Schedule D, Part X, Line 2	Included below is the footnote to the organization's financial statements that reports the organization's liability for uncertain tax positions under FIN 48. "The Hospital and the Foundation are exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code as public charities. Both entities are entitled to rely on this determination as long as there are no substantial changes in their character, purposes, or methods of operation. Management has concluded that there have been no such changes, and therefore the Hospital and Foundation's status as public charities exempt from federal income taxation remain in effect. The state in which the Hospital and the Foundation operate also provides a general exemption from state income taxation for organizations that are exempt from federal income taxation. However, both entities are subject to federal and state income taxation at corporate tax rates on unrelated business income. Exemption from other state and local taxes, such as real and personal property taxes is separately determined. The Hospital and the Foundation had no unrecognized tax benefits or such amounts were immaterial during the periods presented. For tax periods with respect to which no unrelated business income was recognized, no tax return was required. Tax periods for which no return is filed remain open for examination indefinitely. Although informational returns were filed for the Hospital and the Foundation, no tax returns were filed during 2015 and 2014. Health Ventures is subject to corporate income tax, and incurred an income tax liability of \$0 for each year ended June 30, 2015 and 2014. DRCC and Sleep Center are Maryland limited liability companies that have not elected to be taxed as a corporation under current Treasury regulations. DRCC and Sleep Center are owned by more than one member. As such, DRCC and Sleep Center are subject to the partnership tax rules under Subchapter K of the Internal Revenue Code of 1986 (IRC), as amended. Under these rules DRCC and Sleep Center are not subject to federal or state income tax, but must file annual information returns indicating their gross and taxable income to determine the tax results to their members. The CHP entities are Maryland limited liability companies that have not elected to be taxed as corporations under current treasury regulations. CHP entities are wholly owned by the Hospital. As such, each CHP entity is a "disregarded entity" under current IRC regulations."

Schedule H, Part I, Line 3a	The hospital provides free care to those individuals that have family income below 200% of the federal poverty guidelines, as well as discounted care (at a minimum 25% discount rate) to individuals that have family income below 300% of the federal poverty guidelines. In addition, patients whose family income is between 200 and 500 percent of the federal poverty guidelines may receive discounted care when the hospital debt exceeds 25% of the family gross income for the family unit, and such eligibility will remain active during a 12 month period beginning on the date which the reduced cost medically necessary care was initiated. All immediate family members within the family household who have medical debts at the hospital will be considered. In order to promote the provision of financial assistance to patients that would qualify under the hospital's financial assistance policy, the hospital utilizes presumptive charity care. Self-pay patients may qualify for presumptive charity care by submitting proof of enrollment in certain social service programs, including: (1) household with child in free or reduced lunch program, (2) Supplemental Nutritional Assistance Program, (3) Low income household energy assistance program, (4) Primary Adult Care Program and (5) Womens, Infants, and Children Program. In addition, the hospital uses an eligibility verification system, pursuant to which, if a patient is found to qualify for a program such as pharmacy only or physician only coverage, the hospital may provide presumptive charity care. Furthermore, the hospital utilizes a credit scoring software. If the patient's family income is indicated to be below 200% of the federal poverty guidelines pursuant to use of the credit scoring software, then presumptive charity care may be provided. Patients may not qualify for financial assistance, if the patient has monetary assets in excess of \$10,000, excluding up to \$150,000 in a primary residence and retirement benefits where the IRS has granted preferential treatment.

Form and Line Reference	Explanation
Schedule H, Part I, Line 7	Maryland's regulatory system creates a unique process for hospital payment that differs from the rest of the nation. The Health Services Cost Review Commission (HSCRC) determines payment through a rate setting process. All payors, including governmental payors, pay the same amount for the same services delivered at the same hospital. Maryland's unique all payor system includes a method for referencing uncompensated care in each payor's rates, which does not enable Maryland hospitals to break out any direct offsetting revenue related to uncompensated care. Community benefit expenses are equal to Medicaid revenues in Maryland, as such, the net effect is zero. The exception to this is the impact on the hospital of its share of the Medicaid assessment. In recent years, the state of Maryland has closed fiscal gaps in the state Medicaid budget by assessing hospitals through the rate setting system.

Schedule H, Part II	A patient is classified as a financial assistance patient by reference to the financial assistance policy of the Hospital (FAP) The FAP sets forth the criteria for patients to qualify for free or discounted care In assessing a patient's eligibility for financial assistance under the FAP, the Hospital assesses whether the patient's family income is below a certain percentage of the federal poverty guidelines, as well as whether incurred charges are significant when compared to the patient's family income Patients who have insurance may still qualify for financial assistance for their portion of the amount due Our policy states that at any time the patient can qualify for financial assistance, even after collection efforts have begun If the patient qualifies for financial assistance after collection efforts have commenced, all collection efforts by the hospital will cease immediately Furthermore, if the patient qualifies for financial assistance after payment have been made by the patient, the appropriate refund will be made by the hospital

Schedule H, Part III, Section A, Line 4	"Net patient service revenue and net patient accounts receivable are reported at estimated net realizable amounts from patients, third party payers, and others for services rendered. Discounts ranging from 2.25% to 8% of Hospital charges are given to Medicare, Medicaid, and certain approved commercial health insurance providers and health maintenance organizations. In addition, these payers routinely review patient billings and deny payments for certain charges that they deem medically unnecessary or performed without appropriate pre-authorization. Discounts and denials are recorded as reductions of net patient service revenue. Accounts receivable from these third-party payers have been adjusted to reflect the difference in charges and estimated reimbursable amounts. The Company bills third party payers directly for services provided. Insurance coverage and credit information are obtained from patients upon admission when available. No collateral is obtained for patient accounts receivable. Patient accounts receivable deemed to be uncollectible by management have been written off. An allowance for doubtful accounts is recorded based on historical trends for patient accounts receivable that are anticipated to become uncollectible in future periods." The company estimates that only a de minimis amount of its bad debt expense is attributable to patients eligible under the organization's financial assistance policy. The company widely publicizes its financial assistance policy and regularly utilizes presumptive charity to ensure that patients that would qualify under the hospital's financial assistance policy do in fact receive financial assistance.

