula, \$16,574,951/\$24,287,249 results in a 68.25% cost-to-charge ratio. Worksheet 2 was not used to derive the cost-to-charge ratio.

Form and Line Reference	Explanation
Schedule H, Part III, Line 2 Bad debt expense - methodology used to estimate amount	Costing methodology for amounts reported on line 2 is determined using the organization's cost/charge ratio of 68.25%. When discounts are extended to self-pay patients, these patient account discounts are recorded as a reduction in revenue, not as bad debt expense.

Form and Line Reference	Explanation
Schedule H, Part III, Line 3 Bad Debt Expense Methodology	Carrington Health Center does not believe that any portion of bad debt expense could reasonably be attributed to patients who qualify for financial assistance since amounts due from those individuals' accounts will be reclassified from bad debt expense to charity care within 30 days following the date that the patient is determined to qualify for charity care

Form and Line Reference	Explanation
Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote	Carrington Health Center does not issue separate company audited financial statements. However, the organization is included in the consolidated financial statements of Catholic Health Initiatives. The consolidated footnote reads as follows: "The provision for bad debts is based upon management's assessment of historical and expected net collections, taking into consideration historical business and economic conditions, trends in health care coverage, and other collection indicators. Management routinely assesses the adequacy of the allowance for uncollectible accounts based upon historical write-off experience by payor category. The results of these reviews are used to modify, as necessary, the provision for bad debts and to establish appropriate allowances for uncollectible net patient accounts receivable. After satisfaction of amounts due from insurance, CHI follows established guidelines for placing certain balances with collection agencies, subject to the terms of certain restrictions on collection efforts as determined by each facility. The provision for bad debts is presented on the consolidated statements of operations as a deduction from patient services revenues (net of contractual allowances and discounts) since CHI accepts and treats substantially all patients without regard to the ability to pay."

Form and Line Reference	Explanation
<p>Schedule H, Part III, Line 8 Community benefit & methodology for determining medicare costs</p>	<p>Carrington Health Center is designated as a Critical Access Hospital ("CAH") CAHs are rural community hospitals that are certified to receive cost-based reimbursement from Medicare The reimbursement that CAHs receive is intended to improve their financial performance and thereby reduce hospital closures CAHs are certified under a different set of Medicare Conditions of Participation (CoP) Shortfalls are created when a facility receives payments that are less than the costs of caring for program beneficiaries Because shortfalls are based on costs, not charges, Carrington Health Center, due to their designation as a CAH, received cost-based reimbursement for Medicare purposes, Carrington Health Center will not experience Medicare related shortfalls Although not presented on the Medicare cost report, in order to facilitate a more accurate understanding of the "true" cost of services (for "shortfall" purposes) the CHI Workbook allows a health care facility not to offset costs that Medicare considers to be non-allowable, but for which the facility can legitimately argue are related to the care of the facility's patients In addition, although not reportable on the Medicare cost report, the CHI workbook includes the cost of services that are paid via a set fee-schedule rather than being reimbursed based on costs (e g outpatient clinical laboratory) Finally, the CHI Workbook allows a facility to include other health care services performed by a separate facility (such as a physician practice) that are maintained on separate books and records (as opposed to the main facility's books and records which has its costs of service included within a cost report) True costs of Medicare computed using this methodology Total Medicare Revenue \$8,028,244 Total Medicare costs \$8,212,129 Surplus or Shortfall \$ (183,885) Carrington Health Center believes that excluding Medicare losses from community benefit makes the overall community benefit report more credible for these reasons Unlike subsidized areas such as burn units or behavioral-health services, Medicare is not a differentiating feature of tax-exempt health care organizations In fact, for-profit hospitals focus on attracting patients with Medicare coverage, especially in the case of well-paid services that include cardiac and orthopedics Significant effort and resources are devoted to ensuring that hospitals are reimbursed appropriately by the Medicare program The Medicare Payment Advisory Commission (MedPAC), an independent Congressional agency, carefully studies Medicare payment and the access to care that Medicare beneficiaries receive The commission recommends payment adjustments to Congress accordingly Though Medicare losses are not included by Catholic hospitals as community benefit, the Catholic Health Association guidelines allow hospitals to count as community benefit some programs that specifically serve the Medicare population For instance, if hospitals operate programs for patients with Medicare benefits that respond to identified community needs, generate losses for the hospital, and meet other criteria, these programs can be included in the CHA framework in Category C as "subsidized health services " Medicare losses are different from Medicaid losses, which are counted in the CHA community benefit framework, because Medicaid reimbursements generally do not receive the level of attention paid to Medicare reimbursement Medicaid payment is largely driven by what states can afford to pay, and is typically substantially less than what Medicare pays</p>

Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	Carrington Health Center's debt collection policy provides that Carrington Health Center will perform a reasonable review of each inpatient account prior to turning an account over to a third-party collection agent and prior to instituting any legal action for non-payment, to assure that the patient and patient guarantor are not eligible for any assistance program (e g Medicaid) and do not qualify for coverage through Carrington Health Center community assistance policy After having been turned over to a third-party collection agent, any patient account that is subsequently determined to meet the Carrington Health Center community assistance policy is required to be returned immediately by the third-party collection agent to Carrington Health Center for appropriate follow-up Carrington Health Center requires its third-party collection agents to include a message on all statements indicating that if a patient or patient guarantor meets certain stipulated income requirements, the patient or patient guarantor may be eligible for financial assistance All of Catholic Health Initiatives' hospitals' contracts with third party collection agencies include the following standards *Neither CHI hospitals nor their collection agencies will request bench or arrest warrants as a result of non-payment, *Neither CHI hospitals nor their collection agencies will seek liens that would require the sale or foreclosure of a primary residence, and *No Catholic Health Initiatives' collection agency may seek court action without hospital approval Finally, collection agencies are trained on the Catholic Health Initiatives Mission, Core Values and Standard of Conduct to make sure all patients are treated with dignity and respect

Schedule H, Part VI, Line 3 Patient education of eligibility for assistance	Carrington Health Center includes information concerning its financial assistance policy on its website. In addition, Carrington Health Center prominently displays its financial assistance policy in both English and Spanish in obvious locations throughout the hospitals, including the emergency rooms and other patient intake areas, as well as in Carrington Health Center outpatient facilities. In addition, Carrington Health Center registration clerks are trained to provide consultation to those who have no insurance or potentially inadequate insurance concerning their financial options including application for Medicaid and for financial assistance under Carrington Health Center's financial assistance policy. Upon registration (and once all EMTALA requirements are met), patients who are identified as uninsured (and not covered by Medicare or Medicaid) are provided with a packet of information that addresses the financial assistance policy and procedures including an application for assistance. Carrington Health Center registration clerks read the organization's medical assistance policy to those who appear to be incapable of reading, and provide translators for non English-speaking individuals. Carrington Health Center's staff will also assist the patient/guarantor with applying for other available coverage (such as Medicaid), if necessary. Counselors assist Medicare eligible patients in enrollment by providing referrals to the appropriate government agencies.

Form and Line Reference	Explanation
Schedule H, Part VI, Line 6 Affiliated health care system	<p>Carrington Health Center, along with its affiliated outpatient facilities are part of Catholic Health Initiatives. Catholic Health Initiatives (CHI) is a national faith-based nonprofit health care organization with headquarters in Englewood, Colorado. CHI's exempt purpose is to serve as an integral part of its national system of hospitals and other charitable entities, which are described as market-based organizations, or MBOs. An MBO is a direct provider of care or services within a defined market area that may be an integrated health system and/or a stand-alone hospital or other facility or service provider. CHI serves as the parent corporation of its MBOs which are comprised of 101 hospitals, including four academic medical centers, and 30 critical access facilities, community health service organizations, accredited nursing colleges, home health agencies, and other facilities that span the inpatient and outpatient continuum of care. Together, these facilities provided \$981 million in charity care and community benefit in the 2015 fiscal year, including services for the poor, free clinics, education and research. CHI provides strategic planning and management services as well as centralized "shared services" for the MBOs. The provision of centralized management and shared services - including areas such as accounting, human resources, payroll and supply chain -- provides economies of scale and purchasing power to the MBOs. The cost savings achieved through CHI's centralization enable MBOs to dedicate additional resources to high-quality health care and community outreach services to the most vulnerable members of our society. Carrington Health Center operates with its wholly owned affiliates and community partners, along with its fundraising arm, the Carrington Health Center Foundation, to serve the health care needs of the Carrington, North Dakota communities.</p>

