Return Reference	Explanation
Part I, Line 1a Relevant information in regards to selections on 1a	Tax Indemnification and Gross-up Payments The Lifespan Executive Long Term Disability program provides financial protection to designated Lifespan executives in the event that they become disabled. Premiums are paid to the insurance carrier by the insureds on an after tax basis to allow for income replacement at a reasonable cost. The income associated with the premiums is grossed-up to cover the total cost of the benefit as provided in the Lifespan Executive Benefit Plan and is included in Medicare wages, more specifically on Schedule J, Part II, Column B (iii) Social Club Dues The job responsibilities of certain executives include development of relationships with business leaders and donors. Those relationships are facilitated by the ability to meet in private sessions during which focused business discussions take place. The University Club, which requires an individual membership, is a place in Providence, Rhode Island where businessmen and women, civic, community, and social leaders can gather in a businesslike atmosphere. The cost of membership is considered by Lifespan to be reasonable and necessary and thus a qualified business expense not taxable to the employee. IRS regulations regarding documentation requirements are followed for any payments made for meetings held at the respective club, including the business purpose and nature of the business benefit derived, the nature of the business discussion or activity, and the identity and business relationship of attendees.
Part I, Line 7 Non-Fixed payments not listed above	The Lifespan Annual Incentive Compensation Plan provides a financial award opportunity for designated members of management, based on quantified objectives that are approved in advance by the Compensation Committee of the Lifespan Corporation Board of Directors. A specified level of financial and non-financial performance must be met before any award is earned. The objectives vary from year to year and generally include various aspects of financial measures in addition to non-financial performance measures. For certain participants in the Annual Incentive Compensation Plan, the award opportunity is divided into two pools. The first pool represents 70% of any earned incentive award, based on the achievement of the team performance objectives. The remaining 30% pool is distributed on an individual basis to participants at the discretion of the CEO, in each case subject to approval by the Compensation Committee of the Lifespan Corporation Board of Directors. Additionally, certain physicians and executives participate in incentive compensation plans arranged through individual contractual agreements which stipulate non-fixed payments based on meeting criteria based on various quality and productivity markers.

Form 990, Part VI Section B, Line 15 a&b	EXECUTIVE COMPENSATION Lifespan's executive compensation philosophy balances appropriate stewardship of resources and the need to be competitive in recruiting and retaining talented individuals. It incorporates market-competitive and performance-related principles, and covers the President and CEO of Lifespan as well as other officers, senior management, and key employees. Lifespan's executive compensation program complies with both law and contemporary ethical norms, and is administered consistent with the organization's tax-exempt status under Section 501(c)(3) of the Internal Revenue Code (IRC) and the avoidance of transactions subject to intermediate sanctions under Section 4958 of the IRC. Executive compensation is also administered consistent with Lifespan's Corporate Compliance Policy on Excess Benefit Transactions. The Compensation Committee of the Lifespan Corporation Board of Directors (the Committee), comprised of disinterested Lifespan and affiliate Board members, is responsible for diligent oversight of executive compensation to ensure compliance with IRC requirements. Its duties include: * Approving eligibility for participation in the executive compensation program * Approving changes in compensation for existing executive participants * Approving guidelines, such as salary ranges and contract terms, on appropriate levels of compensation for other key employees * Approving new, and modifying or terminating existing, executive compensation plans including, but not limited to, annual incentive and executive benefit plans * Approving performance objectives associated with Lifespan's annual incentive plan, including measuring points, and using audited actual performance relative to these objectives as a precondition to approving the payment of any awards under the plan * Authorizing periodic performance benchmark studies to be conducted for purposes of assessing Lifespan's performance within the healthcare industry and the degree to which total remuneration levels at Lifespan are generally commensurate with Lifespan performance relative to healthcare industry performance * Conducting an annual performance review of Lifespan's Chief Executive Officer. The Chair of the Committee conducts and documents this review, based on his/her observations and interpretation of feedback from members of the Board of Directors * Selecting and engaging qualified, independent, third party compensation valuation consultants that the Committee charges with rendering opinions with respect to the reasonableness and comparability of compensation as well as the comparative organizations against which compensation is assessed, in accordance with relevant sections of the IRC and Lifespan's executive compensation philosophy. The independent consultants are not engaged by management to perform any services for Lifespan without prior approval by the Committee. Lifespan's Chief Executive Officer works closely with the Committee to make recommendations on the above topics and keep the Committee informed about contemplated compensation changes for executives and other key employees, as well as candidates for these roles. The CEO also provides periodic updates to the Committee regarding Lifespan's performance relative to compensation-related performance objectives. The Committee's deliberations and actions are documented in minutes prepared for each meeting. PROCESS FOR DETERMINING COMPENSATION Valuation of Total Cash and Total Remuneration. No less frequently than annually, the Committee receives and reviews a total cash compensation valuation of all existing executive compensation program participants prepared by its independent compensation consultant. Annually, the Committee also receives and reviews a total remuneration valuation of all existing executive compensation participants. Base Salary Actions. The CEO recommends any salary adjustments for participants in the executive compensation program, using the results of the valuation study and his/her assessment of individual performance or other pertinent information, for the Committee's consideration.