Schedule J, Part I, Line 3	Doctors Community Hospital used the following methods to determine the CEO's compensation: Compensation Committee, written employment contract, independent compensation consultant, compensation survey or study, form 990 of other organizations, and recommended by the Compensation Committee and approved by the Doctors Community Hospital Board. The compensation for Vice Presidents follows these processes, except that there are no other written contracts.
Schedule J, Part I, Line 4	Dennis Scanlon, the retired CFO, and Thomas Crowley, retired COO, receives monthly payments from the DCH Option Plan.
Schedule J, Part I, Line 7	Schedule J, Part I, Line 7 - Doctors Community Hospital, to determine the CEO's compensation: Doctors Community Hospital used the following methods to determine the CEO's compensation: Compensation Committee, written employment contract, independent compensation consultant, compensation survey or study, form 990 of other organizations, and recommended by the Compensation Committee and approved by the Doctors Community Hospital Board. As part of the process, the Compensation Committee reviews results of the organization and the executive of organizational financial, quality of care, patient satisfaction, and similar goals and makes incentive compensation awards based on this performance.
Schedule J, Part II	In 2010, the Compensation Committee determined that the President and Chief Executive Officer, Philip B. Down, declined base salary increases and incentive compensation payments in prior years of employment amounting to at least \$504,237. Subject to Mr. Down's agreement to stay employed through and not retire before June 30, 2015, the Compensation Committee resolved to pay this \$504,237 amount to Mr. Down at the end of the period ending June 30, 2015. The Compensation Consultants apprised the Compensation Committee that this payment would be in keeping with market norms. The present value of the amount accrued as deferred compensation during 2014 was \$160,792. In 2013, the Compensation Committee negotiated an extension of Mr. Down's employment commitment until June 30, 2017 and a commitment from him to provide additional services in the case of a change in control. As part of these agreements, the Compensation Committee established a supplemental retirement arrangement for Mr. Down. This arrangement also was confirmed as normative by the Compensation Committee's outside consultants. This arrangement requires that Mr. Down remain employed through and not retire before June 30, 2017. The present value of the amount accrued as deferred compensation during 2014 was \$258,199. In 2013, the Compensation Committee approved a payment to Mr. Down in 2014 for certain income taxes that were imputed upon him under a life insurance arrangement adopted in the early 1990s. The Hospital has not funded the subject life insurance policies in many years. Any income tax payments paid for Mr. Down net out of (i.e., reduce) the supplemental retirement plan described in the previous paragraph. Therefore, the tax gross up described herein does not increase the Hospital's overall cost.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Header, Line A	We requested extension to 5/15 due date and are filing on time
Form 990, Part I, Line 1	Hospital currently operates 200 licensed medical/surgical beds, admits 10,000 patients annually, and employs 1,500 individuals. Our medical staff is comprised of more than 600 physicians. The hospital offers a broad range of inpatient and outpatient services, a number of specialty and subspecialty services, and a full range of ancillary and support services.
Form 990, Part VI, Section B, Line 11b	The 990 is prepared by the CFO, reviewed by the President and tax advisor, and then submitted to each member of the Board for their review. Any comments/questions from the Board members are reflected in the 990 that is filed by the organization.
Form 990, Part VI, Section B, Line 12c	Doctors Community Hospital (DCH) has adopted a Conflict of Interest Policy covering DCH and its wholly-controlled supporting organization Doctors Community Hospital Foundation (DCHF). Pursuant to such Conflict of Interest Policy, each Board member and officer of the organization is required to complete a written conflict of interest statement annually. The information received is used to both address the concerns raised by the Charter and By-Laws of DCH and DCHF, as well as to provide additional information regarding officer and directors, which will heighten awareness of their business transactions, experience, background, abilities and accomplishments, and of the community that DCH and DCHF seek to serve.
Form 990, Part VI, Section B, Line 15	Form 990, Part VI, Section B, Line 15 - The Organization's Board has adopted a Compensation Policy ("the Policy") for covered individuals. Pursuant to the Policy, a Compensation Committee of independent directors was established to review the compensation of all employees specified as having a substantial influence over the organization and who receive remuneration from the Organization, including, among others, the Organization's President and Chief Executive Officer and the Organization's Chief Financial Officer and Vice President of Finance. The Compensation Committee is advised by an independent compensation consultant, which opines to the Compensation Committee that the level of compensation paid and the process by which compensation is established meet applicable IRS reasonableness and 'safe harbor' standards. The outside compensation consultant provides data of compensation provided at similar organizations to ensure that the Organization does not compensate in excess of market norms. The Compensation Committee recommends the annual changes to the Board for approval.