Return Reference	Explanation
Schedule J, Part I, Line 4a POST-TERMINATION PAYMENTS	POST-TERMINATION PAYMENTS ARE ADDRESSED IN EXECUTIVE EMPLOYMENT AGREEMENTS FOR CATHOLIC HEALTH INITIATIVES ("CHI") AND RELATED ORGANIZATIONS' EMPLOYEES AT THE LEVEL OF VICE PRESIDENT AND ABOVE, INCLUDING THE MBO CEOs. THESE EMPLOYMENT AGREEMENTS REQUIRE THAT IN ORDER FOR THE EXECUTIVE TO RECEIVE POST-TERMINATION PAYMENTS, THESE INDIVIDUALS MUST EXECUTE A GENERAL RELEASE AND SETTLEMENT AGREEMENT. POST-TERMINATION PAYMENT ARRANGEMENTS ARE PERIODICALLY REVIEWED FOR OVERALL REASONABLENESS IN LIGHT OF THE EXECUTIVE'S OVERALL COMPENSATION PACKAGE. NO INTERESTED PERSONS RECEIVED A SEVERANCE PAYMENT DURING THE YEAR.
Schedule J, Part I, Line 3 Arrangement used to establish the top management official's compensation	Compensation for the top management official was established and paid by Catholic Health Initiatives (CHI), a related organization. CHI used the following to establish the top management official's compensation: (1) Compensation Committee, (2) Independent Compensation Consultant, (3) Written Employment Contracts, (4) Compensation Survey or Study, (5) Approval by the Board or Compensation Committee.
Schedule J, Part I, Line 4b Supplemental nonqualified retirement plan	During the 2014 calendar year, Catholic Health Initiatives (CHI), a related organization, maintained a supplemental non-qualified deferred compensation plan for MBO CEOs and other CHI employees at the level of Senior Vice President and above. The following reportable individuals were eligible to participate in that plan: Mariann Doeling, Jeffrey Drop. During 2014, the following contributions were made by CHI to the deferred compensation plan: Mariann Doeling - \$14,322; Jeffrey Drop - \$38,118. During 2014, the following distributions were made by CHI from the deferred compensation plan: Mariann Doeling - \$13,082; Jeffrey Drop - \$38,118. Due to the "super" vesting rules under the CHI deferred compensation plan, participants who have met certain requirements such as age, years of service, or more than 5 years of plan participation are eligible to receive their 2014 contributions in cash. These cash payouts are included in the participant's reportable compensation in column (iii) Other Reportable Compensation on Schedule J Part II. During 2014, the following contributions that would have been made by CHI to the deferred compensation plan were paid in cash: JEFFREY DROP - \$69,892.
Schedule J, Part I, Line 7 Non-fixed payments	CHC MAINTAINS A VARIABLE PAY PLAN FOR SENIOR EXECUTIVE MANAGEMENT THAT PUTS A CERTAIN AMOUNT OF COMPENSATION AT RISK. AWARDS OF INCENTIVE COMPENSATION UNDER THE VARIABLE PAY PLAN ARE MADE BASED UPON ACHIEVEMENT OF ORGANIZATIONAL OBJECTIVES INCLUDING PERFORMANCE IN RELATION TO BUDGET, AND ACHIEVEMENT OF INDIVIDUAL GOALS. ALL COMPENSATION, INCLUDING ANY INCENTIVE COMPENSATION, IS CAPPED TO ENSURE THAT COMPENSATION REMAINS AT FMV. PHYSICIAN INCENTIVE COMPENSATION IS BASED ON THE CMS RBRVS METHODOLOGY (CENTER FOR MEDICARE AND MEDICAID SERVICES RESOURCE-BASED RELATIVE VALUE SCALE METHOD) FOR DETERMINING PHYSICIAN WRVU (RELATIVE VALUE UNIT) FOR PERSONALLY PERFORMED PHYSICIAN SERVICES. THE VALUE OF A WRVU IS DETERMINED WITH REFERENCE TO THE MOST CURRENT NATIONAL PHYSICIAN FEE SCHEDULE RELATIVE VALUE FILE. FAMILY PRACTICE PHYSICIANS SHALL BE COMPENSATED BASED ON A 2-TIERED CONVERSION FACTOR: \$45 PER WRVU IN EXCESS OF 3,668 AND \$53.50 PER WRVU IN EXCESS OF 5,600. THE GENERAL SURGEON SHALL BE COMPENSATED BASED ON A SINGLE TIER CONVERSION FACTOR: \$50.47 PER WRVU IN EXCESS OF 5770.

