4a	(Code)	(Expenses \$ 249,044,923	including grants of \$ 10,355,889	) (Revenue \$ 291,220,063)
See Schedule OBaylor Medical Centers at Garland and McKinney is comprised of two separately licensed hospitals. Baylor Medical Center at Garland (Baylor Garland) and Baylor Medical Center at McKinney (Baylor McKinney). Baylor Medical Centers at Garland and McKinney is affiliated with Baylor Scott & White Health (BSWH), a faith-based nationally acclaimed network of acute care hospitals and related health care entities providing quality patient care, medical education, medical research and other community services to the residents of North and Central Texas. BSWH is the largest not-for-profit health care system in Texas, and one of the largest in the United States. BSWH was formed from the 2013 combination of Baylor Health Care System and Scott & White Healthcare. During the year, Baylor Garland and Baylor McKinney provided community benefits (as reported to the Texas Department of State Health Services and in accordance with the State of Texas Statutory methodology) of \$71,606,557 and provided community benefits (as reported on the IRS Form 990, Schedule H) of \$35,090,546 during the tax year. The Texas Annual Statement of Community Benefit Standard includes approximately \$31,298,546 of unreimbursed cost of Medicare provided by these hospitals that is not included in the IRS Form 990, Schedule H. Baylor Garland is a faith-based, non-profit, 113-bed acute care hospital providing exemplary patient care services and medical education to residents of Garland, Texas and the surrounding communities since 1964. Baylor Garland provides inpatient and outpatient medical services to treat individuals with diseases, illnesses and injuries of varying complexities. Services include all of the comprehensive health care services typical of a quality teaching and acute care hospital with multidisciplinary interaction among physicians, providing patients with innovative methods of prevention, diagnosis, treatment, education and support. During the fiscal year, Baylor Garland admitted 7,823 patients resulting in 34,587 days of care, and received 59,752 emergency department visits. Baylor McKinney is a faith-based, non-profit, 143-bed acute care hospital providing exemplary patient care services to the growing community of McKinney, Texas and the surrounding areas since July 2012. Baylor McKinney offers services in cancer care, digestive disease, cardiovascular care, radiology, neurology, orthopedics, and women and infant care along with a 24/7 emergency department (ED) and intensive care unit (ICU). A Level III Neonatal Intensive Care Unit (NICU) with private suites also provides state-of-the-art services to new mothers. The dove-shape building is meant to enhance nurse workflow and patient safety and qualifies as Leadership in Energy and Environmental Design (LEED) certified for its sustainable and efficient design. During the fiscal year, Baylor McKinney admitted 6,772 patients resulting in 26,309 days of care, delivered 1,870 babies and received 32,338 emergency department visits. See Schedule H for more information regarding these services and how Baylor Medical Centers at Garland and McKinney promotes the health of the communities.				

4b	(Code)	(Expenses \$ 2,829,697	including grants of \$ 0	) (Revenue \$ 912,789)
See Schedule OMedical education is a crucial part of the Baylor Garland's mission. Being one of the nation's largest private teaching Organizations, Baylor Garland annually trains residents and fellows in family medicine. These quality teaching programs add many dimensions to Baylor Garland's ability to serve patients. Residents in the organizations' program graduate with demonstrated competence in population health management, continuous quality improvement, and the importance of patient satisfaction. Residents work with physician's assistants and are active managers of the patient-centered medical home, often assuming leadership roles in clinic and Organization operations. To help address the state's health care workforce shortage, the Texas A&M Health Science Center (TAMHSC) College of Medicine and Baylor Garland have joined forces to establish a Clinical Training Program in Dallas for students to complete clinical rotations in surgery, internal medicine, family medicine, psychiatry, pediatrics, and obstetrics/gynecology at Baylor Garland and other clinical affiliates over their last two years of residency. While residents and fellows of Baylor Garland are not required to work for an affiliate of BSWH, most remain in North Texas upon completion of their program, providing a continuous supply of well-trained medical professionals for the region. During the fiscal year, Baylor Garland invested almost \$1.5 million in training 19 medical residents. Baylor Garland and Baylor McKinney are also committed to assisting with the preparation of future nurses at entry and advanced levels of the profession to establish a workforce of qualified nurses. Through BSWH's relationships with 15 North Texas schools of nursing, both hospitals maintain strong affiliations with schools of nursing. During the fiscal year, the hospitals invested in training 156 nurses. Total unreimbursed cost of these programs was \$455,338. Like physicians, nursing graduates trained at the hospitals are not obligated to join the staff although many remain in the North Texas area to provide top quality nursing services to many health care institutions.

