Part II, Community Building Activities	See previous footnotes

Form and Line Reference	Explanation
Part III, Line 2	The amount reported on Part III, Line 2 was derived by applying the cost to charge ratio against the amount of bad debt expense reported on Form 990, Part IX, Line 25, Column (A) (\$4,049,279). Accounts written off to bad debt include gross charges being written off less any payments received against those charges. Any cash collected on accounts previously written off is included as an offset to bad debt expense as recoveries of bad debt. The Hospital calculates the ratio in a manner consistent with Worksheet 2, patient care charges to patient care expenses, to arrive at the ratio of costs to charges.

Form and Line Reference	Explanation
Part III, Line 3	The estimated amount of charity care included in bad debt expense is based on the number of applications for charity care denied due to lack of complete documentation against the average charity care write off at cost per qualified patient. We believe the amount is minimal based on our extensive efforts to educate patients and staff about our various payment plans and financial grant programs to ensure that patients who qualify for any of our programs utilize them. Depending on the specific circumstances, a patient may be eligible for charity care, discounted care, payment programs, or a combination of the above. Due to these efforts, we believe that amounts written off to bad debt that could qualify as charity care is minimal.

Form and Line Reference	Explanation
Part VI, Line 2	The State of NH, under RSA 7 32-f, requires every healthcare charitable trust, either alone or in conjunction with other healthcare charitable trusts in its community, to conduct a Community Health Needs Assessment to assist in determining the activities to be included in its community benefits plan. The needs assessment process includes consultation with members of the public, community organizations, service providers, and local government officials in the entity's service area to identify and prioritize the community needs that the health care entity can address directly or in collaboration with others. The Community Health Needs Assessment is updated at least every 5 years, most recently in 2015. In 2007, the Regional Community Benefits Steering Committee was first formed to prepare a single Community Benefits Needs Assessment for the Monadnock Region. The work group consisted of representatives from multiple organizations, including Monadnock Community Hospital. Based on the needs assessment and community engagement process, the priority needs and health concerns of the community MCH serves include access to care - driven by financial barriers and/or availability of primary care, availability of behavioral health care, general socioeconomic issues, and transportation services. Monadnock Community Hospital used this information to help focus its community benefit efforts to meet the priority needs identified in the community benefit plan. In addition, other needs or services not specifically identified in the community needs assessment, but addressed under the Organization's community benefit plan include availability of dental or oral health care (via the Organization's Monadnock Healthy Teeth to Toes program which focuses on dental hygiene and care, nutrition, and daily physical activity for children ages kindergarten to third grade) and availability of prescription medication (via the Organization's Medication Bridge program designed to help eligible patients apply for assistance programs that provide free or discounted prescription medications).

Form and Line Reference	Explanation
Part VI, Line 3	MCH is committed to providing quality healthcare to anyone in need of services, regardless of ability to pay. We understand patients may not have the finances to pay for their healthcare services and medications, and do not want this to prevent anyone from receiving necessary treatment. As part of the Hospital's mission to the communities we serve, we have developed programs to help meet the needs of our patients who meet income eligibility. Through our Financial Assistance and Medication Bridge Programs, we have been providing financial assistance to those qualifying for many years. We reach out to our patients in many different ways to ensure they are aware that help is available and to guide them through the process. Brochures and signage are posted in high traffic areas and all employees of MCH are informed about the Financial Assistance Program during orientation. When a patient goes through the registration process at the Hospital the staff are trained to inform uninsured or underinsured patients about the Monadnock Community Hospital Financial Assistance and the New Hampshire Health Access programs and that there is assistance available within the Hospital to help with the application process. In addition, any time a patient calls customer service, the representative is trained to help identify and offer support to patients who may require financial assistance. Patients may qualify for free care, discounted care, payment plans or a combination of the above. Assistance is also provided in applying to federal and state programs for those who qualify.

