Return Reference	Explanation
Part X, Line 2	PCC is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code of 1986 and have been classified as publicly supported organizations, which are not a private foundation under 509(a) of the Code. PCC did not engage in any unrelated business activities during the year ended September 30, 2014, and accordingly there is no provision for income taxes reflected in the accompanying consolidated financial statements. PCC adopted FASB ASC 740-10, Accounting for Uncertainty in Income Taxes. This standard seeks to reduce the diversity in practice associated with certain aspects of measurement and recognition in accounting for income taxes. It prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position that an entity takes or expects to take in a tax return. An entity may only recognize or continue to recognize tax positions that meet a "more likely than not" threshold. PCC assesses the income tax position based on management's evaluation of the facts, circumstances, and information available at the reporting date. PCC uses the prescribed "more likely than not" threshold when making their assessment. At adoption, PCC did not record any cumulative effect adjustment, and accordingly did not accrue any interest expense or penalties related to tax positions. There are currently no open Federal or State tax years under audit.

Supplemental Information. Provide the information required in Part I, line 2, Part III, column (b), and any other additional information.

Return Reference	Explanation
Part I, Line 2	The various programs have different guidelines depending on the funding source. There is a specific amount of grant funds that is allocated to Assistance to Individuals, and its distribution is based on determined need. For ChildNet funds the distribution gets approved by ChildNet staff. For SEFBHN funds the case workers have the power to approve based on request, need and eligibility. The monitoring also varies. In many cases the checks are made out to the vendor and they represent one time expenditures that are designed to assist the client at that particular moment in time, and therefore there is no further follow up. In some cases the client is helped over a period of time and the assistance is part of their progress monitoring.
