The emergency room at NVRH is fully staffed by full-time physicians and specialized nurses who are trained to deal with all aspects of medical care. Emergency room staff provide pre-hospital provider training and support, participation in local education programs, hospital continuing medical education and quality assurance programs. Care provided by the emergency room is coordinated with appropriate local physician practices. The NVRH pharmacy provides pharmaceutical services for patients, including a complete patient medication profile and computerized monitoring. Our pharmacy staff is a vital component of the healthcare team, consulting with physicians and other health professionals to ensure that patients receive the appropriate drug therapies. NVRH owns Corner Medical, a family practice serving patients of the Northeast Kingdom since 1973. The practice includes nine healthcare providers: six M.D.'s, one D.O., a nurse practitioner, and a physician assistant. NVRH St. Johnsbury Pediatrics is also owned by the hospital, with four pediatricians and a nurse practitioner. Occupational Medicine at NVRH serves both the hospital community as well as local businesses and industry for work-related medical needs. Staff of Occupational Medicine includes an M.D., as well as a nurse practitioner. The Women's Wellness Center provides OB/GYN care to women of all ages and health needs. Two certified nurse midwives, two women's health nurse practitioners, and three MDs (OB/GYN) provide comprehensive health services. NVRH also employs a full-time MMHC (Masters in Mental Health Counseling) employee, as well as a hospitalist program, with one hospitalist overseeing the service. Part IV

Supporting Organizations (continued)

Section B. Type I Supporting Organizations

	Yes	No
1 Did the directors, trustees, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's directors or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove directors or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.		
2 Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised or controlled the supporting organization.		

Section C. Type II Supporting Organizations

	Yes	No
1 Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).		

Section D. All Type III Supporting Organizations

	Yes	No
1 Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (1) a written notice describing the type and amount of support provided during the prior tax year, (2) a copy of the Form 990 that was most recently filed as of the date of notification, and (3) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
2 Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).		
3 By reason of the relationship described in (2), did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.		

Section E. Type III Functionally-Integrated Supporting Organizations

Section A. Bad Debt Expense

1Did the organization report bad debt expense in accordance with Healthcare Financial Management Association Statement No. 15?

1Yes

No

2Enter the amount of the organization's bad debt expense. Explain in Part VI the methodology used by the organization to estimate this amount.

21,437,061

3Enter the estimated amount of the organization's bad debt expense attributable to patients eligible under the organization's financial assistance policy. Explain in Part VI the methodology used by the organization to estimate this amount and the rationale, if any, for including this portion of bad debt as community benefit.

3

4Provide in Part VI the text of the footnote to the organization's financial statements that describes bad debt expense or the page number on which this footnote is contained in the attached financial statements.

Section B. Medicare

5Enter total revenue received from Medicare (including DSH and IME).

Part II, Community Building Activities	Physical Improvements/HousingNVRH Community Garden NVRH has provided garden space on our campus for community use for 30 years. There are currently 23 garden spots. The garden spots are provided free of charge on a first come, first served basis. The community benefit value is based on the staff time to coordinate the assignment of spots and other correspondence with the gardeners. Workforce development NVRH is located in a rural area with limited access to public transportation. Poverty is also our primary health disparity. We have listened to our community and they tell us they need access to services that are close to home. NVRH takes the lead in recruiting both primary care and specialty physicians and mid level providers to fill the need for access to services close to home. The value listed in this section is related to the costs associated with recruiting primary care and specialty providers, as well as loan repayment for four specialists and two nurse practitioners. Also included are expenses related to an Associate Degree Nursing Program.

Form and Line Reference	Explanation
Part III, Line 4	<p>Patient accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to operations and a credit to a valuation allowance based on its assessment of individual accounts and historical adjustments. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to patient accounts receivable. In evaluating the collectibility of accounts receivable, the Hospital analyzes past results and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviews data about these major payor sources in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with services provided to patients who have third-party coverage, the Hospital analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts. For receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Hospital records a provision for bad debts in the period of service based on past experience, which indicates that many patients are unable or unwilling to pay amounts for which they are financially responsible. The difference between the standard rates (or the discounted rates if negotiated or eligible) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged against the allowance for doubtful accounts.</p>

Form and Line Reference	Explanation
Part III, Line 8	All Medicare allowable costs were taken directly from the Medicare cost report

Form and Line Reference	Explanation
Part III, Line 9b	NVRH provides care to all patients regardless of their ability to pay for services. Patients who indicate they have no insurance receive information about NVRH's Patient Assistance program, including the income level eligibility guidelines, with their first bill and with all subsequent bills. Patient Assistance is provided to those patients who, through a written documentation process, are identified as financially needy. Patients that have qualified for 100% Patient Assistance are not billed for subsequent services for one year. After one year, those patients go through the qualification process again.

