In fiscal year 2015, GMAP served 450 patients with 3,447 prescription requests. The total value of received medication (AWP) was \$90,931. Part VI, Line 2	Needs AssessmentCarilion Clinic's community health improvement process was adapted from Associates in Process Improvement's the Model for Improvement and the Plan-Do-Study-Act (PDSA) cycle developed by Walter Shewhart. It consists of five distinct steps: (1) conducting the CHNA, (2) strategic planning, (3) creating the implementation strategy, (4) program implementation, and (5) evaluation. This cycle is repeated every three years to comply with IRS requirements. Carilion Clinic fosters community development in its CHNA process and community health improvement process by using the Strive Collective Impact Model for the CHAT. This evidence-based model focuses on "the commitment of a group of important players from different sectors to a common agenda for solving a specific social problem(s) and has been proven to lead to large-scale changes. It focuses on relationship building between organizations and the progress towards shared strategies. Carilion Clinic and the PATH Coalition partnered to conduct the 2015 Giles CHNA. This process was community-driven and focused on high levels of community engagement involving health and human services leaders, stakeholders, and providers, the target population, and the community as a whole. The PATH Coalition in partnership with CGCH will participate in a strategic planning retreat in 2016 to determine community-wide strategies to address need identified in the 2015 CHNA. Expected outcomes will be determined and will be monitored and reported by CGCH. Carilion also addresses community health needs through health safety-net partnerships, including financial and in-kind assistance through community grants and sponsorships.

Part I, Line 3	Executive compensation, including that of the organization's Chief Executive Officer, is reviewed annually by the Carilion Clinic Compensation Committee. This committee is made up of Board members of Carilion Clinic, a related organization, who do not have a conflict of interest with any of the executives being reviewed. This review was performed in September and October 2014. A similar review was last performed in October 2015. This review included review of a comprehensive report from an outside compensation consultant specializing in healthcare organizations for select positions and the prior year's report on all of the reviewed positions. The reports reviewed by the Committee included a detailed comparison of total compensation and each element thereof, including base salary, bonuses and other cash compensation, and benefits, including deferred and retirement benefits. Compensation was compared to a peer group of organizations similar in size and structure to the organization, which was reviewed by the Compensation Committee. Detailed minutes of the meetings of the Compensation Committee are kept and approved at the next meeting of the Committee, setting forth the deliberations and decisions regarding executive compensation.
Part I, Line 4b	Select members of management participate in a Pension Restoration Plan. This plan provides a benefit equal to the normal retirement benefit that would be payable to the participant were it not for the Qualified plan's legislative restrictions on compensation and payable benefits, less the actual benefits under the Qualified plan. Entitlement to benefits and consequent lump sum payment occurs upon the earliest of (i) attaining age 65 while employed by Carilion Clinic, (ii) 24 months following involuntary separation from service without reasonable cause, (iii) disability, or (iv) voluntary separation or involuntary separation with reasonable cause prior to attaining age 65 if the participant does not enter into competition with Carilion Clinic during the 24-month period following the participant's separation from service. Upon the death of the participant, the plan shall pay the participant's beneficiary according to plan terms. Select members of management participate in an Executive Flexible Benefit Plan, in which an allowance is provided to the participant for use in obtaining certain insurance benefits. The allowance is determined annually as a percentage of salary at Carilion Clinic's discretion. The amount of allowance in excess of elected benefits is credited to a capital accumulation account (CAA) with a deferred vesting date of at least two years from the first day of the plan year. The CAA shall be distributed in a lump sum upon the earliest of (i) remaining employed by Carilion until the deferred vesting date for such account, (ii) disability, (iii) 24 months following involuntary separation from service without reasonable cause, except that Carilion at its discretion may make a partial tax distribution upon separation, or (iv) 24 months following voluntary or involuntary separation from service with reasonable cause if the participant does not enter into competition with Carilion Clinic during the 24-month period following separation from service. Upon the death of the participant, the plan shall pay the participant's beneficiary according to plan terms. Select members of management participate in a Defined Contribution Supplemental Executive Retirement Plan (DC SERP) in which the employer at the discretion of Carilion Clinic's Compensation Committee makes a contribution to an account established on its books for each eligible participant. If a participant ceases to be a participant prior to the vesting date, the account shall be forfeited. A lump sum distribution shall be made upon the participant's vesting date, death, or disability. Payments during the calendar year under these plans included the following: Nancy Howell Agee \$341,789.