Part IV

Supporting Organizations (continued)

Section B. Type I Supporting Organizations

	Yes	No
1 Did the directors, trustees, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's directors or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove directors or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.		
2 Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised or controlled the supporting organization.		

Section C. Type II Supporting Organizations

	Yes	No
1 Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).		

Section D. All Type III Supporting Organizations

	Yes	No
1 Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (1) a written notice describing the type and amount of support provided during the prior tax year, (2) a copy of the Form 990 that was most recently filed as of the date of notification, and (3) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
2 Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).		
3 By reason of the relationship described in (2), did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.

Return Reference	Explanation
Part II-B, Line 1	Statement Regarding Legislative Activity. Health care policy is critical to all Americans, and the Organization believes that health care providers must participate in forming health care policy by interacting with national, state and local representatives and their staff members to help them better understand the complexities and ramifications of key health care policies including, without limitation, those related to uninsured and indigent patient needs as well as the legislative and regulatory needs to assure the delivery of cost-efficient, quality health care. The Organization has established relationships with persons and industry associations that often communicate the Organization's positions on major health care issues. These contacts may include direct contact, telephone conversations and/or letters. Also, The Organization may attempt to educate the local community on certain legislative initiatives that may impact The Organization's ability to provide quality health care services to the community through direct mailings, media advertising or broadcast statements. The amount of resources (time and money) involved in these activities is insubstantial. The Organization has not intervened in any political campaign.

Form and Line Reference	Explanation
Part I, Line 3c	and Line 3b In addition to providing free care to financially indigent patients at 200% of the federal poverty guidelines ("FPG"), the organization provides discounted care to the medically indigent which is based on both the FPG (up to 500%) and the percentage of the patient's total bills from all providers in relation to the patient's annual income Pursuant to the charity care policy, a patient's total balance due will not exceed 10% of total annual income if the patient qualifies as medically indigent The organization also provides discounted care to those individuals whose amount of total bills, after all payments from third parties, exceeds 50% of the patient's annual income (regardless of the level of income) if the patient is unable to pay the remaining bill

Form and Line Reference	Explanation
Part I, Line 6a	The organization prepares and files an Annual Report of Community Benefit Plan with the Texas Department of State Health Services. This report is made available through the organization's website at www.baylorhealth.com/About/Community/Pages/CommunityReport.aspx

Form and Line Reference	Explanation
Part I, Line 7	A ratio of patient care cost to charges, as determined in Worksheet 2, was used to report the amounts in Part I, Lines 7a - 7d For amounts reported on lines 7e - 7k, actual expenses for each community benefit activity are tracked and reported using both community benefit software and/or the organization's cost accounting system Part I, Line 7b, Column (d) Includes payments from the State 1115 Waiver Program for uncompensated care, which funds are to be used to expand indigent care Part I, Line 7i, Column (c) Includes charity care payments of \$10,245,340 that are made directly to or on the behalf of a local public hospital and/or other nonprofit organizations for the treatment of indigent patients of those organizations

Form and Line Reference	Explanation
Part I, Line 7g	The organization operates a senior health center despite a financial loss after removing the unreimbursed cost of providing charity care and Medicaid. These services are provided to meet an identified community need and otherwise may not be available if not provided by the organization in these underserved areas of the community.

Form and Line Reference	Explanation
Part I, Ln 7 Col(f)	The amount of bad debt expense included on Form 990, Part IX, line 25, but removed for Schedule H, Part I, Line 7, Column (f) totaled \$0

Form and Line Reference	Explanation
Part III, Line 4	As stated in the combined audited financial statements, "The System maintains allowances for uncollectible accounts for estimated losses resulting from a payor's inability to make payments on accounts. The System assesses the reasonableness of the allowance account based on the historical write-offs, cash collections, the aging of the accounts and other economic factors. Accounts are written off when collection efforts have been exhausted. Management continually monitors and adjusts its allowance associated with its receivables." Bad debt does not include amounts for patients who are known to qualify under the organization's charity care policy. The amount of bad debt attributable to patient's accounts is net of contractual allowance, payments received and recoveries of bad debt previously written off. The Organization has entered zero on Schedule H, Part III, Line 3, however, based on prior experience and certain demographics and other information obtained during admission, the organization believes a portion of the bad debt expenses (estimated to range from 1 - 5%) would be attributable to patients that would otherwise qualify for charity care. Despite all of the effort and ways the organization educates patients about qualifying for its charity care program as demonstrated in Part VI, question 3 below, many uninsured patients either refuse or fail to complete a charity care application or provide sufficient information at the time of admission, during their stay or after being discharged to qualify for assistance under the organization's charity care policy.