Return Reference	Explanation	
	Form 990, Part VI, Line 12c Conflict of interest policy	<p>Catholic Health Initiatives ("CHI") has a Conflicts of Interest ("COI") policy in place to maintain the integrity of all of its activities. The policy applies to CHI Board of Stewardship Trustees and members of its committees, all board and board committee members of CHI Entities, all CHI employees, all CHI physicians (both employed and non-employed) and all physician administrators and leaders, advanced practice clinicians (both employed and non-employed), and all CHI research personnel (both employed and non-employed). Disclosure, review and management of perceived, potential or actual conflicts of interest are accomplished through a defined COI disclosure process. Each person has a general ongoing obligation to promptly and fully report to his/her direct manager, supervisor, medical staff office, board or board committee chair any situation or circumstance that may create a conflict of interest. The person must report the actual or potential conflict as soon as she/he becomes aware of it. In any situation where the person may be in doubt, a full disclosure should be made to permit an impartial and objective determination. In addition to the general ongoing obligation, there are initial disclosure obligations. The board, board committee members, and new employees are required to make disclosures at the time of their initial hiring/appointment. All non-employed, credentialed or contracted physicians are required to make disclosures at the time of their credentialing and during any subsequent reappointment or recredentialing. All researchers are required to make disclosures upon consideration of affiliation with a research sponsor. In addition to the general ongoing and initial disclosure obligations, there is an annual disclosure obligation. All corporate officers, board and board committee members, employees at the level of manager and above, researchers, supply chain employees, employed physicians, physician administrators and leaders, and employed advanced practice clinicians must complete a new conflict of interest disclosure annually. Disclosures of perceived, potential or actual conflicts involving financial interests are forwarded to the Conflicts of Interest Review Committee ("C-CIRC") or Legal Services Group for review depending on the position of the person involved. The C-CIRC reviews COI questionnaires containing disclosures of perceived or possible conflicts for employees at a level of manager or above, supply chain employees, researchers and physicians, physician administrators and leaders, and advanced practice clinicians (both employed and non-employed). In the determination of a conflict, a COI management plan will be developed for that person. With respect to those audiences for which the C-CIRC has review responsibility, the C-CIRC will facilitate development of any such conflict of interest management plan in collaboration with local CRP staff. A designated CHI Entity staff will be responsible for monitoring the COI management plan and for documenting monitoring activities. At its sole discretion, a CHI Entity may reject a Person's request to enter into the relationship in question, or require the relationship be sufficiently altered to avoid a potential COI. If the C-CIRC determines that there is a potential or actual conflict of interest that does not currently have appropriate controls to address the conflict of interest, it may recommend that the disclosing person be allowed to participate in the activity or transactions subject to restrictions as outlined in the COI management plan. If a Person does not agree with a determination made by the C-CIRC, its interpretation of the Policy or Addenda, or seeks an exemption or exception, the following steps should be followed. The Employee disputing the review decision, interpretation of the Policy, or seeking exemption or exception must present the matter to the Employee's immediate direct manager or supervisor for review and determination. If the Employee and the manager do not agree with the review decision, interpretation of the Policy, or seek exemption or exception, the manager shall consult with the manager's Vice President (or higher if the manager is a Vice President) to reach a determination. If the matter remains unresolved, it shall be referred to the CHI Vice President of Human Resources and the CHI Corporate Responsibility Officer. If they are unable to reach agreement, the matter shall be referred to the CHI General Counsel, whose decision shall be final. Reviews and determinations involving board and board committee members and corporate officers will be the responsibility of the board, board executive committee, or board chair, with guidance from the Legal Services Group (LSG). Annual COI disclosures of all trustee and corporate officers will be reviewed by the CHI Senior Vice President, Legal Services, and General Counsel or his or her designee who will report potential conflicts to the applicable Board Chair. The Board Chair</p>

