Part X, Line 2	The Financial Accounting Standards Board's (FASB) guidance on accounting for uncertainty in income taxes clarifies the accounting for uncertainty of income tax positions. This guidance defines the threshold for recognizing tax return positions in the consolidated financial statements as "more likely than not" that the position is sustainable, based on its technical merits. This standard also provides guidance on the measurement, classification and disclosure of tax return positions in the consolidated financial statements. The Company has adopted this guidance, and there were no amounts recorded in the consolidated financial statements during the years ended June 30, 2015 and 2014 for uncertain tax positions.