Form and Line Reference	Explanation
Part VI, Line 2	<p>Assessment of community needs is an ongoing process at Northeastern Vermont Regional Hospital. Northeastern Vermont Regional Hospital achieves openness, inclusiveness, and public participation in our strategic planning and decision making in a variety of ongoing and deliberate ways. NVRH governance structure includes the Northeastern Vermont Regional Corp (NVRC) Corporators. The over 250 Corporators, representing all the towns in our service area, are an invaluable source of wisdom and perspective for hospital leadership. They are key links in the essential communication system between members of our community and the Hospital. Because the Corporators represent the community, they act as our eyes and ears on the street. The quarterly Corporators meetings are an opportunity for two-way sharing of information. The Corporators share their needs and concerns, as well as the needs and concerns of their families, friends, and neighbors. In return, the Corporators are updated on hospital services, as well as state and national healthcare issues. The Hospital participates in formal community assessments that are conducted every few years by various community organizations including the Fit and Healthy Coalition, Together Works - Substance Abuse Prevention Coalition, the Tobacco Advisory Committee, Green Mountain United Way, the Housing Coalition, and the Vermont Departments of Health and Education. Hospital staff are active members and partners with these coalitions and organizations. Formal community assessments begin with identifying a problem or purpose. The purpose could be broad, such as "what are the top priorities in our community or it could be more specific based on the missions of the Organization. The local prevention coalitions have all recently conducted community assessments based on their missions to prevent substance abuse, prevent and end tobacco use, and prevent obesity related chronic conditions. The next step is developing a community profile using primary source data. Primary source data is primarily obtained from the Vermont Department of Health biannual Health Status of Vermonters report. This report compiles data from a variety of sources including the Behavioral Risk Factor Surveillance System (BRFSS), U S Census, the Department of Environmental Conservation data, the Vermont Health Care Cost and Utilization Project, and several other state and national data sources. Secondary data is gathered by identifying and getting input from key stakeholders including community leaders, relevant organizations, and community members. Input is gathered by using one on one interviews, surveys (including using online tools like Survey Monkey), and focus forums for all key stakeholder groups. Inventories of existing services, and gap and/or asset mapping are also typically part of the community assessment process. As primary and secondary data is gathered the analyzing phase kicks in. Sometimes the focus of an assessment may shift if data reveals a new or more urgent health priority. Reporting the results of the assessment is an important piece of the process. Every effort is made to get summaries and reports back to interested community members and organizations. More and more often, the Hospital and partner organizations are using Community Based Participatory Research (CBPR) principles when designing community interventions or deciding on which health services to add or enhance. CBPR starts with community engagement and buy in, but goes beyond to ensure that knowledge, power, credit, and results are shared fairly between "experts and community members.</p>

Part VI, Line 3	A summary of NVRH's Patient Assistance Program and the income eligibility guidelines are included in the first and all subsequent bills sent to patients identified as self pay. The phone number of a financial counselor is also provided. The counselor is available to discuss eligibility guidelines and the qualification process. The counselor also discusses with patients the availability of Medicaid and other State assistance programs. Information about the NVRH Patient Assistance Program is also available on the NVRH website. Patients can also learn about NVRH's Patient Assistance program via a link to the State's Green Mountain Care Board. The Patient Assistance Program is available to hospital patients as well as patients of all NVRH-owned physician practices.

Part VI, Line 4	Northeastern Vermont Regional Hospital (NVRH) serves about 30,000 people in Caledonia and southern Essex counties in the northeast corner of Vermont. The Hospital is located about 50 miles from the Canadian border to the north, and about 15 miles from the New Hampshire border to the east. Only 3 towns in our service area have a population of more than 2,000 people. Our area is divided equally between males and females. Approximately 40% of our residents are over 45 years of age. The area is predominately white (96%) and English is the predominant language. The median income is below the state average at \$34,151 per household (\$40,856 Vermont). Just over half of our residents have a high school diploma or less, under 25% have completed a four year college degree. Schedules to support various aspects of the tax return are prepared by several finance department staff, and Bob Hersey, as CFO, reviews the information which is submitted to the auditors. In addition, prior to the document's filing, the draft Form 990 is reviewed by the Organization's CEO, CFO, and Treasurer. A copy of Form 990 is provided to the Organization's board prior to filing.
Form 990, Part VI, Section B, line 12c	The organization monitors and enforces compliance with the conflict of interest policy by requiring directors and trustees to complete an annual questionnaire. Board members disclose any potential conflict prior to voting. Significant conflicts of interest would be discussed with legal counsel prior to board action.
Form 990, Part VI, Section B, line 15	A compensation committee sets the compensation level for the Organization's CEO. The CEO is charged with determining the compensation level for the Organization's CFO. The basis for arriving at the CFO and CEO's compensation is determined by using comparable compensation data of the CEOs and CFOs from other similar sized Vermont hospitals. The Organization obtains this data by examining other Vermont hospital Form 990s. Compensation for all other key employees is based on the Vermont and New Hampshire annual wage survey. The CEO has the final determination for the appropriate level of compensation for all other employees.
Form 990, Part VI, Section C, line 19	The Organization makes its financial statements available to the public upon request as well as through the publishing of its annual report on its website. The Organization makes its governing documents and conflict of interest policy available to the public upon request.
