E&H College provided formal instruction and related academic support for 950 full-time equivalent students toward the fulfillment of Bachelor of Science and Bachelor of Art degrees in a variety of fields of study. The college's academic program is shaped by goals to develop the students' intellectual abilities, to strengthen their ability to think critically about ethical decisions and responsible actions, to evoke a commitment to serve others, and to nurture their curiosity through lifelong learning. Student financial aid was provided to most students through a variety of scholarships and grants, supporting the pursuit of degrees. Formal classroom instruction was provided by faculty members in small classroom settings. To enhance the academic experience for students, services were provided through the library, academic computing, The Powell Resource Center (for academic counseling, career services, personal counseling, skill development, testing resources, tutoring, workshops, and academic accommodations for students with documented disabilities), and the Office of the Academic Dean. Writing labs and quantitative labs were available to students on an ongoing basis. Academic areas of expansion included a marching band program and the initiation of Occupational Therapy and Physician Assistants in the new School of Health Sciences. The new visual and performing arts center was opened to showcase student accomplishments in the fine arts curriculum. Project Ampersand was initiated which is a project-based learning environment in the core curriculum.

| Schedule I, Part I, Line 2 | The College maintains complete records for the grants and scholarships provided to all individuals. Those records indicate the criteria used to award the grants, documentation supporting the grantee's eligibility of the award, and substantiation of the amounts awarded. Documentation is also maintained as to when and how the funds are utilized. Where appropriate, periodic reports are prepared, summarizing the allocation of funds and a reconciliation of the amounts spent for each grant and scholarship. The College employs individuals whose primary responsibilities are to oversee the process of distributing financial grants and scholarships. The number of scholarship and grant recipients for cost of attendance are tracked by the administrative system. The number of faculty and student recipients of research awards are estimated based on the type of grants awarded and the number of participants. |
