The information contained herein is based upon data obtained from sources believed to be reliable and in some cases the client, however, such data is not guaranteed as to its accuracy or completeness and is for informational purposes only. Please note that some securities, notably mutual funds and real estate investment trust, may revise the classification of prior distributions late in the tax preparation season. Should this occur, the cost basis information above would need to be adjusted, thereby affecting your gain/loss. Unless other wise instructed by you, Davenport will use its usual and customary method for establishing the cost basis for security sales in your account. This method generally assigns the highest available cost basis to a security sale, as opposed to the "first-in, first-out" (FIFO) method. Please be advised that 12/31/89 in the open Date column is a default date indicating missing cost basis and acquisition date, thus, the totals are incomplete.