Form and Line Reference	Explanation
Part III, Line 8	The amount reported on Part III, Section B, line 7 was calculated in accordance with the Schedule H instructions utilizing the organization's allowable cost reported in the Medicare cost report based on a cost to charge ratio. However, the allowable costs in the Medicare cost report do not reflect the actual cost of providing care to patients since the Medicare cost report excludes many direct patient care costs that are essential to providing quality care to these patients. For example, certain coverage fees to physicians, cost of Medicare C and D, and other similar direct patient care expenses are specifically excluded as allowable cost in the cost reports. Using the same methodology to calculate the unreimbursed cost of providing charity care and Medicaid (using applicable Schedule H Worksheets) would result in a shortfall of \$26,107,084, which is \$12,644,936 higher than the shortfall reported on Part III, Section B, Line 7. The organization believes that all of the shortfall should be considered as a community benefit for the following reasons. First, the IRS Community Benefit Standard includes the provision of care to the elderly and Medicare patients. IRS Revenue Ruling 69-545 provides, in part, that hospitals serving patients with governmental health benefits, including for example Medicare, is an indication that the hospital operates for the promotion of health in the community. Second, the organization provides care to Medicare patients regardless of this shortfall, i.e., loss, and thereby relieves the state and federal government of the burden of paying the full cost for the care of Medicare beneficiaries. Medicare does not provide sufficient reimbursement to cover the entire cost of providing care to these patients causing the organization to use other surplus funds to cover the shortfall. It is expected that reimbursement under the Medicare program will continue to decline and therefore may further limit access to care due to the anticipated reduction of participating Medicare providers in the community. As a result, the care for these patients will likely increase at, and rest on the shoulders of, nonprofit hospitals or county hospital districts. Third, many of the Medicare participants have low fixed incomes and therefore would qualify for charity care or other means tested government programs absent being enrolled in the Medicare program. Fourth, Texas nonprofit hospitals must provide a minimum level of community benefit in order to obtain exemption from state and local taxes. According to the current Texas Health and Safety Code, the unreimbursed cost of Medicare is considered to be a community benefit in determining these state statutory requirements as it helps relieve a governmental burden of providing this care that would otherwise be provided through the county hospital system in Texas.

Form and Line Reference	Explanation
Part III, Line 9b	The organization's debt collection policy and procedures prohibit any collection efforts for the portion of the patient account balance that qualifies for financial assistance under the organization's charity care policy. For any remaining balances due, the same collection policy and procedures are applied equally to all patient types.

Form and Line Reference	Explanation
Part VI, Line 2	During the fiscal year ending June 30, 2013, the Organization conducted a Community Health Needs Assessment (CHNA) to assess the health care needs of the community for each of its licensed hospital facilities and developed an implementation strategy to address the needs identified in the CHNAs. The CHNAs were conducted in accordance with state and federal guidelines including Internal Revenue Code Section 501(r) and the Texas Health and Safety Code Section 311. These CHNAs and implementation strategies have been made widely available to the public and are located on the Organization's website at the following address: www.baylorhealth.com/About/Community/Assessments/Pages/Default.aspx

Form and Line Reference	Explanation
Part VI, Line 3	The organization is committed to promoting health in the community including providing or finding financial assistance programs to assist patients. Patients who may qualify for financial assistance through the organization's charity care program or other federal, state and local government programs are informed and educated about their eligibility in several ways including, but not limited to, the following: 1) posting signs and notices regarding the charity care policy in the emergency departments, admitting areas and business offices located throughout the organization; 2) annual posting regarding the organization's charity care program in the local newspapers; 3) information regarding financial assistance, including the organization's charity care policy, is posted on the organization's website; 4) notices about the organization's financial assistance policies are posted on each bill sent to patients including providing a phone number to access the customer service unit dedicated to answering patients billing questions, as well as provide information regarding financial assistance; and 5) the organization provides free financial counselors to help patients determine how to meet their financial obligations for services provided. Specifically financial counselors assist patients in applying for government assistance programs such as Medicaid or the organization's charity care program. Any patient may request to speak to a financial counselor when being treated at the organization. Uninsured patients who are admitted to the hospital will automatically receive help from a financial counselor. These services are provided in writing and through interpretation services in the primary language of the patient requesting assistance. Though the most often needed alternate language is Spanish, the organization can accommodate multiple languages including American Sign Language.

