Tax Positions

Accounting principles generally accepted in the United States of America require an entity's management to evaluate tax positions taken by the entity and to recognize a tax liability if the entity has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. For non-profit organizations this would result from engaging in activities that are not exempt from income taxation under the Internal Revenue Code.

Part XIII Supplemental Information *(continued)*

Part X - FIN 48 Footnote (continued)

Management does not believe the College has engaged in any transaction or activity that is not exempt from income taxation and/or that would result in income taxation and has therefore concluded that as of August 31, 2015 there are no uncertain positions taken or expected to be taken that would require recognition of an income tax liability or other disclosure in the financial statements or the accompanying notes.

The College files information and income tax returns in the United States and various state and local jurisdictions. The Federal income tax and informational returns for the years ended August 31, 2014, 2013, and 2012 are subject to examination by the Internal Revenue Service generally for 3 years after the returns were filed. There are currently no examinations in progress.
