Community Information Systems The Community Information Systems program manages a computerized data collection application designed to capture client-level information on the characteristics of program and service needs of adults and children experiencing homelessness or at risk of homelessness The U S Department of Housing and Urban Development (HUD) requires communities receiving federal funding to have a local system which they refer to as Homeless Management Information System (HMIS) In El Paso County, we call this our Client Management System (CMS) It provides the required reporting tool for 18 agencies and 85 programs, and covers several entitlement programs Continuum of Care Homeless Assistance Program (CoC), Emergency Solutions Grants (ESG), Supportive Services for Veterans with Families (SSVF), and Veterans Administration Supportive Housing (VASH) Our CMS implementation presents the community with an opportunity to re-examine how homeless services are provided, to make informed decisions and to develop appropriate action steps The CMS also allows community stakeholders to build new alliances, strengthen services, meet consumer needs in a more streamlined manner and obtain information to guide future planning

Community Impact If you ask people in the Pikes Peak region about the state of our community and its goals, you'll hear a wide variety of opinions on what they are and what they should be The most successful community agendas are those based on shared community aspirations and objectives developed by citizens, not just "expert" opinions and data alone With that in mind, Pikes Peak United Way launched a series of Community Conversations, a listening tour conducted over the course of eight months, in which we asked small groups to discuss what they envision for our region, and what they see as the obstacles we face to achieving those ambitions Placing value on both expert as well as public knowledge, we will be focusing our efforts on three key areas education, income and health These are building blocks of a good quality of life and the pathways to opportunity A good education paves the way to a career An adequate income helps ensure healthy families Good health helps children succeed at school and adults at work Remove any of these three key elements, and the others collapse Put them together, and individuals and families and our community as a whole have a strong foundation for success
