Part I, Line 3c	Brattleboro Memorial Hospital's Free Care program is designed to assist those patients who are either uninsured, underinsured or have limited financial resources that impact their ability to fully pay for their hospital care. When making application for Free Care, patients are first asked to investigate whether or not they may be eligible for Medicare, Medicaid, Veterans' Benefits or other governmental or public assistance programs. Free Care should always be the payor of last resort. A. Qualifications for Free Care. 1. Free Care is limited to medically necessary services. Patients receiving certain elective services, such as those considered cosmetic, investigational or experimental, are expected to make payment arrangements in advance, as these types of services are not covered by Free Care. 2. Patients' family income must be at or below 250% of the current Federal Poverty Income Guidelines for their family size. 3. Patients or their guarantors must complete a Free Care application and provide the hospital with verification of income. Responsible parties may be asked to disclose the identity and amounts of any assets that could be used to pay for medical expenses. NOTE: Income verification may be waived at the discretion of the Director of Patient Financial Services, particularly in those instances in which patients have subsequently qualified for Medicaid, or are deceased, with no estate. 4. Free Care applications will be processed within two weeks of the date of their receipt in our Business Office. 5. Free Care applies only to those patient accounts still in active Accounts Receivable; no Free Care allowance may be applied against accounts that have been forwarded to a collection agency as Bad Debt. B. Patients will be notified in writing of their approval or denial status within 30 days of the date of receipt of the application and any required supporting documentation. All accounts written off to Free Care must be approved by the Director of Patient Financial Services or the Vice-President of Finance.

Part III, Line 3	A simple RCC was utilized to reduce charges to cost. The estimated bad debt that may be eligible for our charity care policy was based on a 25% eligibility rate.

Form and Line Reference	Explanation
Part III, Line 4	Patient accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to operations and a credit to a valuation allowance based on its assessment of individual accounts and historical adjustments. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to patient accounts receivable. In evaluating the collectibility of accounts receivable, the Hospital analyzes past results and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviews data about these major payor sources in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with services provided to patients who have third-party coverage, the Hospital analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts, if necessary. For receivables associated with self-pay patients (which include both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Hospital records a provision for bad debts in the period of service based on past experience, which indicates that many patients are unable or unwilling to pay amounts for which they are financially responsible. The difference between the standard rates (or the discounted rates if negotiated or eligible) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged against the allowance for doubtful accounts. During 2015, the Hospital increased its estimate from \$4,769,579 to \$5,266,350 in the allowance for doubtful accounts relating to self-pay patients and during 2014 the Hospital increased its estimate from \$4,050,526 to \$4,769,579 in the allowance for doubtful accounts relating to self-pay patients. During 2015, self-pay write-offs increased from \$3,767,572 to \$4,069,764 and during 2014 self-pay write-offs decreased from \$3,889,453 to \$3,767,572. The changes resulted from trends experienced in the collection of amounts from self-pay patients.

Part III, Line 8	The Medicare shortfall should be considered a community benefit in its entirety. A cost-to-charge ratio was used.

Form and Line Reference	Explanation
Part III, Line 9b	Patients or their guarantors must complete a Free Care application and provide the hospital with verification of income. Responsible parties may be asked to disclose the identity and amounts of any assets that could be used to pay for medical expenses. NOTE: Income verification may be waived at the discretion of the Director of Patient Financial Services, particularly in those instances in which patients have subsequently qualified for Medicaid, or are deceased, with no estate.
