In addition, the Hospital is subject to income tax on net income that is derived from business activities that are unrelated to its exempt purpose. The Hospital believes that it has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions that are material to the financial statements. The Hospital would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

Part III, Line 9b	All self-pay patients receive a discount based on presumptive eligibility for financial assistance. For individuals whose accounts are sent to collection for failure to pay, the individual may still apply and qualify for financial assistance. If, during the collection process, it is determined that a patient qualifies for financial assistance, the collection agency is notified of the amount of assistance the individual qualifies for. The collection agency writes the debt down based on direction from the hospital. Collection activity continues on the reduced debt.

Central Valley Medical Center	
Central Valley Medical Center	Part V, Section B, Line 11 The survey/assessment tool identified a list of services and needs These services and needs were reviewed and prioritized by CVMC's governing board on June 19, 2013 The following scale was used by the group to assign priority level 5 or more comments = high priority, 3 or 4 comments = medium priority, 1 or 2 comments = low priority Internal Medicine - high - Even though only one survey participant identified this as a need, CVMC's governing board assigned recruiting and hiring an Internal Medicine physician the highest priority The community has been without this service for over five years CVMC has been actively recruiting to fill this need during that time, however, a nationwide shortage of Internal Medicine physicians has made it very difficult CVMC will continue its search for an Internal Medicine physician Pediatrics - medium - The governing board expressed interest in the possibility of adding pediatric services, however, it is likely the service area lacks the necessary population to support this service Pediatric patients currently receive care from Family Medicine physicians More information is needed to determine if this service is feasible given the limited resources of the community and hospital Mental Health - medium - Mental health needs are met through various channels Central Utah Counseling Center, in Nephi, is a resource for certain patients Some mental health needs are referred to independent Licensed Clinical Social Workers (LCSW) in the area Other mental health needs such as inpatient psychiatric evaluations, addiction and substance abuse programs, and treatment for other mental disorders are referred to appropriate outside resources Weight-Loss Classes and Exercise Program - medium - Even though these needs were assigned low priority based on the number of comments received, obesity was identified as the highest health challenge by survey participants Therefore, obesity was assigned a higher need priority by CVMC's governing board According to a leading health indicators report found at www.chna.org Juab County residents have a higher percentage rate of obesity when compared to the state of Utah and the United States This chronic health need is one that CVMC should consider A community-wide health promotion will be developed and implemented encouraging weight loss through proper diet and exercise The Community Advisory Group is interested in partnering to help meet this need A partnership will provide greater benefit to the population and greater access to those representing the needs of the community The Community Advisory Group will assist with distribution of information and implementation of the health promotion CVMC will also consider partnering with a dietitian to offer community weight-loss classes to help meet this need Emergency Preparedness with Schools - low - CVMC participates in two disaster drills each year A scenario involving our local schools is often utilized during disaster drills CVMC will continue to involve local schools and EMS personnel in its disaster drills and disaster preparedness planning Offer Specialty Care such as Dermatology and Cardiology - low - One survey participant requested that medical services be offered in Nephi whenever possible, for convenience CVMC supports this need by offering a specialty clinic, where various specialists from urban areas offer care to residents in our community Thus, saving patients from traveling long distances Currently a dermatologist and cardiologist both visit the clinic once or twice each month Other specialty care services provided include podiatry, urology, pain management, ENT, audiology, ophthalmology, EMG studies, and echocardiograms A mobile MRI unit also visits the facility three times each week Perhaps an increase in advertising or the method of advertising should be considered A schedule for the visiting specialists is available on the hospital's website, www.centralvalleymedicalcenter.com, and is published each month in four area newspapers Education and Prevention Programs such as Diabetes Education and Smoking Cessation - low - CVMC currently hosts a weekly diabetes education class at the hospital This program is facilitated by a certified diabetic educator The class is advertised on the hospital's website Physicians may refer patients in need of diabetes education CVMC will consider ways to improve communication and advertisement of educational programs available Tobacco usage among Juab County's population was identified as being higher than the State of Utah and the United States on the leading health indicators report found on www.chna.org CVMC has partnered with Central Utah Counseling and Central Utah Public Health to host Smoking Cessation classes at the hospital for community members on a regular basis CVMC is a member of the Juab Substance Abuse Coalition, which hosts prevention/education activities for youth and families in the community Better Access to Physician Clinic Appointments - low - Survey participants commented on the need for better access to clinic appointments, more evening appointments, and difficulty obtaining an appointment for urgent care An evening clinic was offered for the community in the recent past, however it was not well utilized and appointments often went unfilled CVMC's emergency room is always open and a physician responds to all urgent care needs after regular clinic hours Provide Health/Medical Insurance - low - CVMC is not an insurance agency CVMC does not sell health/medical insurance to the general public Patients without medical insurance and needing financial assistance are offered an application for consideration of charity care Through the Local Interagency Council, low-income representatives have received training on the hospital's special financial consideration program and how to access this service for their populations Offer Massage Therapy - low - This need is met by other private businesses within the community Recreation Center/Biking & Jogging Paths, Swimming Pool - low - According to a leading health indicators report found at www.chna.org Juab County residents have a higher percentage rate of obesity when compared to the state of Utah and the United States CVMC hopes that other community agencies, government and businesses can partner and work together to meet these needs Women's Focus Clinic - low - CVMC currently operates two medical clinics One is located in Nephi, Utah and a second, satellite clinic is located in Fountain Green, Utah Both clinics are open Monday through Friday from 8 AM to 5 PM One OB/GYN as well as seven Family Medicine physicians are available in the clinics to meet the needs of women in the community Veteran's Services - low - During 2012, the Veteran's Administration chose not to renew a contract with CVMC and stopped providing medical services in our community Veterans are now required to travel to Provo or Salt Lake City for medical services This comment likely stems from the cessation of this service CVMC would welcome the opportunity to negotiate a new contract with the Veteran's Administration Offer More Free Screenings at Health Fair - low - CVMC already offers a variety of free health screenings at their annual community health fair event, however, more services could be considered Examples of free health screenings already being offered include blood pressure, blood glucose, vision, hearing, bone density and grip and strength tests Lab tests such as a comprehensive metabolic profile, lipid panel, PSA, CBC, and A1C are all offered at discounted rates Provide Reminder Calls for Appointments - low - Reminder telephone calls for or scheduled appointments are made as time permits by clinic personnel The Clinic Manager has been notified of the comment and will address the issue A Larger Space for Physical Therapy - low - One survey participant commented that a bigger area is needed for physical therapy services CVMC is aware of this need and would like to respond by expanding the facility, however, financial constraints prevent this from occurring in the near future Education on When to Use the Emergency Room - low - A survey participant commented on the need to educate the public on when it is appropriate to use the emergency room CVMC will continue to refer patients to the most appropriate treatment option based on the health needs of the patient
