Form and Line Reference	Explanation
Part III, Line 4	Bad debt cost is calculated using a cost to charge ratio using a step-down cost allocation methodology consistent with Medicare cost reporting. In FY15, accounts written off to bad debt included gross charges being written off less any payments received against those charges. Any cash collected on accounts previously written off is included as an offset to bad debt expense as recoveries of bad debt. We estimated the amount of charity care in bad debt expense based on the number of applications for charity care. We believe the amount is minimal based on our extensive efforts to educate our patients and staff about our various payment plans and charity care to ensure that patients who qualify for any of our programs utilize them. Depending on the specific circumstances, a patient may be eligible for charity care, discounted care, time-payment programs, or a combination of the above. Due to these efforts, we feel that amounts written off to bad debt that could qualify as charity care are minimal. Footnote 1 to the audited consolidated financial statements of Alice Peck Day Health Systems, Corp. includes the following to address bad debt: Accounts receivable are stated at the amount management expects to collect on outstanding balances. Management provides for possible uncollectible amounts through a charge to operations and a credit to the valuation allowance based on its assessment of individual accounts and historical adjustments. Accounts deemed uncollectible are written off through a charge against the established allowance. See also Footnote 1 on Page 9 of the attached audited financial statements.

Part III, Line 8	Medicare allowable costs for the Medicare Cost Report are reported in accordance with CMS guidelines using the cost to charge ratio methodology

Form and Line Reference	Explanation
Part III, Line 9b	Our bad debts collection policy applies to all patient accounts in a consistent manner. The policy specifically indicates that, after a second statement is sent with no payment received, a patient accounts representative will contact the patient by phone to determine if a financial assistance application or payment plan is appropriate. This is completed to avoid further escalation of past due account(s) if the patient may qualify for full or partial relief under the charity care policy. If the application is successful, then the qualifying balance or balances are classified as charity care and no longer pursued for collections. Once a patient balance is classified as charity care, it is not subject to collection activities. Alice Peck Day is committed to helping our patients obtain quality healthcare, regardless of ability to pay. Our financial assistance programs encourage and enable our patients to make healthcare decisions free of financial barriers. We educate our patients about our programs and provide assistance prior to their receiving services, at registration for services, and during our billing process to ensure that any and all patients in need of assistance are provided with the help they qualify for under APD programs. Brochures and signs are placed in high traffic areas such as the ER and Registration. Our staff is trained to identify patients during registration, provide information, and offer assistance in completing the necessary forms. During our billing process, calls are made to patients with outstanding balances. APD staff work with patients to identify problems they are facing in dealing with outstanding balances. Patients are notified again of the many types of financial assistance available for which they may qualify. Programs are explained and assistance is offered, if needed, in completing the applications. Due to this multi-level approach and staff that is trained to identify clients who may need financial assistance, very few qualifying patients reach the point of bad debt. Our collection policies and procedures, in conjunction with our small size, allow our organization to place great emphasis on helping all patients who may be in need to apply for, and obtain, the appropriate level of financial assistance.

Part VI, Line 2	Due to our rural location and size, a collaborative effort between the United Way, Dartmouth Hitchcock Memorial Hospital, Mount Ascutney Hospital, Granite United Way and Alice Peck Day Memorial Hospital created the 2012 Community Needs Assessment that formed the basis for the FY 2015 Community Benefits Plan. Priority needs and health concerns for our community were based upon information collected from community needs assessments and community surveys. Identified population health concerns included tobacco/alcohol/drug use, oral health, mental health, obesity/poor nutrition/lack of physical activity, access to care and asthma. Alice Peck Day used this information to help focus its community benefit efforts to meet the priority needs identified in the Community Benefit Plan. Of special note is the Upper Valley Smiles Program that has served a priority need to oral health within our local community. Upper Valley Smiles has touched the lives of many children ages newborn to eighteen in our community and provided much needed care, particularly for the uninsured.

Part VI, Line 3	Alice Peck Day believes that quality health care should be available to all, regardless of ability to pay. Our financial assistance programs and staff are dedicated to helping people obtain the care they need. We reach out to our patients in many different ways to ensure that they are aware that help is available and to help guide them through the process. Brochures and signage are posted in high traffic areas such as the Emergency Room, Registration, and the lobby. Registration staff are trained to identify patients who may be in need of financial assistance. Once identified, staff notify the patient that APD has various forms of financial assistance and explain that assistance is available for anyone who might require help or guidance in completing any necessary paperwork. In addition to the above, our billing staff are trained to help identify and offer assistance to anyone who might require financial assistance. Patients with outstanding claims are contacted by our credit coordinator who works with them to clear up balances through the variety of programs we offer. Assistance is also provided in applying for federal/state programs to those who qualify. Specially trained staff guide applicants through the process to ensure forms are filled out correctly, all required documentation is attached, and the applicants understand what they can expect to happen along the way.

Part VI, Line 6	Alice Peck Day Memorial Hospital is a critical access hospital located in Lebanon, NH. The hospital is served by a board of trustees consisting of local citizens active in community activities and organizations. The majority of board members are not employed by the hospital, and include local government and business representatives as well as practicing independent physicians. Despite its small size, APD is committed to giving back to the community to the greatest extent possible. During FY15, cash donations were given to organizations to help those in need. Local financial contributions helped support free primary care clinics for the uninsured, provided transportation for the elderly and disabled to receive medical care, and provided local nonprofit organizations with meeting space and refreshments. Alice Peck Day supported community flu clinics, provided emergency prescription drug vouchers, and bicycle safety rodeos for local children. One of APD's most exciting and celebrated programs is the Upper Valley Smiles Dental Program. This program provides an oral health safety net for disadvantaged residents within our service area. In 8 different schools, 2039 elementary school children participated in oral health education presentations, with 553 of those children receiving screenings from a dental team. Additionally, preventative sealants and fluoride varnish were given to 407 low-income, uninsured children. With grant support from Dartmouth Hitchcock Community Health Improvement, APD continued its Women, Infants and Children (WIC) Oral Health Initiative in Lebanon and Enfield New Hampshire, and Hartford, Vermont. Under the WIC initiative, a total of 102 low-income children aged 0-10 received oral health education, a dental screening, and preventative care. To promote health professional education, APD provided clinical undergraduate/graduate training to students from the Geisel School of Medicine at Dartmouth, George Washington University, River Valley Community College, and Yale University. APD annually sponsors district-wide professional development for school nurses in our local area and for others within our region. These initiatives and ongoing efforts continue to address several of the most pressing community needs as identified in our community needs assessment.

Based on the needed services provided, the Board approved on-going monetary support for these organizations. The annual amount to be contributed by APD to these organizations is approved annually through the annual budget process. APD receives and reviews each year the organizations' published annual reports and also maintains informal contacts throughout the year to monitor the organizations' operations and services.