Part VI, Line 4	The Hospital's primary service area consists of 13 towns, including Antrim, Bennington, Dublin, Frankestown, Greenfield, Greenville, Hancock, Jaffrey, New Ipswich, Peterborough, Rindge, Sharon, and Temple The Hospital serves the general population of the primary service area referenced above

Form and Line Reference	Explanation
Part VI, Line 5	Monadnock Community Hospital is a critical access hospital located in the Monadnock Region of NH. Our mission is to improve the health and well-being of our community. The Hospital is served by a board of trustees consisting of local citizens active in their community and its organizations. The majority of the board is not employed by the Hospital and consists of local community and business representatives as well as medical staff. The Hospital is committed to giving back to the community to the greatest extent possible. Monadnock Community Hospital supports thousands of individuals and families with free or reduced-fee services and programs. Our Financial Assistance Program administered by the Social Services Department helps families and individuals in need with access to health care and other available community services such as catastrophic care, fuel assistance, meals on wheels, food banks, and visiting nurses. Other examples of the Hospital's effort to reach our patients beyond traditional hospital services include access to free or reduced cost medications through our Medication Bridge program, educating children on the importance of good oral hygiene, eating health, and daily physical activity through our Monadnock Healthy Teeth to Toes program, training for community agencies such as local volunteer fire and rescue personnel, prevention and wellness education including nutrition, smoking cessation and dealing with stress, providing regular community seminars regarding timely health topics, and screenings for important health issues such as breast cancer. These are just a few of the many areas where we are reaching out to others to assure they are cared for well.

Monadnock Community Hospital	Part V, Section B, Line 11 Given the tremendous participation from community leaders during the CHNA, the IP Team included many of the same individuals and organizations In addition to establishing a steering committee, IP approach included the following tasks 1- Implementing a Leadership Survey to evaluate perceptions regarding the impact on the community, the timeframe in which results may be seen, and the MCH role for each of the 40 CHNA-identified needs, 2- Conducting work sessions with stakeholders and hospital leaders to analyze survey results and map the needs to be addressed by the hospital (in conjunction with other community organizations where possible), 3 - Creating the IP document that identifies the needs that are to be addressed (and how) and which ones are not to be addressed at this time (and why) A need was defined as a sevice gap or inadequately met health issue that could benefit from additional support from The Hospital or affiliated organizations For this reason, while many of the top chronic disease states, while highly important community health issues, are not listed as needs For these disease states and other, focused programs currently exist within the community There were 40 community needs identified in the CHNA, and all 40 are important Various community organizations are working to address each of the needs - many of which are being addressed in conjunction with MCH The Hospital has identified five Implementation Focus Areas based on the following prioritization rationale Potential for positive impact on the community, Ability to more fully utilize existing strengths and relationships, Ability to engage partner organizations, Desire to quickly impact target populations, and The need to efficiently use limited time and resources The Hospital will not directly address all the needs identified in the CHNA at the time of this filing The community needs not addressed in the Hospital's implementation plan scored lower on the prioritization rationale, were determined as not being in the purview of the Hospital, and/or are better addressed by other community organizations The needs not included in the Hospital's implementation plan include parenting classes, lower insurance rates, and dental health services for adults and seniors Each Implementation Focus Area and the associated activities address several of the 40 needs identified in the CHNA The Focus Areas are designed to Increase access to care by improving communications between service provides and interagency awareness of services - Focus Area AImprove services for drug and alcohol prevention, early detection, and treatment - Focus Area BFoster school based initiatives to address youth-oriented health issues - Focus Area CImprove the patient awareness of, and access to, behavioral health services - Focus Area DEnhance home health capabilities - Focus Area EFor a detailed listing of associated activities for each Focus Area and a matrix outlining which needs are identified by each of the IP Focus Areas, please refer to the complete IP included with this filing or on the home page of our website http //www.monadnockcommunityhospital.com/index.php under Community Resources

Part I, Line 1a	Cynthia McGuire, President & CEO, received a housing allowance totaling \$10,800 during the first six months of the 2014 calendar year to help her transition to her new role and the area. The allowance was part of an accountable plan pursuant to a written employment contract that was approved by the board. After a three-year vesting period which began in 2014, there will be a 457(f) amount included in W-2 wages for Ms. McGuire reported on Schedule J, Part II, Column B(iii). This amount will be comprised of interest and deferred compensation that was included in Schedule J, Part II, Column C.
