Form and Line Reference	Explanation
Part I, Line 7	Charity care expense was converted to cost on line 7a based on an overall cost-to-charge ratio addressing all patient segments. Unreimbursed Medicaid on line 7b was calculated using the costing methods to prepare the cost reports. Community health improvement services and Health Professions education line 7e and 7f, are reported based on actual expense amounts recorded in the general ledger. The cost for subsidized health services reported on line 7g was determined using the Medicare Cost Report.

Form and Line Reference	Explanation
Part I, Ln 7 Col(f)	The amount of bad debt expense removed from the denominator of the calculations was \$1,600,276

Form and Line Reference	Explanation
Part III, Line 2	In evaluating the collectability of patient accounts receivable, the organization analyzes past results and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts specifically, for receivables associated with services provided to patients who have third-party coverage. The organization analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts for expected uncollectible amounts for which the third-party payer has not yet paid, or for payers who are known to be having financial difficulties that make the realization of amounts due unlikely for receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill). The organization records a significant provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates (or the discounted rates if negotiated) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts.

Form and Line Reference	Explanation
Part III, Line 3	We used charity care as a percent of gross revenue to estimate bad debt expense attributable to patients eligible under the FAP

Form and Line Reference	Explanation
Part III, Line 4	The footnote to the Organization's financial statements can be found on page 8 and 9 of the attached audited financial statements

Form and Line Reference	Explanation
Part III, Line 8	IRS Rev Rul 69-545, which established the community benefit standard for nonprofit hospitals, states that if a hospital serves patients with government health benefits, including Medicare, then this is an indication that the hospital operates to promote the health of the community In some communities, Medicare is the largest payer, and hospitals must accept these patients regardless of whether they make a surplus or deficit from providing such services If the Medicare participation is premised on this fact, then providing Medicare services promotes access to healthcare services which is a community benefit Also, the elderly are often an underserved population who experience issues with access to healthcare services Without tax-exempt hospitals providing Medicare services, the government would bear the burden of directly providing services to the elderly Medicare allowable costs are based on the Medicare Cost Report The Medicare Cost Report is completed based on the rules and regulations set forth by Centers for Medicare and Medicaid Services

Form and Line Reference	Explanation
Part III, Line 9b	No collections effort will be made by Jamestown Regional Medical Center or its collection agencies on the percentage of community care approved. However, patients must have completed the community care application process, establish their eligibility, and have been approved. If such a patient is mistakenly billed, hospital staff will apologize for the error and correct the mistake.

Form and Line Reference	Explanation
Part VI, Line 2	The Community Health Partnership was formed in March 2013 after the completion of the 2012 Community Health Assessment and Community Health Improvement Plan. The Community Health Partnership is comprised of community members and numerous community agencies. The purpose of the Community Health Partnership is to provide effective, quality health and safety services in an environment that enables community members to reach their full potential through assessment, leadership and partnerships. The goals of the community health partnership are -Enhance efficiency of community connections-Decrease duplication of efforts (and meetings)-Improve awareness and health within the community (Stutsman County)The organization also recently completed its 2nd Community Health Needs Assessment during the 6/30/15 fiscal year end.

Form and Line Reference	Explanation
Part VI, Line 3	All patients receive a "Payment Guidelines" brochure at time of registration, which notifies the patients on how to apply for charity care as well as explains the claim filing process, responsible party, co-pays and payments. All private pay patients receive a letter which lists charity care as a payment alternative to those who qualify. Our website contains a charity care link which explains the program and allows forms to be downloaded and printed.

Form and Line Reference	Explanation

The incentives for the CEO are expressed as a percentage of the participant's base salary at the end of the incentive plan year. The maximum award is approved by the Board for each plan year. There is a detailed criterion for the results of what the organization considers a superior job. The criteria uses goal driven measures that intend to incentivize important long term strategic objectives over short term efforts only. The CEO's performance is measured based on the following areas of focus: Service, Quality, Financial, People, Growth, Personal Growth. There is a ranking system for sets of criterion, and the Board of Directors is to utilize this system in determining the level of incentive the CEO will receive.
