Form and Line Reference	Explanation
Part I, Line 3c	In addition to the federal poverty guidelines, for those not covered by insurance with an annual income between 400-1000% of FPG, the hospital also considers the amount of the hospital bill compared to annual household income. We also consider eligibility for state assistance programs and homelessness or no documentation to establish indigence as factors in determining eligibility. All patients are expected to make a financial contribution towards their bill and are subject to pay at least a minimal co-payment so technically no free care is provided.

Form and Line Reference	Explanation
Part I, Line 6a	The organization's community benefit report is contained in a report prepared by its parent corporation, Renown Health Part I, Line 5c The organization budgets the amount of charity care expected in the next year but does not use that estimate as a constraint on the amount of charity care provided

Form and Line Reference	Explanation
Part I, Line 7	Charity care expense was converted to cost on line 7a using the cost-to-charge ratio derived from Worksheet 2. Unreimbursed medicaid on line 7b was calculated using the cost-to-charge ratio derived from Worksheet 2. Community health improvement, subsidized health services and cash and in-kind contributions on lines 7e, 7g and 7i are reported from the organization's records.

Form and Line Reference	Explanation
Part VI, Line 2	The organization reviews the current demographic information of the population it serves and the impact those demographics have on the health needs of the community. See explanation 4 for a description of the community. While the demographics start to tell the story of community health needs, Renown Health also consults with community partners and draws from state and local government, non-profits, and school district data sources to assess healthcare needs in the community. Renown Health also used data from the Washoe County Health District to identify health care needs and barriers in its service area. Renown Health's Community Benefit Committee spearheads the development of an annual community needs assessment and corresponding community benefit plan, and oversees the tracking and reporting of community benefit activities. The committee oversees the development or updating of a community needs assessment, and from that assessment develops a community benefit plan that prioritizes and identifies community needs that the organization can support with its finite resources. The needs assessment and community benefit plan are presented to the organization's board as well as the Renown Health Board for review and approval. The needs assessment and the community benefit plan are posted to the organization's website at <a href="http://www.renown.org/about-us/community">www.renown.org/about-us/community</a> .

Form and Line Reference	Explanation
Part VI, Line 3	The organization educates patients on assistance eligibility by posting information on its website regarding its financial assistance program and whenever situations indicate that the patient may be unable to pay for services. The organization has a dedicated Patient Financial Assistance Department that works with uninsured patients to establish eligibility for a state or local program. For those that do not qualify for a state or local program, they will refer the patient to the organization's charity care process.
