Return Reference	Explanation
Part I, Line 2	GLHF supports individuals with bleeding disorders by providing financial assistance to offset medical bills, insurance costs and travel to medical appointments and clinics. Individuals are categorized by federal poverty level based on income statements. Grant amounts are adjusted based on the poverty level of the individual. Invoices are required for payment. Most payments are made directly to the healthcare provider or insurance company on behalf of the individual. Travel expenses are supported through small gas cards and taxi vouchers and distributed by the treatment centers when individuals have appointments. Educational scholarships and camp scholarships require application by individuals. Educational scholarship recipients must send verification of acceptance by the educational institution. Scholarship awards are sent directly to the institution. Recipients are required to submit semester-end grades to complete the process and be considered for future assistance. Camp scholarship requests are submitted prior to camp. GLHF works with the various bleeding disorders camps to verify participation in camp. Camps submit invoices directly to GLHF. GLHF makes payments directly to the camp on behalf of the individuals. Financial support is provided to individuals to assist with basic living needs in extraordinary circumstances. GLHF requires household income statements and verification of outstanding bills to consider assistance appropriateness and assistance level. In most instances payments are made directly to a service provider or support is provided through gift cards to grocery stores. The federal grants are administered to the specifications and requirements of HRSA and the CDC. Staff has frequent contact with grantees and reports are required. Payments are made when invoices are submitted by the grantees. A full accounting of the grant is submitted with the required level of detail to the governmental agencies at the end of the year.
