By encouraging them to look at the possibilities of establishing health care careers, the community stands to gain an increase in access to health care at all levels. In addition, promotion of recycling results in less trash for the landfill, which causes less pollution for the area, resulting in better health outcomes for the broader community and more efficient use of resources.

Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	It is the policy of VCH-M to promote socially just practices for billing and collections for all patients receiving care. The policy is intended to further VCH-M's mission by requiring ethical conduct in billing and collecting self-pay balances from patient/guarantor's regardless of ability to pay. The policy ensures that prior to turning an account over to a Third Party Collection Agent (Agent) for collection activity, VCH-M will perform a reasonable review of each account to verify that the patient/guarantor is not potentially eligible for any government assistance program (e.g. Medicaid, Medicare, etc.) and would likely not qualify for charity care. VCH-M will direct its staff and Agents to periodically assess each patient/guarantor's ability to pay or to determine eligibility for charity care. The review and assessment should include but may not be limited to the following: a. Ensure the patient/guarantor has been notified of VCH-M's financial assistance policy, b. Ensure the patient/guarantor was offered a financial assistance application, c. Ensure documentation of any known extraordinary financial circumstances of the patient/guarantor or if they are medically indigent.

Schedule H, Part VI, Line 4 Community Information	<p>According to the 2010 Census, Riley County encompasses 609.77 square miles in Northeast Kansas with approximately 117 persons per square mile (compared to an average of 35 persons per square mile across Kansas). The total population of Riley County, in 2014, was estimated at 75,194, a growth of 5.7% over the 2010 census. Manhattan is the largest city in the county with a population of 56,143 that includes over 24,000 Kansas State University (KSU) students and a large number of Fort Riley soldiers and their families. Riley County is slightly more diverse than the normal for the state with approximately 84% white, 7% Black or African American, 8% Hispanic or Latino, nearly 5% Asian and 3% two or more races. Due to the large number of KSU students, the population tends to be younger than the state average. Although agriculture plays a large role in the economy and culture of Riley County, the largest employers are Fort Riley (military and civilian employees), KSU, and the Manhattan/Ogden Unified School District. Riley County typically experiences lower rates of unemployment, crime and a number of other indicators that negatively impact quality of life as compared to state averages and is rated as the second healthiest county in Kansas according to the 2014 Robert Wood Johnson Foundation's County Health Rankings. The median household income is \$43,962 with 23% of persons living below the poverty level. These last two statistics are related to the high number of students living in the area. According to the 2014 population estimates, Pottawatomie County has a population of 22,897, a 6% increase over the 2010 Census. Approximately 94% of Pottawatomie County is white, 1.4% Black or African American, 1% Asian, 5.2% Hispanic or Latino and nearly 3% reporting two or more races. The land is approximately 841 square miles with a population density of 25.7 per square mile. The median household income between 2009-2013 was \$56,854 with approximately 9% of all persons living below the poverty level, which is fewer than the 13.7% for the State of Kansas.</p>

These directors are selected based on their expertise, experience, and other criteria established by the nominating committee of the Board of Directors. Areas of expertise and experience include health care, finance, education, and religious representatives. The Board actively debates and sets policy and strategic direction for the ministry but does not get involved in issues related to daily operations. The Board takes a balanced approach when addressing community needs and business and financial concerns. The Board is also the primary group for determining the use of surplus funds generated by the organization which is reinvested in the ministry in order to allow the ministry to sustain its mission and prepare for the future.</p> <ul style="list-style-type: none"> - Annually, VCH-M provides diagnostic services for Flint Hills Community Clinic and picks up the cost of wages for the community clinic staff. - VCH-M also provides diagnostic services for the Riley County Clinic. - VCH-M works with multiple law enforcement agencies in providing care to victims of sexual assault. Schedule H, Part V, Section B, Line 11 Facility , 1	Facility , 1 - Via Christi Hospital Manhattan Inc 1) Access to Health Services - VCH-M currently pays for the salaries of staff working in the Flint Hills Community Clinic and, through its social work department, provides information upon discharge of patients on how to sign-up for affordable care insurance and where to go to establish a medical home 2) Spirit of Community & Collaboration - VCH-M is a valued team player when it comes to working with other providers in Riley County For example, VCH-M pays for a SANE/SART nurse to work with victims that are brought in after a sexual assault event This collaboration helps the victim, Women's Crisis Center staff and Law Enforcement personnel so that no has to travel to Topeka for victim processing Being a funding partner in this last CHNA effort is another example of how VCH-M is working with the community to identify and address community needs 3) Lack of Affordable Housing - student housing, as well as, affordable housing for low income and middle class households is seen to be a problem area This issue, while important, is based more on the economic challenge than on the cost of housing and is not really a specific health related issue VCH-M does participate in this discussion through membership in the Chamber and Fort Riley Advisory meetings but given its current resources cannot really do much to relieve this burden 4) Lack of Accessible & Affordable Mental Health Services - VCH-M's CEO and area doctors are collaborating on creative ways to address the increasing need of mid-level mental health professionals One of their strategies is to engage more stakeholders to improve the gap in services since the Mental Health budget supported by the State of Kansas has been reduced This effort also includes working to attract new mental health clinicians to the area 5) Infrastructure Growth for Possible Growth in Business - With the addition of the National Bio and Agro Defense Facility and the proposed growth expected in Fort Riley at the Army Base, some folks are concerned about the ability of the infrastructure to support such rapid growth VCH-M is working with the Chamber of Commerce, Fort Riley's Leadership, local law enforcement and others to ensure basic health care services are in place to accommodate any growth pains that might occur Being involved in the community at various touch points allows VCH-M the opportunity to hear about these concerns from various audiences and stay flexible enough to address issues that may be health related 6) Affordable Child Care - This is a major issue and has been for a period of time Part of that is due to the younger population who attend Kansas State University and who no longer live close to relatives who are able or willing to take care of young children According to the Department for Children and Families (2013), the funding for child care assistance in Riley County has decreased over the past few years, and 11% of the survey respondents stated they have lost or quit a job due to child care issues In addition, over 40% of the survey respondents indicated they cannot find affordable child care VCH-M is working in collaboration with the Riley County Perinatal Coalition to work with at-risk pregnant women in need of prenatal care and offers free safety car seat checks every week to ensure children get started out on the right foot In addition, they regularly offer classes on safe sitters, first aid for children, newborn basics, daddy basics, breastfeeding basics, child care, infant massage and others to ensure that people who are in need of training have access to it, while at the same time, trying to expand those who may offer child care in their private homes