Part VI, Line 4	The Organization has two licensed hospitals and each hospitals community is defined and summarized below. Additional information regarding the community can also be found in the hospital's community health needs assessment and implementation strategy located on the organization's website at http://www.baylorhealth.com/About/Community/Assessments/Pages/Default.aspx. Baylor Medical Center at Garland (Baylor Garland) is located in Dallas County and its total service area includes zip codes primarily from the urban/suburban areas of Garland, Wylie, Rowlett, Sachse, Mesquite and Murphy covering more than 639,000 residents. The average household income is \$67,316 with 10.5 percent living below the federal poverty level. Additionally, 11.4 percent is uninsured and 20.6 percent of the population is enrolled in Medicaid. There are no designated medically underserved areas in the Baylor Garland service area. In addition to Baylor Garland, there are six other hospitals providing hospital care to the service area. Baylor Medical Center at McKinney (Baylor McKinney) is located in Collin County and its total service area includes zip codes primarily from the urban/suburban areas of Allen, McKinney, Princeton and Prosper covering more than 284,000 residents. The average household income is \$98,808 with 5.4 percent living below the federal poverty level. Additionally, 7.8 percent is uninsured and 10.0 percent of the population is enrolled in Medicaid. There are four designated medically underserved areas in the Baylor McKinney service area. In addition to Baylor McKinney, there are four other hospitals providing hospital care to the service area.

Form and Line Reference	Explanation
Part VI, Line 5	With the oversight of an independent volunteer community board and Baylor Scott & White Holdings, the organization's ultimate parent, the organization, including Baylor Medical Center at Garland and Baylor Medical Center at McKinney has promoted health and benefited the community by providing exemplary health care, medical education, research and other community services. The organization's governing body is comprised of volunteer community representatives that provide leadership and governance for the organization. The members of the governing body contribute their wisdom, insights, and expertise to ensure the organization is fulfilling its mission and charitable purpose while providing efficient administrative support services and direction for the System. The members are well respected residents and/or own businesses in the organization's primary or secondary service area and understand the needs of the community. The medical staff of the organization is open to all physicians in the community who meet membership and clinical privileges requirements. Surplus funds are continuously utilized to maintain access to limited patient services or expand access points of care to patients throughout the community including, but not limited to, the following. The organization operates an emergency department through its hospitals accepting all patients without the regard for the ability to pay. The emergency room is operated 24 hours a day, seven days a week. The organization provides financial assistance in the form of charity care to patients who are indigent and satisfy certain requirements. Additionally, the organization is committed to treating patients who are eligible for means tested government programs such as Medicaid and other government sponsored programs including Medicare, which is provided regardless of the reimbursement shortfall, and thereby relieves the state and federal government of the burden of paying the full cost of care for these patients. Often, patients are unaware of the federal, state and local programs open to them for financial assistance, or they are unable to access them due to the cumbersome enrollment process required to receive these benefits. The organization offers assistance in enrollment to these government programs or extends financial assistance in the form of charity care through the Organization's Financial Assistance Policy which can be located on the organization's website at baylorsscottandwhite.com/Tools/Pages/Financial-Assistance-Options.aspx. The organization is committed to promoting the healthy well being of individuals and families beyond the healthy activities of traditional hospital or clinic settings through its community outreach programs. The organization provides free community health seminars throughout the year at local libraries and community centers and collaborates with the school districts by offering programs such as Project Power, a free diabetes program provided in both English and Spanish to those who have no health insurance. Other programs include library seminars on dementia, options for care, urological problems, and breast cancer awareness. The organization also provides free health screenings in the community specifically targeted to meet the needs identified in the community needs assessment. Since late 2009, the organization has been supporting Hope Clinic. Many physicians and nurses on the organizations medical staff, as well as Family Medicine residents from the organization medical education program staff this clinic. The clinic served the working poor who have no private health insurance and who are ineligible for Medicare, Medicaid or similar programs. In addition to urgent care needs and health screenings, Hope Clinic helps its clients manage chronic conditions such as diabetes, high blood pressure, COPD and heart failure. Medications for this population are made more accessible through the clinic's prescription assistance program. Medical education is a crucial part of the organization's mission. Being affiliated with one of the nation's largest private teaching organizations, the organization annually trains 19 residents, fellows and other health care professionals. These quality teaching programs add many dimensions to the organization's ability to serve patients in the community.