Return Reference	Explanation	
	Form 990, Part VI, Line 12c Conflict of interest policy	<p>ir or designee shall make such further investigation of any conflict of interest disclosures as he or she may deem appropriate. If the conflict involves the Board Chair, the Vice Chair will assume the Chair's role. Based on review and evaluation of the relevant facts and circumstances, the Board Chair will make an initial determination as to whether a conflict of interest exists and whether, pursuant to the COI Policy, review and approval or other action by the Board is required. A written record of the Board Chair's determination, including relevant facts and circumstances, will be made. The Board Chair shall then make an appropriate report to the Executive Committee of the Board concerning such review, evaluation and determination. If a difference of opinion exists between the Board Chair and another Trustee as to whether the facts and circumstances of a given situation constitute a conflict of interest or whether Board review and approval or other action is required within the COI Policy, the matter shall be submitted to the Board's Executive Committee, which shall make a final determination as to the matter presented. Such determination, including relevant facts and circumstances, will be reflected in the Executive Committee minutes and will be reported to the Board. When any conflict of interest is considered by the board, the trustee or corporate officer, as appropriate, must disclose all of the material facts to the Board. The trustee shall not vote and the trustee or corporate officer shall not use his or her personal influence on the matter. The trustee or corporate officer shall be excused from the meeting during discussion and vote on the conflict of interest. In reviewing such transactions between CHI or CHI Entities and vendors or other contractors who are, or are affiliated with, Trustees or Corporate Officers, the Board will act as it would in reviewing transactions with unrelated third parties. The transaction is not to be approved unless the Board determines that the transaction is fair to CHI or the CHI Entity. The Board must approve the transaction by a majority of the Trustees on the Board, without counting the vote of any individual who has an interest in the transaction. All determinations of conflicts of interest are reported as required by law, regulations, and CHI policy.</p>

Form 990, Part VI, Line 15a Process to establish compensation of top management official	<p>The organization's top management official's compensation is paid by Catholic Health Initiatives (CHI), a related organization. CHI has a defined compensation philosophy. Both the executive and non-executive compensation structures and ranges are reviewed annually in comparison to market data. CHI uses The Hay Group as the independent third party to assess executive compensation programs and to ensure the reasonableness of actual salaries and total compensation packages. Compensation of the senior most executives is reviewed annually. The Hay Group reviews both cash and total compensation for overall reasonableness, for adherence to CHI's compensation philosophy, and for comparability to the not-for-profit healthcare market. This independent review is delivered by Hay Group to the HR committee of the CHI Board of Stewardship Trustees annually at their September meeting and minutes are shared with the full board at the December meeting. The last review was September 14, 2015. In addition, Hay Group completed a comprehensive review of all positions at the level of vice president and above in the fall of 2014 to determine and validate appropriate compensation levels. These levels have been reviewed annually since and revised based on market data, where applicable.</p>