Form and Line Reference	Explanation
Part VI, Line 6	The organization is affiliated with BSWH (BSWH or the System), a faith based nationally acclaimed network of acute care hospitals and related health care entities providing quality patient care, medical education, medical research and other community services to the communities of North and Central Texas. BSWH is the largest not-for-profit health care system in Texas, and one of the largest in the United States. BSWH was formed from the 2013 combination of Baylor Health Care System and Scott & White Healthcare. Known for exceptional patient care for more than a century, the two organizations serve adjacent regions of Texas and operate on a foundation of complementary values and similar missions. BSWH includes 47 hospitals, more than 900 patient care sites, more than 6,600 affiliated physicians, 43,500 employees, 23 retail pharmacies and the Scott & White Health Plan. The System exists to serve all people through exemplary health care, education, research and community service. Community benefits are provided through the provision of charity care, governmental sponsored programs (such as Medicaid and Medicare), medical research, medical education, community health improvement services, donations to other nonprofit health care providers, and many other community service activities. During the year, the affiliated nonprofit hospitals reported community benefits (as reported to the Texas Department of State Health Services, and in accordance with the State of Texas Statutory methodology) in excess of \$742,150,000. The System's nonprofit hospitals provided community benefits (as reported on the IRS Form 990, Schedule H) in excess of \$476,830,000 during the tax year. The Texas Annual Statement of Community Benefit Standard includes approximately \$260,700,000 of unreimbursed cost of Medicare that is not included in the IRS Form 990, Schedule H. The System is comprised of separate legal entities including philanthropic foundations, a research institute, a physician network, acute care hospitals, short-stay hospitals, specialty hospitals, ambulatory surgery centers, a health plan and other health care providers all which fall under the common control of Baylor Scott & White Holdings. Under the guidance of an independent community board, the System follows one single mission, vision and values focusing on quality patient centered care while meeting the demands of health care reform, the changing needs of patients and extraordinary recent advances in clinical care. As part of the System, certain affiliates make grants and/or contributions to other related nonprofit affiliates to help financially support and/or fund worthy community benefits activities. The System has also established a patient transfer system among the affiliated hospitals allowing patients needing a particular level of care to be transferred as needed to a related hospital that can provide that service in an efficient and effective manner. As part of the System, all hospitals and other affiliated health care providers are required to adhere to high standards for medical quality, patient safety and patient satisfaction. These standards are set forth by Baylor Scott & White Holdings, the organization's parent, which helps ensure consistency across the System.

Form and Line Reference	Explanation
Group A -Facility 1 -- Baylor Medical Center at Garland Part V, Section B, line 5	Creating healthy communities requires a high level of mutual understanding and collaboration with community individuals and partner groups. The development of the community health needs assessment brought together information from community health leaders and providers along with local residents for the purposes of researching, prioritizing and documenting the community health needs for the geographies served by the hospital facility. As an affiliate of Baylor Health Care System (BHCS), the hospital facility conducted its community health needs assessment with the assistance and direction of BHCS and the guidance of the BHCS Community Benefit Committee. The mission and role of the BHCS Community Benefit Committee is to assist the BHCS Board of Trustees in setting direction, identifying priorities, and monitoring performance in mission and vision integration into community benefits across the BHCS hospital system. The Committee is comprised of trustees (current System and community board members) and other community representatives appointed by the BHCS board of trustees. The hospital facility's community health needs assessment brings together information from a variety of sources. This assessment consolidates information from recent community health needs assessments conducted for the Texas Regional Healthcare Partnerships, the Dallas County Community Health Needs Assessment and the Consumer Health Report conducted by the National Research Corporation (NRC) for the hospital facility. Members from Baylor Health Care System participated in the development of these reports with other health care providers, community groups and others throughout the Dallas/Fort Worth Metroplex. These reports used a variety of methods to gather and assess the community including, but not limited to, surveys, meetings, and interviews. The hospital has also fostered continued community participation and outreach activities through membership in the Dallas Fort Worth Hospital Council. They have used data from this collaboration of health care providers, including data that served as the basis for this CHNA. This data drawn from a variety of local, state and federal sources represents the most recent evaluation of Dallas/Fort Worth residents health status and the assets available to the community for improving health. In addition, data was drawn from the Healthy North Texas website (www.healthytexas.org), which was created under the direction of the Dallas Fort Worth Hospital Council Foundations Community Health Collaborative. The website features data regarding overall population health. It boasts more than 100 local health indicators that can be compared across other Texas regions and the nation. The information can be used to expose crucial health concerns in North Texas, including incidents of diabetes, breast cancer and suicide. The site also has a database of information detailing ways to combat these health ailments. Sponsors of the site include Blue Cross Blue Shield of Texas, Communities Foundation of Texas, HCA North Texas, JPS Health Network, Methodist Health System, Texas Health Resources, University of North Texas Health Science Center and Baylor Health Care System. More detailed information can be found in the hospital community health needs assessment and community benefit plan located at the following website http://www.baylorhealth.com/About/Community/Assessments/Pages/Default.aspx

Part III Supplemental Information

Provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. Also complete this part for any additional information.

Return Reference	Explanation
Part I, Line 1a	Discretionary spending account-The organization provides eligible employees who travel frequently in their personal vehicle an auto expense allowance in lieu of reimbursement for business mileage under the organization's business travel and expense reimbursement policy. All auto expense allowances are treated as taxable compensation. Two of the persons listed in the Form 990, Part VII, Section A, received this benefit during the tax year.
Part I, Line 4b	In order to recruit and retain key talent, BSW Holdings and certain tax exempt affiliates (BSWH) offers a supplemental non-qualified retirement plan to eligible employees. The plan provides an annual benefit (based on a percentage of compensation) to the employee that is paid to the employee on a future date upon vesting in the plan. The following individual(s) participated in and/or received payments (noted in parenthesis) from BSWH's supplemental non-qualified retirement plan during the tax year: Tom Trenary (\$39,465), Paul Madeley, M.D. (\$127,704), Scott Peek, Amy Yeager, Jerri Garison (\$55,194), Janice Walker, and William Boyd (\$82,612). Also, select certain officers, as designated by BSW Holdings' governing body, are eligible to participate in a Long Term Incentive Plan that is designed to recognize the key senior leaders' value and contribution to BSWH as well as align their compensation to the long term strategy of BSWH. Performance targets are based upon a percentage of the participant's base salary and are developed by independent third party expert(s) using market competitive data within the guidelines of reasonableness. The plan is based on BSWH's three-year performance against its peers, determined based on peer rankings or percentile rankings in quality, patient satisfaction and financial performance. At the end of three years, awards are determined by BSW Holdings' governing body for participants. Payouts are partially made in cash and the remainder vests over an additional two year period. The following individuals participated in and/or received payments (noted in parenthesis) from this plan during the tax year: Tom Trenary (\$281,594), Scott Peek (\$103,964), Jerri Garison (\$169,627) and William Boyd (\$266,673).
Part I, Line 7	The organization has adopted and implemented BSW Holdings', the organization's ultimate parent, Annual Incentive Program to provide a market competitive total cash compensation incentive program that is designed to attract and retain key leaders and establish greater individual accountability and alignment to business performance. Payout targets are based upon a percentage of base pay and are developed by independent third party expert(s) using comparable market competitive data within the bounds of reasonableness and that are reviewed and approved by BSW Holdings' governing body. Payout levels are based upon a combination of system, entity, and individual performance using various metrics related to quality, patient satisfaction, employee retention, and financial stewardship. BSW Holdings' governing body may approve modifications to annual incentive awards provided under the program consistent with market comparability data.
Form 990, Schedule J, Part III	Supplemental Information: Governing Body Compensation. The members of the governing body serve on a voluntary basis and receive no cash compensation from the organization for these duties as a member of the governing body. Some, but not all, members may have received modest benefits incident to their service on the board and/or multiple board committees or received compensation as an employee of a related organization. These benefits may include reimbursement for certain reasonable expenses paid on behalf of the member's spouse while accompanying the member on business travel on behalf of the related organization and/or a wellness physical. All such benefits are treated as taxable compensation to the extent required by law and are reported in the Form 990 where applicable.
